Clause 8.8 of the Shire of York Town Planning Scheme No. 2 (the

Scheme) allows Council to prepare a Local Planning Policy in respect of any matter related to the planning and development of the Shire of York.

1.2 Relationship of this Policy to the Scheme

If a provision of this Policy is inconsistent with the Scheme, the Scheme prevails.

This Policy is not part of the Scheme and does not bind Council in respect of any application for planning Consent. However, Council shall have due regard to the provisions of the Policy and the objectives which the Policy is designed to achieve before making its determination.

In addition to the provisions of this policy, Council will have due regard to Clause 5.8 of the Scheme relating to transportable dwellings. Under this Clause, Council will not grant planning consent for transportable dwelling if the land is within a Heritage Precinct.

1.3 Relationship of this Policy to the Residential Design Codes

This Policy is to be read in conjunction with the Residential Design Codes where it relates to the use of Second-Hand Dwellings on properties zoned 'Residential' or otherwise provided with a density code by the Scheme.

2. APPLICATION OF THE POLICY

2.1 Application and Exemptions

The purpose of this Local Planning Policy is to control the development and use of relocated second-hand dwellings within the designated Townsite of the Shire of York. The Townsite is identified on the Scheme mapping.

This policy does not apply to:

- Newly constructed purpose built transportable dwellings;
- Other new transportable dwellings that have not been previously installed on any other location;
- Relocated buildings for non-habitable uses;
- Sea and shipping containers (refer to separate Policy); and
- Caravans and park homes (whether previously used as permanent accommodation or not).

Council will not support the relocation or use of buildings referred to as 'dongas' or 'park homes' for use as permanent residential dwellings.

2.2 Definition of Relocated Second-Hand Dwelling

For the purposes of this Policy, a relocated second-hand dwelling is defined as any building, either designed to be transportable or not, that has been previously installed at any other location either within or outside of the Shire of York and is either designed or will be equipped for habitation.

3. POLICY OBJECTIVES

The primary objectives of this policy are to:

- Provide clear standards as to what constitutes an acceptable type of relocated second-hand building to be used as a dwelling or for other habitable purposes;
- Ensure compliance with the relevant provisions of Council's Town Planning Scheme No. 2 in a manner that is realistic and that ensures that the relocation of second-hand dwellings is undertaken to an approved standard that pays regard to local amenity and aesthetics; and
- Ensure the style, construction and design of relocated dwellings is in keeping with the character of the surrounding dwellings in particular and the locality in general.

4. APPROVAL REQUIREMENTS

4.1 Requirement for Council Planning Consent Prior to Relocation

All proposals for the use of relocated second-hand dwellings require planning consent from the Shire of York **prior to relocation of the building onto the proposed site.**

Application is to be made on Council's standard application form together with the following information:

Standard Building Permit fees and levies are payable in accordance with the current Shire of York Adopted Fees and Charges.

Such approval shall be granted subject to any conditions Council's Manager of Works and Projects considers appropriate. This approval is in addition to any required Main Roads permits.

Council will place any conditions on the Planning Consent it deems appropriate to ensure the relocated second-hand dwelling meets the objectives of this policy in relation to the external appearance of the dwelling.

Council may require external repainting and/or re-cladding of the dwelling.

Where the dwelling does not currently have verandahs, Council will require an appropriate verandah to be constructed as a condition of Planning Consent.
