## GIBBS, CHRIS

My family and I have been residents of York since 2017.

I am a musician and music educator, currently on contract with NM TAFE Leederville.

I believe in community engagement. I am a member of the York Agricultural Society and currently serve on the main and stage committees for the York Show. In the past I have served on the Wheatbelt Arts & Events committee.

If elected to council, my aim is to advocate for stronger focus on repair and maintenance of our town's roads and footpaths, a clearer and more detailed application and acquittals process for community event funding, a voice for families with school-aged children (which our current council does not have a representative for) and preservation of our rich farming and agricultural heritage.
