Nominating for	<b>Councillor</b>
Election Type	<b>Ordinary</b>

---

## NORRIS, Gregory

My connection to York is through friends and family.

As a member of the York community now for 3 years, after we spent several years travelling from Tasmania to South East Asia, my wife and I settled in Western Australia where our young family is now situated. I am a dedicated husband, step father, grandfather and friend.

Before I retired, I worked as an IT professional in Perth and other cities in Australia, after retraining from being an electrician.

Since arriving in York, I have built my own house and helped friends and strangers with jobs around their properties.

I am the secretary of our VFRS and volunteer in both local fire brigades having attended several fires and other incidents.

I am approachable and always ready to chat and look forward to being your voice in Council.
