

## **Community Bus**

### **Special Conditions of Hire – COVID-19**

All users are required to complete a COVID Safety Plan prior to hiring the bus. A copy is to be lodged with the Shire of York for our records.

As part of the cleaning process, the Shire has supplied 1 x bottle of Hand Sanitiser, 2 x Bottles of Sparkle Commercial Disinfectant and a large roll of bacterial wipes.

Hirers are responsible for wiping down the steering wheel, door handle, seatbelts and seats upon return of the bus.

Please note that a bottle of hand sanitiser has also been placed at the entrance to the bus.

The Shire encourages everyone to remain informed of Federal and State Government directives regarding COVID-19 as we move towards recovery from this pandemic.

Thank you for your assistance.
