|-------------------|------------------------------|
| District | Shire of York |
| Candidate Name | Denis Charles WARNICK |
| Ballot Paper Name | WARNICK, Denis |
| Nominating for | Councillor |
| Election Type | Ordinary |

WARNICK, Denis

With your vote, I plan to continue working on Council to inform and energise the function of local government and help enhance the place in which we live.

I believe Council should continue to prioritise economic development, whilst working to improve our infrastructure and road network throughout the Shire.

The work of local government is difficult, as we must deliver services as efficiently as we can. To create the best outcomes for all residents, we must utilise our economic, social and environmental resources to maximum effect.

As Councillors, our most important role is to listen, and represent the views of all of the members of our community. With your vote, I will continue to be your Councillor who listens, and leads courageously to make York the best town and community it can be.
