## SPARROW, David

Avast York! Here be an opportunity to elect someone new to help represent and serve on council and I thank ye for your consideration. Perhaps ye already know me as a pirate costumed musician who promotes York businesses and the view from Mount Brown / Wongborel to our weekend visitors? I've been a York resident since 1995, am an electrician by trade, owner builder of own home, and musician / entertainer for properly paid hire. I'm an ICT professional currently employed by the Shire of Northam and am no stranger to the operation and obligations of government departments. My wife and I are passionate about York and positively promote being Accountable, Reflective, Resourceful, and Responsible and ARRR keen for our adopted hometown, Shire, and Council, to continue to be likewise.
