POLICY OBJECTIVE:

The purpose of this policy is to ensure that the Shire of York complies with legislative requirements.

BACKGROUND:

A fundamental principle of good public administration is that public officials comply with both the letter and the spirit of the law.

The Shire has an obligation to ensure that legislative requirements are complied with. The community and those working at the Shire have an expectation that the Shire will comply with applicable legislation and that the Shire will take all appropriate measures to ensure that expectation is met.

Regulation 14 of the *Local Government (Audit) Regulations 1996* requires local governments to carry out a compliance audit for the period 1 January to 31 December in each year. The Compliance Audit is structured by the Department of Local Government, Sport and Cultural Industries (DLGSC) and relates to key provisions of the *Local Government Act 1995*.

Regulation 17 of the *Local Government (Audit) Regulations 1996* also requires a review of the appropriateness and effectiveness of systems and procedures in relation to legislative compliance at least once every two calendar years and a report to the Audit Committee on the results of that review.

POLICY STATEMENT:

The Shire will have appropriate processes and structures in place to ensure that legislative requirements are achievable and are integrated into the operations of the Shire. These processes and structures will aim to:

1. Develop and maintain a system for identifying the legislation that applies to the Shire's activities.
 2. Assign responsibilities for ensuring that legislation and regulatory obligations are fully implemented.
 3. Provide training for relevant staff, Councillors, volunteers and other relevant people within the legislative requirements that affect them.
 4. Provide people with the resources to identify and remain up to date with new legislation.
 5. Establish a mechanism for reporting non-compliance.
 6. Review accidents, incidents and other situations where there may have been non-compliance.
 7. Review audit reports, incident reports, complaints and other information to assess how the systems of compliance can be improved.
