

WEED ERADICATION PROGRAM EXEMPTION

As part of the ongoing maintenance works, the Shire will commence spraying footpaths, verges, kerb lines, public access ways, main open drains and rural roadside shoulders throughout the Shire of York, commencing once weed germination has begun.

The chemical that will be applied is Glyphosate which is of low toxicity and necessary to eradicate weeds. Spraying will be conducted under strict supervision and guidelines.

We acknowledge that some residents do not wish to have the verge adjacent to their property sprayed. If you wish to have your property permanently exempted from the weed spraying please complete the section below and return to the Shire of York, PO Box 22, York WA 6302.

I request my property to be placed on the Herbicide Exemption Register and hereby undertake to keep the footpath and kerb line adjacent to the property clean and free from weed growth.
