

Shire of York

COMMUNITY SAFETY

The WA Police have developed and run a dedicated community website to give the general public information and advice on how to improve their safety and security and to be a resource for local governments and other agencies for crime prevention and community safety programmes and publications.

The website address is <http://communitysafety.police.wa.gov.au>

(Please note that there is no www. in this address)

This site is recommended to residents with an interest in or concerns about community safety.

RAY HOOPER
CHIEF EXECUTIVE OFFICER.

The Shire of York is a member of the Eyes on the Street programme.
