**MINUTES OF SHIRE OF YORK
ORDINARY COUNCIL MEETING
HELD AT THE COUNCIL CHAMBERS, YORK TOWN HALL, YORK
ON TUESDAY, 30 SEPTEMBER 2025 AT 5:00PM**

1 OPENING

1.1 Declaration of Opening

Cr Kevin Trent, Shire President, declared the meeting open at 5.00pm.

1.2 Acknowledgement / Disclaimer

The Shire President advised the following:

"The York Shire Council acknowledges the Ballardong people of the Noongar Nation who are the Traditional Owners of the country where this meeting is being held and recognise their continuing connection to land, water, sky and culture. We pay our respects to all these people and their Elders past, present and emerging.

In accordance with Regulations 14I and 14J of the Local Government (Administration) Regulations 1996, notice is given that this meeting is being video and audio recorded to facilitate community participation and for minute-taking purposes. By being present at a meeting, members of the public consent to the possibility that their image and voice may be recorded. Audio recordings are published on the Shire's website following the meeting and may be released upon request to third parties.

Members of the public are reminded that, in accordance with Section 6.16 of the Shire of York Local Government (Council Meetings) Local Law 2016, nobody shall use any visual or vocal recording device or instrument to record the proceedings of Council without the written permission of the Presiding Member.

I wish to draw attention to the Disclaimer Notice contained within the agenda document and advise members of the public that any decisions made at the meeting today can be revoked in accordance with Regulation 10 of the Local Government (Administration) Regulations 1996. Therefore, members of the public should not rely on any decisions until formal notification in writing from the Shire has been received.

Any plans or documents in agendas and minutes may be subject to copyright. The express permission of the copyright owner must be obtained before copying any copyright material."

4 PUBLIC QUESTION TIME

Public Question Time is conducted in accordance with the *Local Government Act 1995* and Regulations. In addition to this the Shire's *Local Government (Council Meetings) Local Law 2016* states:

6.7 Other procedures for question time for the public

- (1) A member of the public who wishes to ask a question during question time must identify themselves and register with a Council Officer immediately prior to the meeting.
- (2) A question may be taken on notice by the Council for later response.
- (3) When a question is taken on notice the CEO is to ensure that—
 - (a) a response is given to the member of the public in writing; and
 - (b) a summary of the response is included in the agenda of the next meeting of the Council.
- (4) Where a question relating to a matter in which a relevant person has an interest is directed to the relevant person, the relevant person is to—
 - (a) declare that he or she has an interest in the matter; and
 - (b) allow another person to respond to the question.

- (5) Each member of the public with a question is entitled to ask up to 2 questions before other members of the public will be invited to ask their questions.
- (6) Where a member of the public provides written questions then the Presiding Member may elect for the questions to be responded to as normal business correspondence.
- (7) The Presiding Member may decide that a public question shall not be responded to where—
 - (a) the same or similar question was asked at a previous meeting, a response was provided and the member of the public is directed to the minutes of the meeting at which the response was provided;
 - (b) the member of the public uses public question time to make a statement, provided that the Presiding Member has taken all reasonable steps to assist the member of the public to phrase the statement as a question; or
 - (c) the member of the public asks a question that is offensive or defamatory in nature, provided that the Presiding Member has taken all reasonable steps to assist the member of the public to phrase the question in a manner that is not offensive or defamatory.
- (8) A member of the public shall have 2 minutes to submit a question.
- (9) The Council, by resolution, may agree to extend public question time.
- (10) Where any questions remain unasked at the end of public question time they may be submitted to the CEO who will reply in writing and include the questions and answers in the agenda for the next ordinary Council meeting.
- (11) Where an answer to a question is given at a meeting, a summary of the question and the answer is to be included in the minutes.

Public Question Time commenced at 5.04pm.

KAREN THOMAS

Question 1

My question relates to the old hardware site. This area with the tables is now in constant use and as it seems the major work planned will not be started for some time, I would like to request that two umbrellas with weighted bases be provided for the two tables in this area now that the weather is warming up to give some protection and encourage people to keep using this great space. This could be provided for under \$500 from our local Mitre 10 and I am happy to organise and secure the umbrellas to the bases. This would be a great service to our locals and visitors alike.

Response provided by the Shire President

As has been mentioned to you in previous advice, the Shire will investigate the procurement of high-quality commercial-grade umbrellas for installation, taking into consideration the potential timing of the development occurring at the adjacent site. The previous umbrellas were removed following significant deterioration caused by prolonged exposure to environmental elements, rendering them inoperable. In considering replacements, the Shire will conduct an assessment of suitable commercial-grade umbrellas for reinstallation.

CLAIRE SPRINGBETT**Question 1**

When will the 2025/26 Budget be released?

Response provided by the Chief Executive Officer

The 2025/26 Budget will be uploaded to the Shire website for review as a priority.

Question 2

What information is available to Councillors when making a rates determination and having that conversation, are Councillors provided with information on evaluations?

Response provided by the Chief Executive Officer

Councillors are provided with comprehensive information during budget workshops, including key informing documents and project priorities, to guide decisions on rates and funding needs. Discussions include analysis of property revaluations (such as Unimproved Value – UV) and their impact on the community.

For 2024–25, Council chose not to increase the UV rate in the dollar, recognising the significant 24% rise in valuations. Balancing community aspirations with the ongoing maintenance of Shire assets remains challenging when UV valuations fluctuate sharply.

The Shire will engage with the State Government to explore opportunities regarding UV valuations and their impacts on the farming community. Budget adoption and rate-setting continue to align with the Shire's Long-Term Financial Plan and Council's strategic direction.

DARLENE BARRET**Question 1**

Due to the trouble of getting information and requirements, does the Shire of York have a problem with growth in the Shire?

Response Provided by the Chief Executive Officer

No.

Question 2

With the current homeless and rental situation in York and a moral duty of care to its constituents, for those wanting to take advantage of Minister Beazley's changes to living on land for 24 months, is the Shire going to be proactive in developing a Policy to living on land to 24 months, as soon as possible and including stakeholders in this Policy in order to address these issues?

Response provided by the Chief Executive Officer

The Shire is currently developing a Policy to address the recent State Government changes that allow living on land for up to 24 months. This process will include consultation with key stakeholders to ensure the Policy aligns with the Shire's Local Planning Strategy, statutory planning documents, and relevant State policies.

In parallel, the Shire is undertaking a minor review of its Local Planning Scheme to identify opportunities for additional housing development, particularly in areas constrained by heritage provisions. While protecting York's heritage remains a priority, the Shire recognises the urgent need to support housing availability and flexibility.

Each application will continue to be assessed on its merits, guided by clear policy direction to ensure consistency and fairness in decision-making.

As there were no further questions Public Question Time concluded at 5.14pm.

NATURE OF COUNCIL'S ROLE IN THE MATTER

Executive

PURPOSE OF REPORT

This report presents the acquittal from Wheatbelt Arts and Events Inc. (WAEI) for the delivery of the 2025 Writers Festival (year three (3) of the current Multiyear Funding Agreement (MFA), of the first instalment of the variation request) for Council's review.

BACKGROUND

The then Policy C3 - Community Funding: Grants and Sponsorship and Policy C4 - Sponsorship of Tourism Events (now superseded by Policy C8 – Funding: Grants and Sponsorship) provide the parameters for considering applications for Shire financial and in-kind support. Two (2) rounds of sponsorship are opened to the community each year for a minimum four (4) week period. Applications are considered against the criteria contained in Council policies and guidelines and recommendations approved by Council at its next available meeting.

Historically, the Shire has provided support for activities, infrastructure improvements for facilities and funding for events that contribute to the Shire's community, social and economic objectives.

In certain circumstances, where Council sees significant benefit to the community of maintaining support for a project or activity on an on-going basis it may resolve to consider, via the Integrated Planning and Reporting Framework review cycle or the Annual Budget process, inclusion as an MFA.

In both instances, acquittal reporting is a requirement of sponsorship. Dependant on the size, scale and frequency of funding, acquittal reporting detail varies. At minimum acquittal reports must include:

1. Key outcomes
2. Lessons learned
3. Community benefits
4. How the Shire was acknowledged
5. Budget detailing how the monies were spent

The request for a new MFA for WAEI was considered by Council at its Ordinary Meeting on Tuesday 23 May 2023 where it resolved (090523):

“That, with regard to the Wheatbelt Arts & Events Inc - Request for a New Multiyear Funding Agreement 2023-2026, Council:

- 1. Receives the request for multiyear funding from Wheatbelt Arts & Events Inc for the York Festival, as presented in confidential Appendix 1.***
- 2. Requests the Chief Executive Officer to negotiate a multiyear funding agreement with Wheatbelt Arts & Events Inc under the following conditions:***
 - a. The Agreement will commence on 1 July 2023 and expire on 30 June 2026.***
 - b. The amount of sponsorship will be provided in accordance with the table below:***

<i>FY</i>	<i>ACTIVITY</i>	<i>REQUEST</i>	<i>PROPOSED (PER ANNUM)</i>	<i>MILESTONE PAYMENTS</i>
<i>2023/24</i>	<i>2023 Festival to be held in September 2023</i>	<i>\$55,000</i>	<i>\$28,500</i>	<i>80% July 2023 & 20% October 2023</i>
<i>2024/25</i>	<i>2024 Festival to be held in September 2024</i>	<i>\$55,000</i>	<i>\$28,500</i>	<i>80% July 2024 & 20% October 2024</i>
<i>2025/26</i>	<i>2025 Festival to be held in September 2025</i>	<i>\$55,000</i>	<i>\$28,500</i>	<i>80% July 2025 & 20% October 2025</i>

- c. Payment will be subject to all milestone conditions of the Agreement being met on an annual basis.***
- 3. Authorises the Shire President and the Chief Executive Officer to engross the final agreement.***
- 4. Directs the Chief Executive Officer to include the agreed amounts in the 2023/24 - 2025/26 budget processes.”***

Further to the above request and resolution, a request for a variation to the MFA for WAEI was considered by Council at its February 2025 Ordinary Meeting where it resolved (090225):

“That, with regard to the Request to vary Multi-Year Funding Agreement - Wheatbelt Arts and Events Inc, Council:

- 1. Receives the request from Wheatbelt Arts and Events Inc for early funding release from the 2025/26 multi-year funding agreement, as presented in Appendix 1.***
- 2. Notes that a budget adjustment will be made as part of the statutory Mid-Year Budget Review to accommodate the request.***
- 3. Directs the Chief Executive Officer to provide written notice of Council’s resolution to Wheatbelt Arts and Events Inc.”***

COMMENTS AND DETAILS

The following table summarises WAEI’s acquittal for the 2025 Writers Festival.

TABLE 1.

ORGANISATION	PURPOSE	PROVISION	ACQUITTAL SUMMARY
Wheatbelt Arts & Events Inc	Delivery of 2025 Writers Festival	\$14,250 ex GST	<ul style="list-style-type: none"> The Writers Festival delivered twenty-two (22) events across a three (3) day program including workshops, writers’ talks, music, theatre, and book launches.

		<ul style="list-style-type: none"> Community “book sculpture” workshops engaged locals ahead of the event, with artworks displayed along Avon Terrace. Estimated attendance of 659 people (ticketed plus free events). Sixty-eight (68) entries received for the Wheatbelt Short Story Competition (previously twenty-five (25)). Program featured Theatre 180’s <i>21 Hearts</i>, launched by Hon. Trish Cook MLA, and music by Delilah Rose and Rose Parker. Direct local business spends - \$11,929 (accommodation, catering, venue hire, etc.). The total estimated economic impact of the event is \$128,034.83, calculated on the basis of actual contributor numbers, ticket sales, event attendance, and entry fees collected. This figure is supported by the average daily spend of \$197.89, as identified in the <i>York Festival 2022 Culture Counts Report</i>. The writers festival audience comprised 322 intrastate visitors and 1 interstate visitor, with an average length of stay of 2 days for intrastate and 3 days for international visitors (excluding local attendees). These results align closely with the Tourism Council WA Economic Impact Calculator, which estimated local expenditure of \$145,300 in expenditure, demonstrating consistency across different measurement approaches. Marketing and recognition of the Shire included roadside signage, posters, banners, programs, website, social media, and online/print advertising. <p>KEY LESSONS LEARNED</p> <ul style="list-style-type: none"> Workshops proved particularly popular, highlighting strong community demand for hands-on, skills-based activities. Growth in participation in the Wheatbelt Short Story Competition suggests an increasing appetite for literary and creative engagement. Collaboration with local venues and businesses continues to strengthen ties between the Festival and the York community.
--	--	---

In Summary:

- WAEI received \$14,250 from the Shire of York for the Writers Festival 2025.

- Additional income sources included \$31,214 (ticket revenue, entry fees, Regional Arts contributions) plus \$325 in donations.
- In-kind support was valued at \$14,180, including Writing WA's contribution.
- The Shires grant funding amount of \$14,250 was used in full to cover costs of:
 - Program costs \$8,000
 - Marketing and public relations \$4,100
 - Accommodation \$2,150
- Expenditure covered coordinator fees, venue hire, program delivery, marketing, travel and accommodation, and administration.
- The event achieved measurable cultural, tourism, and economic outcomes, with Shire recognition evident across promotional platforms.

A copy of WAEI's acquittal report, incorporating budget breakdown and attendance calculations, proof of invoices, Shire recognition and event feedback is presented in Appendix 1.

OPTIONS

Council has the following options:

Option 1: Council could choose to accept the acquittal as presented in Appendix 1.

Option 2: Council could choose not to accept the acquittal as presented.

Option 3: Council could choose to seek further details from the funded organisation.

Option 1 is the recommended option.

C4 Sponsorship of Tourism Events (rescinded March 2025)

C8 Funding: Grants & Sponsorship (adopted March 2025)

Financial

The financial implications have been detailed earlier in this report and are included in the acquittal report. Council could request more detailed financial reporting and/or audited financial statement

from funded organisation. However, this approach would need to be provided as part of a review of the overall community funding program and engagement options to consult with the community identified as part of this process prior to the inclusions being implemented.

Legal and Statutory

Nil in relation to the receipt of the acquittal.

Risk Related

Should Council choose not to accept the acquittal, this poses a reputational and compliance risk which is considered moderate and a potential financial risk which is also rated moderate. Regular reporting in accordance with funding agreements and policy requirements including acceptance of acquittals through resolution provides acceptable treatment controls to manage the risks identified.

The York Regional Writers Weekend met these objectives by attracting visitors to the 3-day program, which included contributors to the program and participants from the local and wider community who attended the 22 events comprising workshops, writers talks, music and theatre performances and book launches. This included a series of community book-folding workshops held in the lead up to the YRWW. The resulting 'book sculptures' were displayed in shop windows on Avon Terrace, and contributed to promotion of the event. The Shire's financial contribution was acknowledged in marketing materials including roadside signage installed along Gt Eastern Hwy and in and around York, posters, programs and other print collateral, in online and other advertising, on our website, on social media and other platforms.

An estimated 659 people attended the event (free and ticketed) and ~65 entered the Wheatbelt Short Story Competition - well over double the number of entries received in previous years. These numbers are easily verified because most events were ticketed (see calculation for attendance attached) and includes: participants, those delivering program content, FOH and volunteers.

The YRWW supports local business including venue owners (Town Hall, River Conservation Society, CWA, Imperial Homestead Hotel, Hillside Retreat and The Rookery) used to deliver program elements, accommodation providers including Hillside Retreat, Settlers House, Laurelvile and others, in addition to IGA, and the various eateries along Avon Terrace.

We calculate that the YRWW's direct expenditure into the local business community was ~\$11,929, which included accommodation, catering, venue hire and other expenditure (excl employment of local staff).

2025 was the 3rd iteration of the York Regional Writers Weekend and we were pleased to see the increased interest in this event, in particular in its workshop and performance program. The Wheatbelt Short Story Competition has been held each year and usually attracts ~25 entries. This year we received 68 entries and feedback provided by the judges commented on the significance increase in the calibre of the entries (see report attached).

The event's program included a strong mix of writers talks, book launches and workshops supplemented by live music from Delilah Rose and Rose Parker and two performances from Theatre 180's extraordinary theatre piece, '21 Hearts: Vivian Bullwinkle and the Nurses of the Vyner Brooke', which was opened by the the Hon. Trish Cook, the elected member for the new seat of Bullwinkle.

Increased attendance at workshops and performances demonstrated a strong interest in hands-on activities in which participants were able to receive practical skills training. This will play a significant role in designing future programming.

Did you expend all funds granted by the Shire of York?

☒ Yes ☐ No

Was your overall expenditure what you predicted?

☒ Yes ☐ No

Please provide an explanation below

Economic Impact (Tourism Funding only)

TOURISM ECONOMIC IMPACT	Intrastate *	Interstate *	International *
Volunteers / Officials / Participants / Competitors / Performers (excl local attendees, estimated)	322	1	0

Average Daily Spend (Accommodation, meals, entertainment etc)

\$ 197.89

	Intrastate *	Interstate *	International *
Average Length of Stay per person (in days)	2	3	0

Total Intrastate

\$ 127,441.16

Total Interstate

\$ 593.67

Total International

\$ 0.00

TOTAL Tourism Economic Impact

\$ 128,034.83

How did you calculate and verify these numbers shown above?

Based on actual no of contributors, ticket sales, attendance at events, entry fees collected. The average daily spend \$197.89 is based on average \$spend/day set out in the 2022 York Festival's Culture Counts report. Cost of living increases in the past 3 years likely mean this figure is under-stated.

Cancellation

Guests can cancel for free up to 60 days prior to arrival

Terms and conditions

BOOKING

Our standard policy is that payment will be deducted anytime within 60 days of arrival, unless you have booked with a different promotion that allows late cancellation. Should you have any specific requirements regarding payment for a company (i.e. Invoice to be sent for EFT, or company card to be used), please contact us directly to finalise those arrangements.

CHECK-IN

Check-in time is any time after 3 PM, and before 8PM. If you arrive earlier we will be pleased to allow earlier check in should the room be ready, or store your luggage until you can check in. As we don't open until 4pm on Wednesday and Thursday (Open for Dinner from 5pm), please call us on 0896411884 if you plan to arrive before 4pm so that we can arrange to meet you, or arrange for a key to be left out for you. Failure to arrive for check-in before 8pm and without contact being made to make arrangements for a late check in, may result in you being unable to check in to your room. In such an instance if due to no fault of ours, there will be compensation. Guests will be required to present a valid credit/debit card upon check-in along with a valid form of identification. "Settlers House York" will make every effort to honour special requests (such as a specific floor or room number, adjoining rooms, roll-away beds etc.) upon your arrival. However, the availability of these items cannot be guaranteed in advance. The hotel reserves all rights to refuse service to any guests of the hotel who do not follow or comply with hotel policies.

- We will do our best to ensure you have the most suitable room for your stay, but as we are a small business, we cannot guarantee availability for special requests, and the room type may vary slightly.

CHECK-OUT

Check-out is by 10 AM. If you require a later check-out, please discuss this with us and we will do our best to accommodate your request. A charge may apply, depending on availability. Keys can be left in the letter box located to the left of the front doors of the main Hotel building.

SMOKING POLICIES

Smoking is strictly prohibited in all rooms. If smoking outside the rooms, please ensure the door is kept shut at all times. Should the room be left smelling of smoke you will be charged a \$200 cleaning fee.

AGE RESTRICTIONS

Guests must be 18 years or older to check in without a parent or legal guardian.

NO PARTY POLICY

"Settlers House York" enforces a NO PARTY POLICY to ensure we can protect the hotel and our guests at all times. In the event of a disturbance one warning will be given to reduce noise. If this warning is not followed, the guest will forfeit all fees and must leave the hotel immediately.

PETS

No pets are permitted in the rooms, unless they are a medical necessity such as a guide dog. Please advise us in advance if you need to bring your assistance

with you, and provide proof of such medical necessity prior to your arrival.

CANCELLATION

Our Standard policy is that bookings are non-refundable, unless booked with a special promotion. If enough notice is given we may be able to arrange a credit future stay.

Follow us

We look forward to having you stay with us at Settlers House York.

Hello Jenny and Jo

Firstly we cannot believe it's already been a week since we were in the wheatbelt, with Rose in NZ for a funeral this weekend and Delilah back in Qld moving house!

Secondly, thank you. Thank you for **all your work** to host us and our attendees. The accomodation was so perfect and a wonderful introduction to including men on our retreats.

The retreat sat beautifully within the festival program including the performance (perfect venue and sound man Dan was a legend!) and we even had my friend Emily Bridget Taylor pop past on Sunday lunch and read her poems for us. It was so wonderful.

Thank you Jo for all your hard work especially with all of the details. Thank you for coming Sunday evening to experience the results of the weekends work. And the scones. Yes. Thank you for the scones.

As writers of contemporary West Australian songs, it was so wonderful to be included in a Writers Festival... indeed we wonder if this is an Australian first? ... certainly something to be continued and emulated as we press forward creating uniquely Australian culture and content, stories and songs, remembering the past and visualising our future ... together

We hope you both recover gently and with a burning light for the next year. We look forward to future opportunities that may arise.

Delilah and Rose

Write. Rest. Retreat.

Hi Jo and Jenny

Thank you for providing us the opportunity to perform 21 Hearts in York, it was a very special way for us to begin the tour and to have such sensational numbers was terrific.

Attached is the invoice for the show and can I please ask you to send through the sales report so I can send the invoice for the creative royalties.

I do hope we can collaborate again together soon – still hoping for Which Way to Hollywood!

Final report & winners of the 2025 York Regional Writers Weekend Short Story Competition

This year's entries – around double last year's! – form a panorama of narrative ambition and style. Among them, the finest pieces distinguish themselves not merely by their command of language but by the integrity of their emotional vision and solid characterisation. These are stories that have both structural clarity and thematic gravity. They don't simply describe but illuminate.

In the mid-tier are works that, though occasionally uneven, reveal a distinct voice or compelling mood – some excel in evoking the texture of lived experience, others in their lightness of touch or flashes of humour. Their imperfections, often in the realm of structure or depth, don't preclude their merit.

At the lower end are stories driven more by concept than craft. These frequently prioritise accessibility or didacticism – particularly when directed toward a younger readership – over the layered complexity and tonal control that characterise more mature work. Yet even here, the impulse to communicate something meaningful is obvious.

Taken as a whole, the entries reveal considerable talent. In the best of these stories, one senses not only a grasp of literary form but courage: the will to observe the human condition with insight, restraint, and care.

PURPOSE OF REPORT

This report seeks Council approval for the Shire of York to assume management and delivery of the York Christmas Festival as a continued annual event.

BACKGROUND

The York Christmas Festival has been a long-standing and successful event, held annually since 2007, predominantly focused on community delivery.

Historically, it has been delivered by the York Christmas Festival Inc. (YCFI) with funding support from the Shire of York and other funding donations.

At its October 2024 Ordinary Meeting Council considered a request for multiyear funding from YCFI and resolved (031024):

“That, with regard to the York Christmas Festival Inc. - Request for new Multiyear Funding Agreement, Council:

- 1. Receives the request for multiyear funding from York Christmas Festival Inc, as presented in confidential Appendix 1.***
- 2. Requests the Chief Executive Officer to negotiate a multi-year funding agreement with the Christmas Festival Inc under the following conditions:***
 - a. The Agreement will commence on 1 November 2024 and expire on 30 June 2027.***
 - b. The amount of sponsorship will be provided in accordance with the table below:***

FINANCIAL YEAR	SPONSORSHIP	FIRST PROGRESS PAYMENT (90%)	FINAL PAYMENT ON ACQUITTAL (10%)
2024/25	\$16,750 ex GST	1 November 2024	1 June 2025
2025/26	\$16,750 ex GST	1 July 2025	1 June 2026

2026/27	\$16,750 ex GST	1 July 2026	1 June 2027
----------------	------------------------	--------------------	--------------------

- c. *Payment will be subject to all milestone conditions of the Agreement being met on an annual basis.***
- 3. *Authorises the Chief Executive Officer to make any necessary minor typographical and formatting changes to the multiyear funding agreement prior to signing.***
 - 4. *Authorises the Shire President and Chief Executive Officer to endorse the final multiyear funding agreement.***
 - 5. *Directs the Chief Executive Officer to include the above agreed amounts in the 2025/26 and 2026/27 budgeting process.***

The Shire of York and YCFI subsequently entered into a multiyear funding agreement.

In a letter dated 24 July 2025, the YCFI formally advised it will no longer be able to continue delivering the event. The letter also encouraged the Shire of York to consider taking the lead in ensuring the event's continuation due to its significant value. A copy of the letter is presented in Appendix 1.

The Manager of Tourism and Economic Development (MTED) has had discussions with YCFI's Event Coordinator to explore the transition and potential for future event growth under Shire management.

COMMENTS AND DETAILS

The York Christmas Festival has been recognised as a prominent community event. Since its inception in 2007, it has been an annually anticipated event that is much adored by the community.

With YCFI no longer having capacity to run the event, there is an opportunity for the Shire of York to assume management of the event to ensure its continuation and delivery.

A Feasibility Review was undertaken by the MTED and confirms that the Festival can be delivered within the existing annual allocation and absorbed into current staff workflows with minimal additional impact. A copy of the Feasibility Review is presented in Appendix 2. This is supported by a proposed budget which is presented in Appendix 3. Quotes obtained from vendors and traffic management are presented in confidential Appendix 4.

Importantly, the Feasibility Review identifies support in the scope to expand the festival, strengthening both community participation, economic outcomes and visitation expansion.

Proposed enhancements include:

1. Main Street activation – closure of Avon Terrace (from McCartney to South Street) to create a vibrant Christmas market, local shopping hub and alfresco style dinning environment, inviting local shops to remain open for extended trade hours.
2. Hospitality engagement – encouraging local venues to offer alfresco dining within the closed street area creating a social environment to come together.
3. Program diversification – expanding activities to appeal to a broader demographic.
4. Carols in the Park partnership – collaborating with a local not-for-profit to align the Friday evening Carols and Sausage Sizzle in the park with the York Christmas Festival, promoting the weekend as a collaborative “Christmas in York” experience, significantly expanding scope and visitation.
5. Town Hall activation – offering family Christmas photos and a gift-wrapping station operated by a community group on a coin-donation basis.

These additions will complement, rather than replace, the traditional attractions in the park (rides, Santa, family activities) which will remain but have a new lens to re-captivate.

Together, the program enhancements are expected to increase visitation, stimulate higher local spend, and provide new opportunities for businesses through extended shopping hours.

The Festival can also be marketed as WA's only dedicated Christmas Weekend event with the collaboration and joint marketing with the "Carols in the Park" event taking place on the Friday evening, strengthening the positioning of York as a unique regional events destination.

The addition of the Festival a re-branding of the event to YORKristmas creates a synergy to YORKids and establishes a dual anchor-event calendar for the Shire, creating valuable partnerships with vendors, encouraging repeat visitation, and enhancing York's reputation as an events town.

This transition to Shire leadership presents a strategic opportunity to:

- Safeguard the continuation of a well-loved community event, then increases and expand its outcome potential.
- Support and showcase local businesses and spend local.
- Deliver increased tourism and economic outcomes.
- Strengthen York's events calendar and brand as a regional destination, especially in a historically quitter period.

The MTED will oversee implementation, promotion, and evaluation, with a report to Council by mid-2027 assessing outcomes, community benefits, and the Festival's potential as an ongoing Shire-led event.

The request includes the reallocation of the previously approved YCFI multiyear funding being allocated to the Shire's annual budget at GL: 132150 – Festival and Events for 2025/26 and 2026/27 of \$16,750 per annum (ex GST).

OPTIONS

Council has the following options:

- Option 1:** Council could choose to support the delivery of the York Christmas Festival by the Shire of York and reallocate the remaining multiyear funding amount of \$16,750 to GL: 132150 – Festivals and Events Funding Pool for 2025/26 and 2026/27.
- Option 2:** Council could choose to support the delivery of the York Christmas Festival by the Shire of York but amend or reduce the funding allocation.
- Option 3:** Council could choose not to support the delivery of the York Christmas Festival by the Shire of York.

Option 1 is the recommended option.

Risk Related

The overall financial risk is minor with regards to approving the change in management of the event as the funding has already received approval of allocation.

Management of the event presents a moderate operational risk. However, these are mitigated by the Shire's existing events framework and experience.

The management of the event has a high reputational risk, due to the historical longevity of the event and the community's strong support for the event and its continuation. Shire's existing events experience and keeping of core components of the festival as historically held will help lead a smooth transition and mitigate the risk presented.

Feasibility Report

York Christmas Festival - YORKristmas

Prepared by: Rebecca Atkinson, Manager Tourism & Economic Development.

Executive Summary

This feasibility study assesses the viability of the Shire of York assuming management of the York Christmas Festival, following the withdrawal of York Christmas Festival Inc. (YCFI).

Analysis confirms the event can be delivered within the existing \$16,750 per annum budget allocation (ex GST) for 2025/26 and 2026/27, and with minimal additional pressure on staff resources.

Operationally, the festival can be absorbed into the Shire's established events framework without disrupting current workflows or over stretching the team.

Consultation with local businesses, community groups, and internal officers shows broad support.

Importantly, the festival coming under the Shires will evolve the event from a purely community celebration into a visitor-driving event, strengthening economic outcomes, supporting local business through extended shopping hours, and enhancing York's reputation as a regional destination.

It is the proposal to expand its current offering to align with an economic and visitor boost that strongly makes the request to undertake it most relevant.

A re-branding to YORKristmas to align with the existing mi-year youth event YORKids.

Background

The York Christmas Festival has been a much-loved community event since 2007, historically managed by YCFI with financial support from the Shire.

In July 2025, YCFI advised it could no longer deliver the event and encouraged the Shire to consider assuming responsibility to ensure its continuation. Given the festival's strong community value, economic potential, and established funding stream, the Shire commenced a feasibility review.

Objectives

The feasibility review sought to determine whether the Shire of York could:

- Ensure continuity of a long-standing community tradition.
- Deliver the festival within existing budget and staff capacity.
- Strengthen the festival as a visitor attraction that drives economic benefit.
- Support local businesses through increased visitation and extended trading opportunities and increase a shop local incentive.
- Align the event with the Shire's strategic goals, including community vitality and a future-ready economy.

- Marketing a new outward facing event to continue participation and visitation to the Shire of York in historically quieter times.

Methodology

The review included:

- Analysis of existing budget allocation and preliminary supplier quotes.
- Direct consultation with:
 - Local businesses through the York Business Association.
 - Main street businesses, visited directly by the Manager Tourism & Economic Development.
 - The Principal Environmental Health Officer regarding compliance and event logistics.
 - Local not-for-profits regarding participation and activation.
- Review of vendor engagement opportunities, leveraging strong relationships developed through YORKids, which have secured favourable pricing.
- Assessment of strategic alignment with the Shire's Council Plan 2025–2035.

Findings

- Strong stakeholder support was identified across businesses, community groups, and internal Shire officers.
- The festival can be delivered within the existing \$16,750 budget allocation, with efficiencies gained from vendor partnerships from YORKids keen to return to a Shire of York run event. Noting that as the years progress and if the event grows over time, more money will need to be considered.
- Operational impact is low, with staff capacity to manage delivery during a slower visitation period.
- The event provides an opportunity to increase visitation and local spend by offering extended hours and a marketable visitor experience.
- Transitioning the festival to a Shire-led event allows it to advance from a purely community focus to a dual community-and-tourism/economic offering, delivering stronger economic outcomes and adding to a visitation offering.

Technical Feasibility

- The Shire has established event management experience (e.g. YORKids) and frameworks to support delivery.

- Event infrastructure and logistics can be accommodated within the budget.
- Proposed enhancements include:
 - Closure of the main street for markets and alfresco dining.
 - A “Carols in the Park” event to extend the festival into a weekend attraction. Noting the Christmas Carols event will be held and run by local not-for-profit on Friday night with the proposal for joint marketing with the proposed York Christmas Festival as a weekend of Christmas cheer in York to broaden visitation appeal.
 - Town Hall activation for family photos and fundraising opportunities.
 - Extended business hours to promote shop local and local economic business.
- Traditional elements (rides, Santa, activities) will be retained.
- The festival can be uniquely positioned as WA’s only Country Christmas Weekend event, by running on the same weekend as the Avon Park Christmas Carols and community BBQ event.

Financial Feasibility

- Annual allocation: \$16,750 per annum (ex GST) for 2025/26 and 2026/27 (GL:132150 – Festivals and Events).
- Indicative expenditure categories:
 - Infrastructure & logistics (staging, street closure, traffic management).
 - Entertainment & programming (rides, Santa, Carols, Town Hall activation).
 - Marketing & promotion (design, advertising, social media).
 - Community engagement (vendors, not-for-profits, volunteers).
- Final figures subject to supplier quotes but projected to remain within allocation.
- Increased visitation and extended trading hours are expected to deliver strong returns in local business spend.
- Vendors return event visitation and pricing advantages (secured through YORKids) enhance financial viability.

Operational Feasibility

- Event delivery can be integrated into the Shire’s existing workflow with minimal disruption.
- The slower visitation period enables staff to absorb the additional tasks while creating a valuable opportunity to stimulate tourism.
- Partnerships with businesses, vendors, and not-for-profits will share responsibilities and broaden delivery capacity.
- Operational risks are mitigated by the Shire’s established event policies and past experience.

Risk Assessment

- Financial Risk: Minor - allocation secured; supplier costs monitored, and past experience with similar events and budgets without issues.
- Operational Risk: Moderate - mitigated by staff capacity and external partnerships.
- Reputational Risk: High - if the event is discontinued, given its history and community importance. Delivery under Shire management preserves community trust and strengthens reputation.

Social & Economic Impact

- Builds community connection and inclusivity during the festive season.
- Strengthens York's identity as a regional visitor destination.
- Supports "Shop Local at Christmas" through increased foot traffic and extended shopping hours.
- Provides meaningful collaboration opportunities for local not-for-profits.
- Enhances York's annual event calendar and complements a biannual event offering from the Shire.

Conclusion

The feasibility review demonstrates that assuming management of the York Christmas Festival is practical, affordable, and strategically advantageous. The event can be delivered within existing resources and funding, with strong community and business support, and clear potential to grow as a economic driver and visitor attraction.

Subject: Formal Notice – Conclusion of The York Christmas Festival by York Christmas Festival Inc

Dear Shire of York CEO

I am writing to formally advise that I, Bernie Finestone, in my capacity as Event Coordinator for The York Christmas Festival Inc, will no longer be conducting or delivering The York Christmas Festival moving forward.

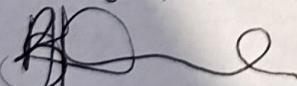

As a result, there will no longer be a requirement for the remaining two years of the current multi-year funding agreement in place between The York Christmas Festival Inc and the Shire of York.

We strongly encourage and support the Shire of York taking the lead in continuing the York Christmas Festival in future years. As a much-loved and significant event on the community calendar, we believe the Festival deserves to be sustained and grown under the stewardship of the Shire to ensure its ongoing success and positive impact for the local community and visitors alike.

On behalf of The York Christmas Festival Inc, I would also like to extend my sincere thanks to the Shire of York for its support, collaboration, and commitment over the years. Your ongoing encouragement has been instrumental in helping us deliver a vibrant and inclusive event that celebrates community, creativity, and the joy of the festive season. I hope to see the Festival continuing as I have put a lot of time and effort over the past near 20 years!

Please don't hesitate to reach out should you require any further clarification or support during the transition process.

Warm regards,

Bernie Finestone

NATURE OF COUNCIL'S ROLE IN THE MATTER

Executive

PURPOSE OF REPORT

The report presents the reviewed and updated Workforce Plan for Council's information and endorsement.

BACKGROUND

As set out in Section 5.56(1) of the *Local Government Act 1995* a local government is to plan for the future of the district. Division 3 of the *Local Government (Administration) Regulations 1996* Regulation 19DA(3)(c) requires that the Corporate Business Plan (Council Plan) develop and integrate matters relating to resources including asset management, workforce planning and long-term financial planning.

The aim of the workforce planning process is to determine the capacity of the organisation's ability to meet the requirements of Council's strategic planning.

In March 2023 the Shire sought the services of a consultant to conduct the minor review of the Strategic Community Plan (SCP) and Corporate Business Plan (CBP), removing actions that had already been completed and testing the overall strategic direction ahead of the next major review. The minor review was adopted by Council at its October 2023 Ordinary Meeting (Resolution 051023). To ensure the Shire was sufficiently resourced to deliver on the SCP and CBP changes, a consultant was sought to prepare a Workforce Plan for the next four (4) years. Following a competitive procurement process, Mint Collaborative was appointed to produce the Workforce Plan 2024-2028. This was considered by Council and adopted at its May 2024 Ordinary Meeting (Resolution 090524). Noting that the Major Strategic Review (MSR) was due to commence late 2024 and the Buildings and Open Spaces Asset Management Plans had not yet been completed, Mint Collaborative was retained to conduct a future review of the Workforce Plan.

COMMENTS AND DETAILS

The Asset Management Plans for both Buildings and Open Spaces were adopted by Council at its September 2024 Ordinary Meeting (Resolution 030924). Following this, the MSR was conducted between November 2024 and April 2025. The resultant Council Plan 2025-2035 was adopted by Council at its April 2025 Ordinary Meeting (Resolution 130425).

Mint Collaborative commenced its review of the adopted Workforce Plan 2024-2028 in March 2025 with the following actions taking place:

- Undertaking a review of the current organisational structure against the:
 - Inaugural Council Plan
 - Shire of York informing documents
 - External drivers for change
 - Internal drivers for change
 - Organisational changes since the adopted Workforce Plan
 - Regional and local government sector employment trends

to establish workforce resourcing gaps between the planned outcomes identified in the Council Plan and informing documents.

Consultation was undertaken using the following methods:

- Workshops with the Executive Leadership Team (ELT)
- Workshop with the Organisational Management Group (OMG)
- Presentation of the draft Workforce Plan to Council for noting

The subsequent reviewed and updated Workforce Plan 2025-2029, as presented in Appendix 1, gives clear direction for:

1. A sustainable four (4) year plan to assist the Shire to meet its stated outcomes through workforce resourcing
2. A year-by-year timeline for the implementation of the Workforce Plan

Budget implications for each year will be incorporated into the upcoming review of the Long-Term Financial Plan (LTFP) and is presented in Appendix 2.

OPTIONS

Council has the following options:

- Option 1:** Council could choose to endorse the reviewed and updated Workforce Plan 2025-2029, as presented in Appendix 1.
- Option 2** Council could choose to specify further information to be included in the reviewed Workforce Plan and direct the Chief Executive Officer to represent the updated Workforce Plan to Council at a future meeting.

Option 1 is the recommended option.

Section 5.56 of the *Local Government Act 1995* is applicable and states:

“5.56. Planning for the future

- (1) *A local government is to plan for the future of the district.*
- (2) *A local government is to ensure that plans made under subsection (1) are in accordance with any regulations made about planning for the future of the district.”*

Regulation 19DA(3)(c) of the *Local Government (Administration) Regulations 1996* is applicable and states:

“19DA. Corporate business plans, requirements for (Act s. 5.56)

- (1) *A local government is to ensure that a corporate business plan is made for its district in accordance with this regulation in respect of each financial year after the financial year ending 30 June 2013.*
- (2) *A corporate business plan for a district is to cover the period specified in the plan, which is to be at least 4 financial years.*
- (3) *A corporate business plan for a district is to —*

- (4) *A local government is to review the current corporate business plan for its district every year.*
- (5) *A local government may modify a corporate business plan, including extending the period the plan is made in respect of and modifying the plan if required because of modification of the local government’s strategic community plan.*
- (6) *A council is to consider a corporate business plan, or modifications of such a plan, submitted to it and is to determine* whether or not to adopt the plan or the modifications.*

**Absolute majority required.*
- (7) *If a corporate business plan is, or modifications of a corporate business plan are, adopted by the council, the plan or modified plan applies to the district for the period specified in the plan.”*

Risk Related

There is a risk that, should the organisational structure remain as it is, projects could be delayed, levels of service may fall and compliance with regulatory requirements may not be met. Workforce

planning mitigates these risks by improving resourcing and the Shire's effectiveness to deliver services to the community.

Workforce

The reviewed and updated Workforce Plan 2025-2029 is presented in Appendix 1. The Plan aims to address the workforce needs of the Shire arising from core function services and operations, projects, strategic initiatives and priorities. It also aims to build capacity and resilience to allow the Shire to respond to the changing environment and issues arising from community aspirations, external pressures and legislative compliance issues.

1. Message from the CEO

I am pleased to share the Shire of York's Workforce Plan for 2025-2029, outlining our approach to building a strong workforce that is aligned to the unique needs of our community.

The Workforce Plan is an essential component of the Integrated Planning and Reporting Framework (IPRF). It will guide us in shaping the organisation and ensuring we have the capability and capacity to deliver on our strategic priorities.

This document has been informed by extensive research, consultation, and consideration of the requirements of our workforce currently, as well as over the next four years.

In developing this Plan, we are encouraged by the strengths highlighted by our employees, and are committed to retaining these advantages into the future. These include the strong sense of satisfaction and connection in working for our local community, the opportunity for diverse and challenging work, and our culture of great friendly people.

However, the Workforce Planning process also identified a number of focus areas over the next four years. For example, how we will respond to external drivers for change, such as skills shortages, an ageing population and workforce, and an increasing focus on technology, governance, and sustainability. The Plan also outlines how we will respond to our internal drivers for change, including the need to better manage employee workloads through optimising our resourcing, improve systems support and employee engagement, foster cross-team collaboration, and continue focusing on attracting and retaining great people.

Our overall workforce priority areas outlined in this plan include ensuring that our community priorities are adequately resourced, improving our employee retention, and enhancing our culture to become an employer of choice.

For each of these priorities, we have outlined the actions we will take over the next four years.

We are confident that through the implementation of this Workforce Plan, we will continue to have a strong workforce that delivers great outcomes for our community.

Chris Linnell

2. Development of the Workforce Plan

Local governments in Western Australia are required to effectively plan for the future under the Local Government Act 1995, using the **Integrated Planning and Reporting Framework (IPRF)**. This ensures that the goals and outcomes of local government align with the community vision, are possible within the allocated resources, and can be monitored and reported on to ensure effectiveness and transparency.

The **Workforce Plan**, updated at least every four years, identifies the workforce structure, capabilities and initiatives that will enable the local government to deliver on its Council Plan

In developing this workforce plan, the Shire of York's key strategic and informing documents were analysed to inform **future workforce requirements**.

Employee data, organisational structure, engagement surveys and industry benchmarks were analysed to determine **internal drivers for change**. An environmental scan of workforce trends was also conducted to inform **external drivers for change**.

Workforce consultation included a survey distributed to all staff (online and hard copy), as well as several Executive and operational management group workshops. This was followed by **elected members engagement** and the **finalisation of the workforce plan**.

The final phase is **to monitor and evaluate** the implementation of the plan over the following years.

3. About the Shire of York

3.1 Our Vision

The Shire's first Council Plan (combined Strategic Community Plan and Corporate Business Plan) was developed in 2025. This Plan represents the community's guiding vision and strategic goals for the Shire of York for the next 10 years:

3.2 Our Values

The Shire of York's Values guide 'how' we work in delivering the above priorities – from our overall culture to our decision-making and day-to-day behaviours.

Our values ensure that we not only deliver great outcomes for our community, but that we do so in the right way.

In 2025, the Shire's values were refreshed to better reflect how the team will work to deliver the Shire's priorities.

Shire of York

5. Current Workforce Profile

Workforce Plan 2025 - 2029

Shire of York

5.2 Workforce Snapshot

The Shire of York's current workforce includes approximately 64 people, with a higher weighting of females and over 50s. The majority of roles are permanent full time, the majority of employees have been with the Shire less than 10 years, and nearly two thirds of employees sit within the Infrastructure and Development Services division.

6. Drivers for Change

6.1 Strategic Context

The Shire of York's key informing plans and strategies were reviewed, and any potential workforce implications flagged for discussion with the Shire's Executive Management Team. The key Workforce Plan considerations identified through this process were:

	Strategic Goals (2025)	Key Workforce Plan Considerations
	Community and cultural vitality	<ul style="list-style-type: none"> • Tourism and events demands • Reduced CRC operating hours • Resourcing of community and tourism events • Housing availability • The Shire's role in the ageing population, Age Friendly Community Strategy, DAIP and Wellbeing Plan
	Future-ready economy	<ul style="list-style-type: none"> • The opportunity to strengthen tourism and events to benefit the community • The opportunity to better leverage grants as an alternative source of revenue
	Thriving natural environment	<ul style="list-style-type: none"> • The potential to better utilise volunteers and 'friends of' groups • The opportunity to explore partnerships with other Shires, for example for waste education • With increasing demands, there is a possible need for a dedicated role in the future
	Comfortable and connected places	<ul style="list-style-type: none"> • The need to maintain adequate facilities management • The increasing importance of footpaths in light of the ageing population • Resourcing of roads maintenance was recently increased and will be monitored to determine whether it meets the requirements of the Asset Management Plans • Implications of the Trails Master Plan and new Trails commitments.
	Strong governance, responsive leadership	<ul style="list-style-type: none"> • Likely increases in administrative and governance requirements. • Increasing community engagement expectations • Potential efficiencies afforded by emerging technologies and separation of operational and administrative functions • Requirement for increasing technology capabilities • Increasing HR requirements • Housing as a barrier for employee attraction

6.2 External Drivers for Change

A review of global, national, Local Government, Western Australia and York trends resulted in the below 5 factors being identified as key external drivers for change for the Shire of York. See Appendix A for a detailed Environmental Scan.

Skills and workforce shortages

Australia, particularly Western Australia is experiencing a high rate of employment, with unemployment rates as low as 3.4% (WA). This has led to an 'employee's market', with high competition for skilled workers. Industries like environmental health, urban planning, aged care, agriculture, hospitality, and retail are experiencing skills shortages compounded by lack of available housing. Employee expectations have also shifted, with employees prioritising flexibility, autonomy, wellbeing, and culture. Consequently, for the Shire of York, establishing a competitive 'employee value proposition' and strong focus on organisational development is critical.

Technology challenges and opportunities

Globally technology is rapidly evolving, key challenges of this include increased cyber security risks, widening skills gaps as employees learn new technologies and increasing community expectations for digital services. However, this also presents opportunities, such as efficiencies through automation and artificial intelligence, and the ability to make data-driven decisions. For the Shire of York, it will be important to strike a balance between digital advancements and meeting the needs of its ageing population while leveraging new technologies for efficiency.

Increasing focus on governance, transparency, and engagement

Globally and across industries, there is a growing emphasis on governance, transparency, and ethics. This is also true of Local Government, a shift which is likely to be cemented through the review of the Local Government Act. Community expectations in Australia have shifted towards greater transparency and engagement from their Council's, including access to Council meetings, rapid social media responses, regular direct access to Councillors, and full visibility of expenditure. The Shire of York can anticipate increased demand on administrative, governance, and engagement resources due to these shifts.

Ageing population

As with many areas, the Shire of York is experiencing an ageing population, with a third of the population currently over the age of 65. This is likely to impact demand for health and community services, aged care services and facilities, as well as housing, accessibility, and transport requirements. The Shire of York's role in supporting the ageing population is likely to include some direct support service provision, as well as external advocacy and funding for services and infrastructure.

Environmental sustainability

Environmental sustainability and climate change are increasing in focus both globally and locally. For the Shire of York, the impact of this is likely to include preparations and response to extreme weather events, increased environmental requirements and approvals, increasing community expectations around natural resource management, and adapting to electric vehicles.

Workforce Plan 2025 - 2029

Shire of York

6.3 Analysis of Employee Data and Trends

In 2024, a full analysis of employee engagement and turnover data was conducted (see [Appendix B](#) for further detail). In 2025, a refreshed Staff Engagement and Feedback Survey was administered, which shed further light on staff sentiment across the Shire.

While the **Net Promoter Score (NPS)** remained negative at -4 (up from -31), this did not accurately reflect the overall sentiment, wherein 74%* of employees were positive about recommending the Shire as a great place to work.

Employee Engagement was also High overall, and High for all except one of the three types of engagement. This reinforces that employees are passionate about and absorbed in their work and have a high level of dedication, but may be experiencing mild levels of fatigue or burnout – likely associated with the reported workload challenges.

Overall job satisfaction was strong at 85% positive. The Shire's average score of 76.63 is well above the 2025 Australian average of 65.9. **Pride in working at the Shire** also increased on previous years, from 73% in 2024 to 80%.

Key strengths highlighted were:

- Great people who genuinely care
- Manager and team support
- Meaningful work
- Connection to the community
- Work/life balance and flexibility
- Opportunities for learning and growth
- Interesting and variety of work
- Job security and pay

Key improvement opportunities identified were:

- Internal collaboration and peer accountability
- Clear communication and change management
- Workloads and resourcing
- Further development opportunities
- Process improvements and efficiencies
- Recognition and wellbeing focus

**Note: NPS percentages have been rounded to the nearest whole number; however, the 74% figure is correct based on the raw figures.*

6.4 Internal Drivers for Change

After reviewing all available sources of employee data and feedback, the five factors below were identified as key internal 'drivers for change'. See **Appendix B** and **Appendix C** for further detail on employee data analysis and consultation outcomes respectively.

Attracting and retaining qualified staff

New hires, younger (17-24 and 35-44) and female employees, as well as part-time and casual workers, have in the past been over-represented in employee exits. The predominant exit reason was "better opportunity" after lifestyle factors. Data suggests challenges in attracting qualified candidates, attributed to recent trends in housing availability and employment competition. Continuing to promote a strong 'employee value proposition' and enhancing retention and housing strategies is therefore critical.

Workload management and service levels

While spans of control and numbers of direct reports have improved, employee consultation reveals high workloads remain a key challenge. Unsustainable workloads for employees, stemming from high service levels or inefficiencies, contribute to employee stress, disengagement, and attrition. A culture of always being available for drop-ins has led to constant interruptions, further exacerbating workloads. There is also data to suggest some areas are being over-serviced.

Insufficient processes and systems training

Outdated manual record keeping and the use of four disparate systems were flagged as inefficient and time consuming by employees, which has improved but remains a challenge. Additionally, insufficient training compounds these issues, with inadequate resources for continual learning past initial onboarding. Procedures and process maps are not well documented, up to date or accessible for employees to reference. Exploring process automation, the use of AI and resourcing process improvement is likely to support with efficiencies and workload challenges.

Skills gaps in leadership and resilience skills

The 2025 Staff Cultural Survey painted a significantly more positive picture of employee engagement, with an improved NPS and 74% of team members recommending the Shire as a great place to work. However, the survey did identify some key skills gaps. For leaders, there is the opportunity to improve skills in communication and change management, as well as managing performance and recognition. For team members, resilience and workload management skills would further complement the organisational workload interventions.

Lack of cross-team collaboration

Lack of cross-team role clarity and collaboration was identified as a challenge. Lack of visibility and knowledge of the structure and role responsibilities across teams fosters distrust between groups. Additionally, there are significant barriers to cross team interactions resulting in limited opportunity for collaboration, such as the lack of communal spaces, limited interactions across teams and separated work areas.

7. Future Workforce Priorities and Actions

After reviewing all key internal and external data and trends as well as extensive employee and leader consultation, three key focus areas were identified for the Shire of York over the next four years. These are captured in the visual below.

7.1 2025-2029 Priority Areas and Actions

The broad priority areas remain consistent with what was identified in the 2024/25 Workforce Plan:

The specific actions to address these priorities were revisited, and updated in consultation with the Organisational Management Group (OMG) based on progress already made and changing requirements. **From 2024 to 2025, workload management continues to be a high priority area, so a number of new actions were identified to free up and optimise existing resourcing.**

The table on the following page captures the key Workforce Plan actions for the next 4 years. The specific Organisational Chart implications of these changes are then outlined on the following page.

NATURE OF COUNCIL'S ROLE IN THE MATTER

Legislative

PURPOSE OF REPORT

This report presents the annual review of the Information Statement to Council for consideration.

BACKGROUND

The *Freedom of Information Act 1992* requires that each year Council is to publish an up-to-date Information Statement.

The last Information Statement was endorsed by Council at its September 2024 Ordinary Meeting where it resolved (080924):

“That, with regard to the Information Statement 2024/25, Council:

- 1. Adopts the Shire of York Information Statement 2024/25, as presented in Appendix 1.***
- 2. Requests the Chief Executive Officer to:***
 - a. Forward the adopted Information Statement to the Office of the Information Commissioner.***
 - b. Make the Information Statement available on the Shire's website and in hard copy upon request.***
- 3. Authorises the Chief Executive Officer to make any necessary minor typographical and formatting changes prior to publication and submission.”***

COMMENTS AND DETAILS

The purpose of the Information Statement is to provide information to the community about the structure and functions of the local government, how decisions made by Council affect the community and how members of the community can participate in the decision-making process and in the formulation of policies of the local government.

The Information Statement also lists documents held by the Shire and how those documents can be inspected, which documents can be purchased, and what types of documents can only be requested for access through application under the *Freedom of Information Act 1992*.

A comprehensive review was undertaken in 2017/18 with assistance provided from the Office of the Information Commissioner. Only minor changes have been required in the annual reviews undertaken since then.

At its April 2022 Ordinary Meeting, Council adopted a new Council Plan, superseding the Strategic Community Plan and the Corporate Business Plan. This change is reflected in the updated Information Statement for 2025/26.

A copy will be sent to the Information Commissioner once it has been endorsed by Council.

The updated Information Statement for 2025/26, with the proposed amendments indicated by tracked changes, is presented in Appendix 1. A clean version is presented in Appendix 2.

OPTIONS

Council has the following options:

Option 1: Council could choose not to adopt the proposed amendments.

Option 2: Council could choose to seek advice from the Office of the Information Commissioner prior to adopting the Information Statement.

Option 3: Council could choose to adopt the proposed changes to the Information Statement.

Option 3 is the recommended option.

- (g) *a description of the agency's procedures for amending personal information in the documents of the agency under Part 3 including —*
 - (i) *the designation of the officer or officers to whom initial inquiries as to amendment of personal information can be made; and*
 - (ii) *the address or addresses at which applications for amendment of personal information can be lodged."*

Risk Related

There is a moderate risk to Council if it does not update and review its Information Statement on an annual basis. Failure to do so exposes the Shire to a compliance risk.

INTRODUCTION

This Information Statement is published by the Shire of York in accordance with the requirements of Part 5, Section 96(1) of the *Freedom of Information Act 1992* (the FOI Act).

The purpose of this document is to provide information to the community about the structure and functions of the local government, how decisions made by the Council affect the community and how members of the community can participate in the decision-making process and in the formulation of policies of the local government.

This statement describes the kinds of documents that are held by the Shire and the ways access may be given to those documents.

A review of the Information Statement must take place every twelve months.

FREEDOM OF INFORMATION LEGISLATION

Further information about Freedom of Information can be found at the Office of the Freedom of Information Commissioner's website at: www.oic.wa.gov.au. A copy of the FOI Act and associated regulations can also be viewed here.

This Information Statement can be accessed through the Shire of York's website at www.york.wa.gov.au.

THE COMMUNITY'S VISION AND PRIORITIES

COMMUNITY VISION

In April 2025, as part of the Major Strategic Review and in response to Local Government Act Reforms, Council adopted a new Council Plan 2025-2035. This document consolidates the Strategic Community Plan and Corporate Business Plan into one cohesive document that outlines a clear pathway from community aspirations to Council priorities and deliverables for the next ten (10) years.

Shire of York Community Pillars:

1. Community and Cultural Vitality
Aspiration: A strong, inclusive community supporting all cultures and generations.
2. Future-Ready Economy
Aspiration: A diverse, resilient economy with employment and investment growth.
3. Thriving Natural Environment
Aspiration: A climate-resilient, healthy natural environment.
4. Comfortable and Connected Places
Aspiration: Enduring heritage identity, quality infrastructure and built form.
5. Strong Governance, Responsive Leadership
Aspiration: Community-informed, responsive leadership and strong governance.

As part of the 2023 minor review of the Strategic Community Plan, a consolidated vision for York over the next 10 years was developed.

- Diverse Heritage
- Vibrant Community
- Prosperous Future

Shire of York Community Goals:

1. ~~The Place to Be~~

~~Aspiration: To be a close-knit community, full of life, in a welcoming and accessible place for all.~~

2. ~~Driving the York Economy Forward~~

~~Aspiration: To have a vibrant, diverse and prosperous local economy which creates local jobs, business opportunities and a positive image for the Shire.~~

3. ~~A Leader in Sustainable Environment~~

~~Aspiration: To be a place which is renowned for the quality of its natural environment, the astounding beauty of the landscape, and the care taken by the community.~~

4. ~~Built for Lifestyle and Resilience~~

~~Aspiration: To have a built environment which supports community, economy and the environment, respects the past and creates a resilient future.~~

5. ~~Strong Leadership and Governance~~

~~Aspiration: To have effective and responsive leadership and governance, where a sense of collective purpose and shared direction combine to work together.~~

THE COUNCIL AND COUNCILLORS

Council is the governing body of the local government and is made up of seven Elected Members (Councillors). The role of the Council is defined in the *Local Government Act 1995* (the LG Act):

- To direct and control the local government's affairs; and
- To be responsible for the performance of the local government's functions.

Councillors do not have an authority to act or make decisions as individuals. They are members of an elected body that makes decisions on behalf of the local government through a formal meeting process.

The role of each Councillor is to:

- Represent the interests of electors, ratepayers and residents of the district.
- Provide leadership and guidance to the community in the district.
- Facilitate communication between the community and the Council.
- Participate in the local government's decision-making processes at Council meetings; and
- Perform such other functions as are given to a Councillor by the *Local Government Act 1995* or any other written law.

Your elected Councillors are ratepayers or residents who have volunteered to work for the community and provide an avenue for public participation and input on important decisions that affect the way you live.

Local government elections take place every second year on the third Saturday in October, with approximately half the Council retiring at each election. Retiring Council members are eligible for re-election. After each election, Elected Members elect a Shire President and Deputy Shire President amongst themselves.

More information relating to your elected members can be found on the Shire of York website at www.york.wa.gov.au.

OFFICE OF THE CHIEF EXECUTIVE OFFICER

Each local government employs a Chief Executive Officer (CEO) to advise Council members on matters under discussion, administer the day-to-day operations of the local government, carry out the policies

of Council and implement its decisions.

The CEO is responsible to Council for the implementation of Council policies, decisions and budgeted works, the provision of accurate and timely advice to Council, the employment and management of staff and the efficient administration of the Shire.

PUBLIC PARTICIPATION

Council consults the community to seek its views on a number of projects in which it is involved in. Council seeks these views in several ways including advertising online and in local papers, calling public meetings and seeking responses to surveys and questionnaires.

Public Notices & Advertising

The LG Act and other legislation may require the Shire to provide notice of its intention to take a particular course of action or decision. The Shire may also advertise certain proposed courses of action or decisions to provide the community with an opportunity to make submissions. These notices and advertisements generally appear within The West Australian or York & District Community Matters or other local newspapers within the district. Notices are also placed on the Shire of York noticeboards, website, social media pages and distributed via relevant email contact lists.

Council Agendas & Minutes

To facilitate public participation and awareness of Council meetings, the Shire of York advertises the dates, times and places of meetings that are open to members of the public. The advertisements are placed in the local newspapers, on Council's website and on public notice boards located at the Shire Office.

Agendas

Agendas relating to any Council meetings are made available for public inspection at the Shire Office, on Council's website at the same time that they are issued to members of Council, which is on the Thursday (sometimes Friday) prior to the Agenda Briefing.

In certain circumstances, members of the public are not entitled to inspect notice papers or agendas which in the Chief Executive Officer's opinion, relate to a meeting or part of a meeting which is likely to be closed to members of the public in accordance with Section 5.23(2) of the LG Act.

Minutes

Council meeting minutes are available on the Shire's website and for inspection at the Shire Office within ten (10) business days after the meeting.

Recordings

Recordings of the Council meetings are available on the Shire's website.

Formatted: Font: Bold

Council Meetings

An Agenda Briefing for Councillors is usually held on the third Tuesday of each month at 5.00pm and is open to the public.

The Ordinary Council meeting usually takes place on the fourth Tuesday of each month at 5.00pm (except January). Council considers the recommendations made by staff, debate and resolve the recommendations before them.

Council Meetings are open to the public and are conducted in accordance with the Shire of York *Local Government (Council Meetings) Local Law 2016*.

Current Shire Committees

Local governments may appoint committees to share in the decision-making workload as well as to utilise expertise effectively. Committees include Council members, staff from the local government and can also include members of the public.

Council Committees - (within the Shire)

Audit, ~~Risk and Improvement~~ & ~~Risk~~ Committee - *S5.8 Local Government Act 1995*

It is noted Council committees are subject to change and the above lists are accurate, at the date of adoption of this document.

The Shire of York publishes an up-to-date list of all Council Committees and representatives, which can be viewed [here](#).

Local Government (Council Meetings) Local Law 2016

This Local Law relates to the way in which Council and committee meetings are run, particularly the conduct of proceedings of the business of the Council and committee meetings. In governing the proceedings of a meeting, standing orders specifically detail issues such as the order of business, conduct of meetings with regard to determinations by the chairperson, rules of debate, voting, motions and amendments to motions and various miscellaneous matters.

A copy of the Local Law relating to Council Meetings is available for perusal or purchase at the Shire Office. It can also be found on the Shire Website.

Delegated Authority

The Council of a local government may delegate to the CEO the exercise of any of its powers or the discharge of any of its duties. For this to occur, an absolute majority decision is required. There are some limits on powers or duties that can be delegated to the CEO. Comprehensive detail describing such limitations can be found in Section 5.43 of the LG Act.

THE LOCAL GOVERNMENT ACT

Local Government's power is derived from legislation.

The LG Act provides for a system of local government by creating a constitution for elected local government in the State, describing the functions of local governments, providing for the conduct of elections and providing a framework for the administration and financial management of local governments and for the scrutiny of their affairs.

Other important statutes include the *Bush Fires Act*, the *Cemeteries Act*, the *Dog Act*, the *Cat Act* and the *Environmental Protection Act*.

Local governments also derive powers from other Acts. Of these, the most important are the *Health Act*, which vests wide ranging powers in local governments to ensure the health of each community is safeguarded, and the *Town Planning and Development Act*, which gives local governments the power to prepare local planning schemes and ensure orderly development.

POLICIES OF THE LOCAL GOVERNMENT

In order to provide guidance for the officers of the local government, the Council adopts policies that define the structure under which the local government operates.

The policies of the local government are available for public perusal on request at the Shire Office and also on the [Shire of York Website](#).

LOCAL GOVERNMENT LOCAL LAWS

The powers of local governments to provide services and facilities and make local laws are derived from legislation passed in State Parliament. The principal Act from which local governments gain power is the LG Act.

Local Laws were previously called By-laws. The terminology change was implemented by the LG Act. The terminology change does not in any way change the intent of the original By-law.

There are two types of Local Laws that are the 'law' in any local government area. The first type are local laws made by the Governor which may be applicable to a single local government or even to every local government in the State. There are a few such local laws that are statewide applying to this local government and these have been identified as such in their headings.

The second type of local law is adopted by this local government. These local laws apply only to ratepayers and residents of the Shire of York. The power to make a local law and the extent to which it may be applied must be clearly set out in an Act of Parliament. This is sometimes described as the 'Head of Power'. Several different Acts give such powers with perhaps the most important to Council, being the *LG Act*, the *Health Act*, the *Town Planning and Development Act* and the *Bush Fires Act*.

All of the Shire's Local Laws are available for perusal on request at the Shire Office and on the [Shire of York Website](#).

PUBLICATIONS

Where the Shire of York is required or has decided to make certain documents available to the public, then those documents will be available in their most recent format on the Shire of York Website <http://www.york.wa.gov.au>.

The Shire of York will ensure that as much information as possible is made available through the Shire of York website; alternatively, these documents can be made available by attending the Shire of York Administration Office in person or telephoning 9641 0500.

Charges may apply for hard copies of certain documents as per the Council's adopted Fees and Charges.

A publicly accessible computer is available within the library to support community access to information. This computer provides direct access to the library's catalogue.

Requests for information of a general nature may be made in writing to the CEO. Requests for information that are not otherwise listed as available in this statement will be considered in accordance with the FOI Act.

APPLYING FOR DOCUMENTS UNDER THE FREEDOM OF INFORMATION ACT 1992

The FOI Act gives people the right of access to documents held by Ministers, State Government departments, Local Governments and other statutory authorities subject to some limitations. These bodies are called agencies.

People have the right to apply for access to the documents of an agency or a local government. This right is not affected by any reasons the person has for wishing to obtain access or the local government's belief as to what the reasons are for wishing to obtain access.

However, you cannot apply to access documents under the FOI Act if those documents are available for purchase or free distribution to the public or available for inspection under an enactment.

The FOI Act also provides that certain documents or information are exempt. The exemptions in the FOI Act protect some documents from disclosure because their release would have an adverse effect on the private and business interests of individuals or would hinder the proper functioning of government.

Sometimes access to only part of a document will be provided if it contains information considered to be exempt.

REQUIREMENTS FOR AN ACCESS APPLICATION UNDER THE FOI ACT

Application forms are available at the Shire Office. The use of application forms is not mandatory, however access applications must:

- be in writing;
- give an Australian address to which notices can be sent;
- give enough information so that the documents requested can be identified; and

An application fee of \$30 is payable if the applicant is seeking more than their own personal information. Applications may be lodged at the Shire Offices or in person or mailed direct to the:

FOI Coordinator
Shire of York
PO Box 22
YORK WA 6302

Document Definition

A document includes any record or part of a record, and any copy or reproduction. It therefore covers files, computer printouts, maps, plans, photographs, tape recording, films, video tapes or electronically stored information.

Notice of Decision

Applicants will be given a written 'Notice of Decision' by the Decision Maker, of the Shire of York. The 'Notice of Decision' will provide reasons if access to the requested document/s is refused or only partial access granted. An applicant's rights of review will be included in the "Notice of Decision".

Fees & Charges

A scale of fees and charges is set under the *Freedom of Information Regulations 1993*. Apart from the application fee for non-personal information, all charges are discretionary, meaning that it is left to the

Shire's discretion whether a charge will apply or not. Straightforward applications usually incur only the application fee. The charges are as follows:

Type of Fee	
Application - personal information about the applicant	Free of charge
Application Fee under Section 12(1)(e) of the FOI Act (non-personal information)	\$30
Type of Charge	
Charge for time taken by staff dealing with the application	\$30/hour or pro rata
Charge for access time supervised by staff	\$30/hour or pro rata plus, additional cost to agency of any special arrangements (e.g. hire of facilities or equipment)
Charge for photocopying - staff time	\$30/hour or pro rata
Charge for photocopying - per copy	\$0.20
Charge for transcribing from tape, film or computer	\$30/hour or pro rata
Charge for duplicating a tape, file or computer information	At cost
Charge for delivery, packaging and postage	At cost
Advance Deposits	
Advanced deposit may be required under Section 18(1) of the FOI Act, expressed as a percentage of the estimated charges payable in excess of the application fee	25%
Further advanced deposit may be required under Section 18(4) of the FOI Act, expressed as a percentage of the estimated charges payable in excess of the application fee	75%

An estimate of charges will be provided if the cost is expected to exceed \$25.00.

For financially disadvantaged applicants, or those issued with prescribed pensioner concession cards, the charges payable are reduced by 25%.

No charges apply for searching, identifying or collating the documents.

Access Arrangements

Access to documents can be granted by way of inspection, a copy of a document, a copy of an audio or video tape, a thumb drive, a transcript of a recorded, shorthand or encoded document from which words can be reproduced.

Appeals for Review

If you are not satisfied with the decision made in relation to your request, you can request a review of the Shire's decision.

Internal Review by the Shire of York

If you are dissatisfied with the Shire's decision, you can seek an internal review of the decision from the Shire. If the initial decision was made by the CEO you cannot apply for an internal review but you can seek an external review with the Office of the Information Commissioner.

To apply for an internal review:

- You must submit a letter or complete an 'internal review application form' and lodge it with the Shire within 30 days after being given the Shire's notice of decision.
- The lodgement must give details of the decision you wish to have reviewed and give an address in Australia to which notices can be sent.
- The Shire is required to provide you with a notice of its internal review decision within 15 days of you lodging your application for review.

External Review by the Information Commissioner

If after an internal review has been completed or if the Chief Executive Officer was the issuing officer of the Notice of Decision and you are still dissatisfied with the Shire's decision, you can make a complaint to the Information Commissioner.

The complaint must be made in writing to the Information Commissioner and you must supply an address to which notices may be sent to you.

You must also give particulars of the decision you want reviewed and attach a copy of the Shire's notice decision on internal review or the decision of the Chief Executive Officer if internal review is not available.

If you are seeking access to documents or an amendment of personal information, your complaint must be lodged within 60 days after being given written notice of the Shire's decision. If you are a third party to an application for access to personal or commercial or business information concerning yourself, your complaint must be lodged within 30 days after being given written notice of the Shire's decision. There is no charge for review by the Information Commissioner.

Further details can be obtained at the Shire Office.

The Information Commissioner can be contacted at the following:

The Office of the Information Commissioner

Email: info@oic.wa.gov.au
Internet: <http://www.oic.wa.gov.au/>

Appeals to the Supreme Court

Section 85 of the FOI Act provides that any party to a complaint may appeal to the Supreme Court on any question of law arising out of a decision of the Information Commissioner, except for a decision as to the deferral of access to a document, the charges to be imposed for dealing with an access application and the payment of a deposit on account of charges.

Amending Personal Information

The right to amend personal information held by the Shire ensures information does not unfairly harm the person referred to, misrepresent facts about them or give a misleading impression. An application can be made to the ~~Executive Manager Corporate & Community Services or the~~ Chief Executive Officer to correct or amend any documents containing an individual's personal information.

The application must be in writing, providing details and if necessary, documentation to support claims that the information the applicant seeks to have amended is inaccurate, incomplete, out of date or misleading.

The Shire will inform the applicant of its decision and its reasons and will advise the applicant of their right of review should they be dissatisfied with the Shire's decision.

THE COMMUNITY'S VISION AND PRIORITIES

COMMUNITY VISION

In April 2025, as part of the Major Strategic Review and in response to Local Government Act Reforms, Council adopted a new Council Plan 2025-2035. This document consolidates the Strategic Community Plan and Corporate Business Plan into one cohesive document that outlines a clear pathway from community aspirations to Council priorities and deliverables for the next ten (10) years.

Shire of York Community Pillars:

1. Community and Cultural Vitality
Aspiration: A strong, inclusive community supporting all cultures and generations.
2. Future-Ready Economy
Aspiration: A diverse, resilient economy with employment and investment growth.
3. Thriving Natural Environment
Aspiration: A climate-resilient, healthy natural environment.
4. Comfortable and Connected Places
Aspiration: Enduring heritage identity, quality infrastructure and built form.
5. Strong Governance, Responsive Leadership
Aspiration: Community-informed, responsive leadership and strong governance.

THE COUNCIL AND COUNCILLORS

Council is the governing body of the local government and is made up of seven Elected Members (Councillors). The role of the Council is defined in the *Local Government Act 1995* (the LG Act):

- To direct and control the local government's affairs; and

- To be responsible for the performance of the local government's functions.

Councillors do not have an authority to act or make decisions as individuals. They are members of an elected body that makes decisions on behalf of the local government through a formal meeting process.

The role of each Councillor is to:

- Represent the interests of electors, ratepayers and residents of the district.
- Provide leadership and guidance to the community in the district.
- Facilitate communication between the community and the Council.
- Participate in the local government's decision-making processes at Council meetings; and
- Perform such other functions as are given to a Councillor by the *Local Government Act 1995* or any other written law.

Your elected Councillors are ratepayers or residents who have volunteered to work for the community and provide an avenue for public participation and input on important decisions that affect the way you live.

Local government elections take place every second year on the third Saturday in October, with approximately half the Council retiring at each election. Retiring Council members are eligible for re-election. After each election, Elected Members elect a Shire President and Deputy Shire President amongst themselves.

More information relating to your elected members can be found on the Shire of York website at www.york.wa.gov.au.

OFFICE OF THE CHIEF EXECUTIVE OFFICER

Each local government employs a Chief Executive Officer (CEO) to advise Council members on matters under discussion, administer the day-to-day operations of the local government, carry out the policies of Council and implement its decisions.

The CEO is responsible to Council for the implementation of Council policies, decisions and budgeted works, the provision of accurate and timely advice to Council, the employment and management of staff and the efficient administration of the Shire.

PUBLIC PARTICIPATION

Council consults the community to seek its views on a number of projects in which it is involved in. Council seeks these views in several ways including advertising online and in local papers, calling public meetings and seeking responses to surveys and questionnaires.

Public Notices & Advertising

The LG Act and other legislation may require the Shire to provide notice of its intention to take a particular course of action or decision. The Shire may also advertise certain proposed courses of action or decisions to provide the community with an opportunity to make submissions. These notices and advertisements generally appear within The West Australian or York & District Community Matters or other local newspapers within the district. Notices are also placed on the Shire of York noticeboards, website, social media pages and distributed via relevant email contact lists.

Council Agendas & Minutes

To facilitate public participation and awareness of Council meetings, the Shire of York advertises the dates, times and places of meetings that are open to members of the public. The advertisements are

placed in the local newspapers, on Council's website and on public notice boards located at the Shire Office.

Agendas

Agendas relating to any Council meetings are made available for public inspection at the Shire Office, on Council's website at the same time that they are issued to members of Council, which is on the Thursday (sometimes Friday) prior to the Agenda Briefing.

In certain circumstances, members of the public are not entitled to inspect notice papers or agendas which in the Chief Executive Officer's opinion, relate to a meeting or part of a meeting which is likely to be closed to members of the public in accordance with Section 5.23(2) of the LG Act.

Minutes

Council meeting minutes are available on the Shire's website and for inspection at the Shire Office within ten (10) business days after the meeting.

Recordings

Recordings of the Council meetings are available on the Shire's website.

Council Meetings

An Agenda Briefing for Councillors is usually held on the third Tuesday of each month at 5.00pm and is open to the public.

The Ordinary Council meeting usually takes place on the fourth Tuesday of each month at 5.00pm (except January). Council considers the recommendations made by staff, debate and resolve the recommendations before them.

Council Meetings are open to the public and are conducted in accordance with the Shire of *York Local Government (Council Meetings) Local Law 2016*.

Current Shire Committees

Local governments may appoint committees to share in the decision-making workload as well as to utilise expertise effectively. Committees include Council members, staff from the local government and can also include members of the public.

Council Committees - (within the Shire)

Audit, Risk and Improvement Committee - *S5.8 Local Government Act 1995*

The Shire of York publishes an up-to-date list of all Council Committees and representatives, which can be viewed [here](#).

Local Government (Council Meetings) Local Law 2016

This Local Law relates to the way in which Council and committee meetings are run, particularly the conduct of proceedings of the business of the Council and committee meetings. In governing the proceedings of a meeting, standing orders specifically detail issues such as the order of business, conduct of meetings with regard to determinations by the chairperson, rules of debate, voting, motions and amendments to motions and various miscellaneous matters.

A copy of the Local Law relating to Council Meetings is available for perusal or purchase at the Shire Office. It can also be found on the Shire Website.

Delegated Authority

The Council of a local government may delegate to the CEO the exercise of any of its powers or the discharge of any of its duties. For this to occur, an absolute majority decision is required. There are some limits on powers or duties that can be delegated to the CEO. Comprehensive detail describing such limitations can be found in Section 5.43 of the LG Act.

THE LOCAL GOVERNMENT ACT

Local Government's power is derived from legislation.

The LG Act provides for a system of local government by creating a constitution for elected local government in the State, describing the functions of local governments, providing for the conduct of elections and providing a framework for the administration and financial management of local governments and for the scrutiny of their affairs.

Other important statutes include the *Bush Fires Act*, the *Cemeteries Act*, the *Dog Act*, the *Cat Act* and the *Environmental Protection Act*.

Local governments also derive powers from other Acts. Of these, the most important are the *Health Act*, which vests wide ranging powers in local governments to ensure the health of each community is safeguarded, and the *Town Planning and Development Act*, which gives local governments the power to prepare local planning schemes and ensure orderly development.

POLICIES OF THE LOCAL GOVERNMENT

In order to provide guidance for the officers of the local government, the Council adopts policies that define the structure under which the local government operates.

The policies of the local government are available for public perusal on request at the Shire Office and also on the [Shire of York Website](#).

LOCAL GOVERNMENT LOCAL LAWS

The powers of local governments to provide services and facilities and make local laws are derived from legislation passed in State Parliament. The principal Act from which local governments gain power is

the LG Act.

Local Laws were previously called By-laws. The terminology change was implemented by the LG Act. The terminology change does not in any way change the intent of the original By-law.

There are two types of Local Laws that are the 'law' in any local government area. The first type are local laws made by the Governor which may be applicable to a single local government or even to every local government in the State. There are a few such local laws that are statewide applying to this local government and these have been identified as such in their headings.

The second type of local law is adopted by this local government. These local laws apply only to ratepayers and residents of the Shire of York. The power to make a local law and the extent to which it may be applied must be clearly set out in an Act of Parliament. This is sometimes described as the 'Head of Power'. Several different Acts give such powers with perhaps the most important to Council, being the *LG Act*, the *Health Act*, the *Town Planning and Development Act* and the *Bush Fires Act*.

All of the Shire's Local Laws are available for perusal on request at the Shire Office and on the [Shire of York Website](#).

A publicly accessible computer is available within the library to support community access to information. This computer provides direct access to the library's catalogue.

Requests for information of a general nature may be made in writing to the CEO. Requests for information that are not otherwise listed as available in this statement will be considered in accordance with the FOI Act.

APPLYING FOR DOCUMENTS UNDER THE FREEDOM OF INFORMATION ACT 1992

The FOI Act gives people the right of access to documents held by Ministers, State Government departments, Local Governments and other statutory authorities subject to some limitations. These bodies are called agencies.

People have the right to apply for access to the documents of an agency or a local government. This right is not affected by any reasons the person has for wishing to obtain access or the local government's belief as to what the reasons are for wishing to obtain access.

However, you cannot apply to access documents under the FOI Act if those documents are available for purchase or free distribution to the public or available for inspection under an enactment.

The FOI Act also provides that certain documents or information are exempt. The exemptions in the FOI Act protect some documents from disclosure because their release would have an adverse effect on the private and business interests of individuals or would hinder the proper functioning of government.

Sometimes access to only part of a document will be provided if it contains information considered to be exempt.

REQUIREMENTS FOR AN ACCESS APPLICATION UNDER THE FOI ACT

Application forms are available at the Shire Office. The use of application forms is not mandatory, however access applications must:

- be in writing;
- give an Australian address to which notices can be sent;
- give enough information so that the documents requested can be identified; and

An application fee of \$30 is payable if the applicant is seeking more than their own personal information. Applications may be lodged at the Shire Offices or in person or mailed direct to the:

FOI Coordinator
Shire of York
PO Box 22
YORK WA 6302

Document Definition

A document includes any record or part of a record, and any copy or reproduction. It therefore covers files, computer printouts, maps, plans, photographs, tape recording, films, video tapes or electronically stored information.

Notice of Decision

Applicants will be given a written 'Notice of Decision' by the Decision Maker, of the Shire of York. The 'Notice of Decision' will provide reasons if access to the requested document/s is refused or only partial access granted. An applicant's rights of review will be included in the "Notice of Decision".

Fees & Charges

A scale of fees and charges is set under the *Freedom of Information Regulations 1993*. Apart from the application fee for non-personal information, all charges are discretionary, meaning that it is left to the

Shire's discretion whether a charge will apply or not. Straightforward applications usually incur only the application fee. The charges are as follows:

Type of Fee	
Application - personal information about the applicant	Free of charge
Application Fee under Section 12(1)(e) of the FOI Act (non-personal information)	\$30
Type of Charge	
Charge for time taken by staff dealing with the application	\$30/hour or pro rata
Charge for access time supervised by staff	\$30/hour or pro rata plus, additional cost to agency of any special arrangements (e.g. hire of facilities or equipment)
Charge for photocopying - staff time	\$30/hour or pro rata
Charge for photocopying - per copy	\$0.20
Charge for transcribing from tape, film or computer	\$30/hour or pro rata
Charge for duplicating a tape, file or computer information	At cost
Charge for delivery, packaging and postage	At cost
Advance Deposits	
Advanced deposit may be required under Section 18(1) of the FOI Act, expressed as a percentage of the estimated charges payable in excess of the application fee	25%
Further advanced deposit may be required under Section 18(4) of the FOI Act, expressed as a percentage of the estimated charges payable in excess of the application fee	75%

An estimate of charges will be provided if the cost is expected to exceed \$25.00.

For financially disadvantaged applicants, or those issued with prescribed pensioner concession cards, the charges payable are reduced by 25%.

No charges apply for searching, identifying or collating the documents.

Access Arrangements

Access to documents can be granted by way of inspection, a copy of a document, a copy of an audio or video tape, a thumb drive, a transcript of a recorded, shorthand or encoded document from which words can be reproduced.

Appeals for Review

If you are not satisfied with the decision made in relation to your request, you can request a review of the Shire's decision.

Internal Review by the Shire of York

If you are dissatisfied with the Shire's decision, you can seek an internal review of the decision from the Shire. If the initial decision was made by the CEO you cannot apply for an internal review but you can seek an external review with the Office of the Information Commissioner.

To apply for an internal review:

- You must submit a letter or complete an 'internal review application form' and lodge it with the Shire within 30 days after being given the Shire's notice of decision.
- The lodgement must give details of the decision you wish to have reviewed and give an address in Australia to which notices can be sent.
- The Shire is required to provide you with a notice of its internal review decision within 15 days of you lodging your application for review.

External Review by the Information Commissioner

If after an internal review has been completed or if the Chief Executive Officer was the issuing officer of the Notice of Decision and you are still dissatisfied with the Shire's decision, you can make a complaint to the Information Commissioner.

The complaint must be made in writing to the Information Commissioner and you must supply an address to which notices may be sent to you.

You must also give particulars of the decision you want reviewed and attach a copy of the Shire's notice decision on internal review or the decision of the Chief Executive Officer if internal review is not available.

If you are seeking access to documents or an amendment of personal information, your complaint must be lodged within 60 days after being given written notice of the Shire's decision. If you are a third party to an application for access to personal or commercial or business information concerning yourself, your complaint must be lodged within 30 days after being given written notice of the Shire's decision. There is no charge for review by the Information Commissioner.

Further details can be obtained at the Shire Office.

The Information Commissioner can be contacted at the following:

The Office of the Information Commissioner
Albert Facey House

Internet: <http://www.oic.wa.gov.au/>

Appeals to the Supreme Court

Section 85 of the FOI Act provides that any party to a complaint may appeal to the Supreme Court on any question of law arising out of a decision of the Information Commissioner, except for a decision as to the deferral of access to a document, the charges to be imposed for dealing with an access application and the payment of a deposit on account of charges.

Amending Personal Information

The right to amend personal information held by the Shire ensures information does not unfairly harm the person referred to, misrepresent facts about them or give a misleading impression. An application can be made to the Chief Executive Officer to correct or amend any documents containing an individual's personal information.

The application must be in writing, providing details and if necessary, documentation to support claims that the information the applicant seeks to have amended is inaccurate, incomplete, out of date or misleading.

The Shire will inform the applicant of its decision and its reasons and will advise the applicant of their right of review should they be dissatisfied with the Shire's decision.

PURPOSE OF REPORT

This report presents the proposed closure of Shire facilities and services during the 2025/26 Christmas and New Year period for Council's consideration.

BACKGROUND

Each year, Council considers and approves the days on which each of the Shire's facilities and services will be closed during the Christmas and New Year period.

COMMENTS AND DETAILS

Officers are proposing the following closures:

TABLE 1.

FACILITY/SERVICE	PROPOSED CLOSURE PERIOD	COMMENTS
Administration Office and Library	Close 1:00pm Wednesday 24 December 2025. Reopen Monday 5 January 2026.	The Administration Office will be closed the standard public holidays, plus four (4) days.
Shire Depot	Close 1:00pm Wednesday 24 December 2025. Reopen Monday 5 January 2026.	The on-call service will continue to operate over this period, including Ranger services. A skeleton staff (Depot-based) will be available to address any issues that arise.
Containers for Change	No closure required.	No closure required.
Swimming Pool	Closed Christmas Day and New Year's Day.	Opening on Boxing Day has proven to be worthwhile for the community.
Residency Museum	Close 3:00pm Friday 19 December 2025.	This is in line with the Administration Office closure.

	Reopen Friday 9 January 2026.	
Visitors Centre	Early close 1:00pm Wednesday 24 December 2025. Closed, Christmas Day, Boxing Day and New Year's Day. Re-open Monday 29 December 2025.	Proposing to operate as normal outside of the public holidays. Over the 2024/25 Christmas period the team were frequently closing the doors on visitors and having visitors arrive after the early closure times. In addition, visitors were seeking information from non-Shire venues that were open.
Community Resource Centre	Close 1:00pm Wednesday 24 December 2025. Reopen Monday 5 January 2026.	This is in line with the Administration Office closure.
York Recreation and Convention Centre	Not applicable	Opening hours will be determined by the current Lessee, York Bowling Club Inc. The Shire of York currently have no staff based at this facility.

The Chief Executive Officer will ensure the on-call service will be active during the Christmas/New Year period and a skeleton staff (Depot-based) will be available to address any issues that arise. Staff will take leave for those days the organisation is closed which are not public holidays.

The proposed closures have been based on last year's dates which seemed to work well with the community and visitors. Increased hours are proposed for the Visitor's Centre due to reported demand during the Christmas/New Year period.

OPTIONS

Council has the following options:

Option 1: Council could choose to accept the proposed closures.

Option 2 Council could choose to change any of the proposed closures. However, Officers have consulted with staff and taken into consideration historical precedence when proposing the recommended closures.

Option 1 is the recommended option.

IMPLICATIONS TO CONSIDER

Consultative

Stakeholders have been consulted to develop this list of closures.

The public will be advised of the closures once agreed upon by Council.

Avon Waste is yet to advise details of the waste collection service during this period. Once the information becomes available it will be advertised accordingly.

Risk Related

The main risk during this time is responding to emergencies or undertaking emergency maintenance and/or essential services. The Chief Executive Officer will ensure the on-call service will be active during the Christmas/New Year period and a skeleton staff (Depot-based) will be available to address any issues that arise. The Chief Executive Officer will also ensure a Senior Officer is contactable on any given day during the period.

Workforce

The proposed closures allow staff to take the gazetted public holidays and accrued leave. Approval may be given for Officers to work on non-public holiday days during the two (2) week closure, upon request. Requests will be considered on a case-by-case basis by Senior Officers. The preference would be for all those working to be at the same location for Work Health and Safety reasons.

Financial

The financial impact of the items considered by the ARIC is detailed within the meeting minutes and the individual appendices to each report.

In accordance with Section 5.100(2)(b) of the *Local Government Act 1995* and Council Resolution 170625, the external members of the ARIC are paid a Meeting Fee for attendance with an allocation in the 2025/26 budget at GL: 042200.

Legal and Statutory

Section 7.1A of the *Local Government Act 1995* is applicable and states:

“7.1A. Audit committee

(1) *A local government is to establish an audit committee of 3 or more persons to exercise the powers and discharge the duties conferred on it.*

(2) *The members of the audit committee of a local government are to be appointed* by the local government and at least 3 of the members, and the majority of the members, are to be council members.*

** Absolute majority required.*

(3) *A CEO is not to be a member of an audit committee and may not nominate a person to be a member of an audit committee or have a person to represent the CEO as a member of an audit committee.*

(4) *An employee is not to be a member of an audit committee.”*

Regulation 16 and 17 of the *Local Government (Audit) Regulations 1996* are applicable to the functions of an audit committee and state:

“16. Functions of audit committee

An audit committee has the following functions —

- (a) to guide and assist the local government in carrying out —
 - (i) its functions under Part 6 of the Act; and*
 - (ii) its functions relating to other audits and other matters related to financial management;**
- (b) to guide and assist the local government in carrying out the local government’s functions in relation to audits conducted under Part 7 of the Act;*
- (c) to review a report given to it by the CEO under regulation 17(3) (the CEO’s report) and is to —
 - (i) report to the council the results of that review; and*
 - (ii) give a copy of the CEO’s report to the council;**
- (d) to monitor and advise the CEO when the CEO is carrying out functions in relation to a review under —
 - (i) regulation 17(1); and*
 - (ii) the Local Government (Financial Management) Regulations 1996 regulation 5(2)(c);**
- (e) to support the auditor of the local government to conduct an audit and carry out the auditor’s other duties under the Act in respect of the local government;*
- (f) to oversee the implementation of any action that the local government —
 - (i) is required to take by section 7.12A(3); and*
 - (ii) has stated it has taken or intends to take in a report prepared under section 7.12A(4)(a); and*
 - (iii) has accepted should be taken following receipt of a report of a review conducted under regulation 17(1); and*
 - (iv) has accepted should be taken following receipt of a report of a review conducted under the Local Government (Financial Management) Regulations 1996 regulation 5(2)(c);**
- (g) to perform any other function conferred on the audit committee by these regulations or another written law.*

17. CEO to review certain systems and procedures

- (1) The CEO is to review the appropriateness and effectiveness of a local government’s systems and procedures in relation to —
 - (a) risk management; and*
 - (b) internal control; and*
 - (c) legislative compliance.**
- (2) The review may relate to any or all of the matters referred to in subregulation (1)(a), (b) and (c), but each of those matters is to be the subject of a review not less than once in every 3 financial years.*
- (3) The CEO is to report to the audit committee the results of that review.”*

Risk Related

The ARIC plays a key role in overseeing the local government’s responsibilities in relation to financial reporting, internal controls, risk management and legislative compliance. This report mitigates the risk of non-compliance.

Workforce

The scope of this report can be managed within current operational capacity.

HELD AT THE COUNCIL CHAMBERS, YORK TOWN HALL, YORK
ON TUESDAY, 9 SEPTEMBER 2025 AT 3:00PM**

1 OPENING

1.1 Declaration of Opening

Ms Shona Zulsdorf, Presiding Member, declared the meeting open at 3.01pm.

1.2 Acknowledgement / Disclaimer

The Presiding Member advised the following:

"The Shire of York Audit, Risk & Improvement Committee acknowledges the Ballardong people of the Noongar Nation who are the Traditional Owners of the country where this meeting is being held and recognise their continuing connection to land, water, sky and culture. We pay our respects to all these people and their Elders past, present and emerging.

In accordance with Regulations 14I and 14J of the Local Government (Administration) Regulations 1996, notice is given that this meeting is being video and audio recorded to facilitate community participation and for minute-taking purposes. By being present at a meeting, members of the public consent to the possibility that their image and voice may be recorded. Audio recordings are published on the Shire's website following the meeting and may be released upon request to third parties.

Members of the public are reminded that, in accordance with Section 6.16 of the Shire of York Local Government (Council Meetings) Local Law 2016, nobody shall use any visual or vocal recording device or instrument to record the proceedings of Audit, Risk and Improvement Committee without the written permission of the Presiding Member.

I wish to draw attention to the Disclaimer Notice contained within the agenda document and advise members of the public that any decisions made at the meeting today can be revoked in accordance with Regulation 10 of the Local Government (Administration) Regulations 1996. Therefore, members of the public should not rely on any decisions until formal notification in writing from the Shire has been received.

NATURE OF COUNCIL'S ROLE IN THE MATTER

Legislative

PURPOSE OF REPORT

This report presents applications to the Audit, Risk and Improvement Committee (ARIC) for the appointment of its independent external members, who will also be its Presiding Member and Deputy Presiding Member.

BACKGROUND

The ARIC has had external member representation since September 2021. Most recently, Council considered the ARIC's external member representation due to the Local Government Act reforms requiring audit, risk and improvement committees to have an independent Chair and Deputy Chair.

At its June 2025 Meeting Council resolved (in part) (170625):

"That, with regard to the Minutes and Recommendations of the Audit and Risk Committee Meeting held on 10 June 2025, Council:

- 1. Receives the Unconfirmed Minutes of the Audit and Risk Committee (the ARC) Meeting held on 10 June 2025, as presented in Appendix 1, and by adopting the following recommendations of the ARC, Council:***
 - a. Notes the change of title of Council's Audit and Risk Committee to the Audit, Risk and Improvement Committee.***
 - b. Adopts the reviewed Terms of Reference for the Audit, Risk and Improvement Committee, as presented in Appendix 1.***
 - c. Appoints Shona Zulsdorf as the Presiding Member and Justin Lee as the Deputy Presiding Member of the Shire of York Audit, Risk and Improvement Committee.***
 - d. Approves the meeting sitting fee for the Presiding Member of the Shire of York Audit, Risk and Improvement Committee of \$250, to be reviewed once the Salaries and Allowances Tribunal has released its Determination on the matter.***
 - e. Directs the Chief Executive Officer to advertise for the external members of the Shire of York Audit, Risk and Improvement Committee, with the nominations to be presented to the Audit, Risk and Improvement Committee's September 2025 Ordinary Meeting, noting the anticipated appointment will be effective from the October 2025 Ordinary Local Government Election."***

COMMENTS AND DETAILS

In accordance with point 1e of Council's resolution, local public notice of the Expression of Interest (EOI) for the ARIC's external members was provided from Thursday 26 June 2025 and closed at 12.00pm on Friday 29 August 2025. Notification was provided via the Shire's website, social media, e-newsletter, noticeboards and the York & Districts Community Matters newspaper.

Applicants were requested to provide a recent CV and a cover letter detailing:

1. Their background, experience and qualifications relevant to the Terms of Reference, including as Presiding Member and/or Deputy Presiding Member of other audit, risk and improvement committees.
2. Their previous experience or involvement in local government, community organisations or committees relevant to the Terms of Reference, including as Presiding Member and/or Deputy Presiding Member.
3. Their motivation for joining the committee.
4. Their ability to commit to meeting attendance.

Applicants were also required to address the following selection criteria:

1. A suitably experienced professional who can demonstrate a high level of expertise and knowledge in financial management, risk management, governance, legislative compliance, audit (internal and external), internal controls and assurance processes in a local government setting.
2. Have a sound understanding or experience in performing the role of Presiding Member and/or Deputy Presiding Member.
3. Have an understanding of the duties and responsibilities of the position, ideally with respect to local government financial reporting and auditing requirements.

Audit, Risk and Improvement Committee Meeting Minutes

9 September 2025

4. Have strong communication skills.
5. Have relevant qualifications, skills and experience in providing independent audit advice, particularly on audit and risk committees.
6. Be a person with no operating responsibilities with the Shire of York nor provide paid services to the Shire either directly or indirectly.

External members are appointed for a period of two (2) years, in line with the standard terms of office for Council. It is essential that applicants can commit to the term of office and attend the meetings (preferably in-person) during that period. Section 5.11(1)(d) of the *Local Government Act 1995* states that a committee member's membership continues until the next ordinary elections day, being Saturday 16 October 2027.

In addition to being members of the ARIC and as mentioned above, the Local Government Act Reform is introducing the need for an independent chair and independent deputy chair to be appointed to all audit, risk and improvement committees. Further information on those reforms is available on the Department of Local Government, Industry Regulation and Safety's website [Fact sheet: Reforms to governance and committees](#). Accordingly, the external members appointed to the ARIC will be expected to fulfill those roles.

At the close of applications, four (4) requests for the EOI documentation had been received and three (3) applications submitted.

Officers have reviewed the applications and provide the following comment.

TABLE 1.

APPLICANT	COMMENT
Applicant 1	<p>Applicant has addressed each of the selection criteria and provided examples to demonstrate understanding and experience.</p> <p>Applicant has significant experience across State and Local Government, audit committees and private sector and not-for-profit Boards, including as Chair.</p> <p>Applicant has previous experience with other local government and the Shire of York's ARICs including as Chair and/or Deputy Chair.</p>
Applicant 2	<p>Applicant has addressed each of the selection criteria and provided examples to demonstrate understanding and experience.</p> <p>Applicant has significant experience across State and Local Government, audit committees and private sector Boards, including as Deputy Chair.</p>
Applicant 3	<p>Applicant has addressed each of the selection criteria.</p> <p>Applicant has Executive experience in the private sector (resources, energy and construction) and involvement in Boards and community organisations.</p>

The ARIC may wish to close the meeting to the public in accordance with Section 5.23(2)(b) of the *Local Government Act 1995* to discuss the applications in detail.

The appointment is for up to two (2) external members for a term of two (2) years. In a process similar to Schedule 4.1A of the *Local Government Act 1995*, if an external member resigns, it is proposed that the position will be offered to the third applicant in the first instance, provided they are still interested and available. If not, a separate EOI process will be conducted.

OPTIONS

The ARIC has the following options:

Option 1: The ARIC could choose to recommend to Council that it endorses Applicant 1 and Applicant 2 as the independent external members to the ARIC effective from 18 October 2025, noting they will be the Presiding Member and Deputy Presiding

Audit, Risk and Improvement Committee Meeting Minutes

Member respectively and directs the Chief Executive Officer to notify Applicant 3 of the outcome.

Option 2: The ARIC could choose to recommend to Council that it endorses different applicants as the independent external members to the ARIC, identifying which applicants they are and directs the Chief Executive Officer to notify the applicants of the outcome.

Option 3: The ARIC could choose to recommend to Council that it rejects all applications and directs the Chief Executive Officer to notify all applicants of the outcome and run another EOI process.

Option 1 is the recommended option.

Financial

External members are paid a meeting fee in accordance with Section 5.100(2) of the *Local Government Act 1995*, Council resolutions 100324 and 170625, and the Salaries and Allowances Tribunal Determination. These fees are currently \$250 per meeting for the Presiding Member and \$172 per meeting for the Deputy Presiding Member. The Salaries and Allowances Tribunal Determination released on 4 April 2025, effective from 1 July 2025, provides the sitting fee for Independent Committee Members for Bands 1-4 local governments as being between \$0 to \$450 per meeting.

While the April 2025 Determination is silent on a separate and/or increased fee being paid for Independent Members fulfilling the role of Presiding Member it is noted that the Tribunal will determine rates with respect to this at a future date, to coincide with the commencement of the legislative reforms. The meeting fees will be reviewed again once the Salaries and Allowances Tribunal have released its Determination on that matter.

Legal and Statutory

Sections 5.10, 5.11 and 5.100 of the *Local Government Act 1995* are applicable and state:

“5.10. Committee members, appointment of

(1) A committee is to have as its members —

- (a) persons appointed* by the local government to be members of the committee (other than those referred to in paragraph (b)); and
- (b) persons who are appointed to be members of the committee under subsection (4) or (5).

* Absolute majority required.

(2) At any given time each council member is entitled to be a member of at least one committee referred to in section 5.9(2)(a) or (b) and if a council member nominates himself or herself

- (3) *Section 52 of the Interpretation Act 1984 applies to appointments of committee members other than those appointed under subsection (4) or (5) but any power exercised under section 52(1) of that Act can only be exercised on the decision of an absolute majority of the council.*
- (4) *If at a meeting of the council a local government is to make an appointment to a committee that has or could have a council member as a member and the mayor or president informs the local government of his or her wish to be a member of the committee, the local government is to appoint the mayor or president to be a member of the committee.*
- (5) *If at a meeting of the council a local government is to make an appointment to a committee that has or will have an employee as a member and the CEO informs the local government of his or her wish —*

- (a) *to be a member of the committee; or*
- (b) *that a representative of the CEO be a member of the committee,*

the local government is to appoint the CEO or the CEO's representative, as the case may be, to be a member of the committee."

"5.11. Committee membership, tenure of

- (1) *Where a person is appointed as a member of a committee under section 5.10(4) or (5), the person's membership of the committee continues until —*
 - (a) *the person no longer holds the office by virtue of which the person became a member, or is no longer the CEO, or the CEO's representative, as the case may be; or*
 - (b) *the person resigns from membership of the committee; or*
 - (c) *the committee is disbanded; or*
 - (d) *the next ordinary elections day,**whichever happens first.*
- (2) *Where a person is appointed as a member of a committee other than under section 5.10(4) or (5), the person's membership of the committee continues until —*
 - (a) *the term of the person's appointment as a committee member expires; or*
 - (b) *the local government removes the person from the office of committee member or the office of committee member otherwise becomes vacant; or*
 - (c) *the committee is disbanded; or*
 - (d) *the next ordinary elections day,**whichever happens first.*

5.100. Fees paid and expenses reimbursed to committee members

- (1) *In this section —*

9 September 2025

- (b) *if the local government has set a fee within the range determined for committee meeting attendance fees — that fee.*
- (3) *A committee member who attends a meeting of a prescribed type at the request of the council is entitled to be paid —*
 - (a) *the fee determined for attending a meeting of that type; or*
 - (b) *if the local government has set a fee within the range determined for meetings of that type — that fee.*
- (4) *Subsection (5) applies if a committee member incurs —*
 - (a) *an expense that is of a kind prescribed as being an expense to be reimbursed by all local governments; or*
 - (b) *an expense —*
 - (i) *that is of a kind prescribed as being an expense which may be approved by any local government for reimbursement by the local government; and*
 - (ii) *which has been approved by the local government for reimbursement.*
- (5) *The committee member must be reimbursed for the expense —*
 - (a) *if the extent of reimbursement for the expense has been determined — to that extent; or*
 - (b) *if the local government has set the extent to which the expense can be reimbursed and that extent is within the range determined for reimbursement — to that extent.*
- (6) *If an expense is of a kind that may be approved by a local government for reimbursement, the local government may approve reimbursement of the expense either generally or in a particular case but nothing in this subsection limits the application of subsection (5) if the local government has approved reimbursement of the expense in a particular case.*
- (7) *A local government cannot make any payment to, or reimburse an expense of, a person who is a committee member in that person's capacity as committee member unless the payment or reimbursement is in accordance with this section."*

Section 7.1A of the Local Government Act 1995 is also applicable and states:

"7.1A. Audit committee

- (1) *A local government is to establish an audit committee of 3 or more persons to exercise the powers and discharge the duties conferred on it.*
- (2) *The members of the audit committee of a local government are to be appointed* by the local government and at least 3 of the members, and the majority of the members, are to be council members.*

** Absolute majority required.*

- (3) *A CEO is not to be a member of an audit committee and may not nominate a person to be a member of an audit committee or have a person to represent the CEO as a member of an audit committee.*
- (4) *An employee is not to be a member of an audit committee."*

Regulation 16 and 17 of the Local Government (Audit) Regulations 1996 are applicable to the functions of an audit committee and state:

"16. Functions of audit committee

An audit committee has the following functions —

- (a) *to guide and assist the local government in carrying out —*
 - (i) *its functions under Part 6 of the Act; and*

- (ii) *its functions relating to other audits and other matters related to financial management;*
- (b) *to guide and assist the local government in carrying out the local government's functions in relation to audits conducted under Part 7 of the Act;*
- (c) *to review a report given to it by the CEO under regulation 17(3) (the **CEO's report**) and is to —*
 - (i) *report to the council the results of that review; and*
 - (ii) *give a copy of the CEO's report to the council;*
- (d) *to monitor and advise the CEO when the CEO is carrying out functions in relation to a review under —*
 - (i) *regulation 17(1); and*
 - (ii) *the Local Government (Financial Management) Regulations 1996 regulation 5(2)(c);*
- (e) *to support the auditor of the local government to conduct an audit and carry out the auditor's other duties under the Act in respect of the local government;*
- (f) *to oversee the implementation of any action that the local government —*
 - (i) *is required to take by section 7.12A(3); and*
 - (ii) *has stated it has taken or intends to take in a report prepared under section 7.12A(4)(a); and*
 - (iii) *has accepted should be taken following receipt of a report of a review conducted under regulation 17(1); and*
 - (iv) *has accepted should be taken following receipt of a report of a review conducted under the Local Government (Financial Management) Regulations 1996 regulation 5(2)(c);*
- (g) *to perform any other function conferred on the audit committee by these regulations or another written law.*

17. CEO to review certain systems and procedures

- (1) *The CEO is to review the appropriateness and effectiveness of a local government's systems and procedures in relation to —*
 - (a) *risk management; and*
 - (b) *internal control; and*
 - (c) *legislative compliance.*
- (2) *The review may relate to any or all of the matters referred to in subregulation (1)(a), (b) and (c), but each of those matters is to be the subject of a review not less than once in every 3 financial years.*
- (3) *The CEO is to report to the audit committee the results of that review."*

Risk Related

The level of risk is reduced due to the provision of independent transparency and oversight with the appointment of two (2) external members to the ARIC.

The ARIC and Council will need to be satisfied that the external members are suitably experienced, skilled and qualified in order to fulfill their roles.

Workforce

The time to administer the ARIC is managed within existing resources.

PURPOSE OF REPORT

This report presents an update on the Findings identified in the 2022/23 and 2023/24 Audits as well as the Interim Findings from the 2024/25 Audit to the Audit, Risk and Improvement Committee (ARIC) for consideration and, if satisfactory, recommendation to Council for noting and, where appropriate, acceptance.

BACKGROUND

The then Audit and Risk Committee (ARC) considered the Findings from the 2022/23 Audit at its June 2024 meeting, with Council considering the ARC's recommendations at its June 2025 Ordinary Meeting where it resolved (in part) (170625) to accept the residual risk on twelve (12) audit items:

“That, with regard to the Minutes and Recommendations of the Audit and Risk Committee Meeting held on 11 June 2024, Council:

- 1. *Receives the Unconfirmed Minutes of the Audit and Risk Committee (the Committee) Meeting held on 11 June 2024, as presented in Appendix 1, and by adopting the following recommendations of the Committee, Council:***
 - a. *Accepts the actions taken and residual risk for the following twelve (12) Findings:***
 - i. Lack of segregation of duties with purchasing***
 - ii. Untimely preparation of accounts payable reconciliations***
 - iii. Conflict of interest declarations not completed timely***
 - iv. Network user access and Altus user privileges***
 - v. Fortnightly payroll reconciliations***
 - vi. Management oversight of capital projects***
 - vii. Fair value of other infrastructure – frequency of valuations***
 - viii. Transfer between reserves***

- ix. Untimely approval of purchase orders**
- x. Leave balances excluded from provisions**
- xi. Untimely credit card termination/destruction**
- xii. Guidelines for general journals"**

Officers have continued to report through the ARC to Council on both the Findings from the 2022/23 and 2023/24 Audits, with Council last considering the ARC's recommendations at its June 2025 Ordinary Meeting where it resolved (170625):

"That, with regard to the Minutes and Recommendations of the Audit and Risk Committee Meeting held on 10 June 2025, Council:

- 1. *Receives the Unconfirmed Minutes of the Audit and Risk Committee (the ARC) Meeting held on 10 June 2025, as presented in Appendix 1, and by adopting the following recommendations of the ARC, Council:***

In accordance with point *i.* of the above Resolution, this report provides a risk assessment of each Finding, controls that have been put into place and identifies whether further treatment of the risk is required or if Officers are recommending the action taken and residual risk is acceptable.

As with the June 2024 Resolution, Officers now present the actions undertaken to treat the risks identified and request that ARIC and Council accept the residual risk.

Also, in accordance with point *i.* of the above Resolution, Officers present the Findings from the Interim Audit for the 2024/25 financial year for noting.

COMMENTS AND DETAILS

The Auditor's Findings Report is presented in Appendix 1 and Appendix 2 for the 2022/23 and 2023/24 Audits respectively. The Findings are rated by the Auditors as Significant, Moderate or Minor (defined below).

Audit, Risk and Improvement Committee Meeting Minutes

9 September 2025

Significant	Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However, even if the issue is not likely to impact the audit opinion, it should be addressed promptly.
Moderate	Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
Minor	Those findings that are not of primary concern but still warrant action being taken.

Officers have applied the Risk Management Procedures, as outlined in the Shire's Risk Management Framework, to assess the risks to the organisation for each of the Findings:

1. Each Finding has been risk assessed based on the existing controls being in place and given an overall Risk Rating.
2. Based on the additional controls put in place, as recommended by the Auditors or identified by Shire Officers, the effectiveness of these controls has been identified and a Residual Risk Rating provided.
3. Based on the Residual Risk Rating an assessment of the acceptance level of the residual risk has been made. Where the residual risk is considered unacceptable, further treatment is recommended.

The Audit Findings and risk assessment have been uploaded into the Shire's strategic planning and reporting software, Cascade. This allows individual actions to be allocated to Officers and progress tracked and reported on.

The Audit Plan is presented in Appendix 3.

Officers are seeking recommendation from the ARIC to Council, to Accept the residual risk for the following seven (7) completed items of the twenty-two (22) from the 2022/23 Audit Findings:

1. Depreciation of assets
2. Audit readiness and quality of financial and supporting documentation
3. Untimely preparation and review of the property, plant and equipment reconciliation
4. Asset revaluations
5. Works in progress for capital projects
6. No asset addition forms
7. Assets with no depreciation

Officers are seeking recommendation from the ARIC to Council, to Accept the residual risk for the following four (4) completed items of the eleven (11) from the 2023/24 Audit Findings:

1. Lack of control on tracking usage of inventory
2. Inappropriate User Access in Synergy
3. Untimely review of the credit card policy
4. Former employee listed as authorised signatory in AMP Bank Confirmation

From both the 2022/23 and 2023/24 Audits the following Findings require treatment to bring the risk to an acceptable level:

1. Untimely preparation and review of bank reconciliations
2. Monitoring of grants income and expenses
3. Plant recovery cost base rate and indirect/overhead cost allocation rate
4. Unrecorded liabilities (complete but needs monitoring to ensure success)

Audit, Risk and Improvement Committee Meeting Minutes

9 September 2025

5. Old PPE Assets carried in the Fixed Asset Register

Findings identified as part of the Interim Audit conducted by contract auditors Nexia are presented in Appendix 4 along with the Management Comment. It is positive to note that there were only eight (8) findings, plus one (1) suggested business improvement opportunity, demonstrating the Shire's commitment to resolving audit issues over several years. Both two (2) Significant Findings have occurred in prior years and progress reported to the ARC regularly.

Bank reconciliations remained a Significant item at the Interim Audit. While reconciliations are now up to date to June 2025, the treatment plan for this Finding needs longer term assessment to determine its effectiveness. This will be tested by contract auditors, Nexia, at the October 2025 site visit and a determination made. The second Significant item, Untimely recording of depreciation, is now complete and the residual risk presented to ARIC for recommendation to Council.

OPTIONS

The ARIC has the following options:

Option 1: The ARIC could choose to recommend to Council that it accepts the controls put in place and Residual Risk for eleven (11) of the Findings and notes no further treatment is required.

Option 2: The ARIC could choose to recommend to Council that further treatment is required for all or a selection of the Findings.

Option 1 is the recommended option, with the acknowledgement that ongoing assessment and identification of opportunities for improvement will occur for those considered at an Acceptable risk level.

Key to ratings

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- Significant** - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.
- Moderate** - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor** - Those findings that are not of primary concern but still warrant action being taken.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2023****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****1. Untimely preparation and review of bank reconciliations****Finding**

Bank reconciliations are an essential control in managing the accuracy and completeness of the Shire's accounting records and financial statements. Bank reconciliations are also a key aspect of internal controls over cash resources. During the final audit visit, we found the June 2023 Municipal Bank, Reserve Bank and Trust Bank reconciliations were not prepared and reviewed in a timely manner. From our review we noted the below findings:

Trust Account

- Trust bank reconciliations for the period July 2022 – April 2023 were not prepared and reviewed until June 2023. June 2023 reconciliation was prepared and reviewed in August 2023.

Reserve Account

- Reserve bank reconciliations for the period July 2022 – June 2023 were only prepared and reviewed between June – August 2023.

Municipal Account

- Municipal bank reconciliations from July 2022 – April 2023 were not prepared and reviewed until June 2023 and June 2023 were not prepared and reviewed until August 2023.
- We noted that the municipal fund reconciled balance did not agree to the general ledger. Management was unable to provide adequate explanation on the differences totalling \$1,084.
- We noted two differences totalling \$1,165 between the bank statements and municipal bank balances per the bank reconciliation. This was due to management incorrectly including interest for future periods within the bank balance at year end.
- In the municipal bank reconciliation as at 30 June 2023, we observed over 120 reconciling items in the form of unmatched receipts and outstanding deposits dating back to June 2021. Upon investigation, we found that a substantial number of these reconciling items were in fact addressed before 30 June 2023, with only a portion of the unreconciled amount remaining. This raises concerns about the accuracy and legitimacy of the reconciliation items and the reconciliation process.

The supporting documentation for the bank reconciliations was not readily available and only provided later upon request.

Rating: Significant

Implication

The timely preparation and independent review of monthly bank reconciliations is a key control for ensuring financial transactions are valid, complete and accurately reflected in the financial records and bank accounts. This absence of this key financial control may increase the risk of fraudulent transactions, errors or omission going undetected, resulting in misstatements within the Shire's financial statements.

ATTACHMENT

SHIRE OF YORK

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2023

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

Recommendation

We recommend that the Shire review its bank reconciliation processes to ensure the monthly bank reconciliations are appropriately prepared and reviewed in a timely manner. The bank reconciliation process should include ensuring supporting documentation to the reconciliation is readily available to allow the Shire to perform an effective review. The Shire should ensure an adequate level of training is provided to staff performing the reconciliation. The reviewer should also ensure that reconciling items are accurate and supported and evidence of independent review is maintained.

Management comment

Agreed bank reconciliations were not conducted in a timely fashion in the 2022/23 Financial Year due to lack of staff. The financial services contract established with Moore Australia in 2023/24 has allowed for the review of the bank reconciliation process and training of finance team members. This has now been completed, and Trust accounts are up to date. The remainder of Municipal reconciliations will be completed in March 2024. This process will now be undertaken weekly for Municipal reconciliations and monthly for Trust due to the lower activity. This can be tested in the 2023/24 Interim Audit.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

2. Lack of segregation of duties with purchasing

Finding

We tested a sample of 35 transactions and found insufficient segregation of duties between the ordering of goods and or services to invoice processing and payment. Our testing identified the following:

- seven out of 35 samples where the Chief Executive Officer (CEO) approved the purchase order and the invoice for payment.
- five out of 35 samples where the Executive Manager of Corporate and Community Services (EMCCS) approved the purchase order and the invoice for payment.
- one out of 35 samples where the Executive Manager of Infrastructure & Development Services (EMIDS) approved the purchase order and the invoice for payment.
- one out of 35 samples where IT & Payroll Officer at the time had performed the PO requisition, the incurring, and receipting of goods.

We understand that the limited segregation of duties noted is exacerbated as a result of the delegated financial authority gap between the CEO and the Executive Managers (EM), being \$250,000 and \$50,000, respectively, as established in the Shire of York's Policy Manual. At present the only Officer that has delegated financial authority for transactions between \$50,000 and \$250,000 is the CEO.

This finding was first raised in 2021/22.

Rating: Significant

Implication

In the absence of sufficient and appropriate segregation of duties there is an increased risk of erroneous or fraudulent payments. Further there is a heightened risk of the Shire ordering and committing to unauthorised goods or services.

Where purchases are centralised to the individual business units, this may hamper the effectiveness of the delegated financial authority control mechanism as well as the efficiency of business operations.

Recommendation

The Shire should review its underlying policies, procedures, systems and controls around ordering, receipting and approving payment of goods and services. Policies and procedures implemented should ensure sufficient and appropriate segregation of duties is achieved and these should be communicated to all staff.

The Shire should also review its delegated financial authority to ensure it remains appropriate to meet the Shire's risk assessment and procurement requirements.

As part of ensuring segregation of duties, where purchases are initiated in business units that are not their own, relevant managers should undertake checks and make enquiries as necessary to verify and authorise each transaction.

Management comment

The Audit Regulation 17 and FM Regulation 5 consultant Armada Audit considered the concerns of the OAG and made recommendation to the Shire of York on how to adapt this process to achieve further separation. These recommendations and the Armada Audit results were provided to the OAG in 2023. Policy F2 Procurement was updated accordingly and was considered by the Audit and Risk Committee on the 12 December 2023 and adopted by Council at its 19 December 2023 OCM Resolution 121233. The policy changes were communicated to all staff in January and the new receipting process implemented from the 15 January 2024. The procurement changes were implemented in Altus procurement 14 February 2024. This can be tested in the 2023/24 Interim Audit.

3. Untimely preparation of accounts payable reconciliation

Finding

From our review of the June 2023 accounts payable reconciliation, we noted this was not completed in a timely manner. This reconciliation is signed as prepared on 3 September 2023 and reviewed on 30 October 2023. This delay in completing the reconciliation approximately two months after year end and the review approximately two months after preparation is not considered timely.

Rating: Significant

Implication

Untimely reconciliation could result in inaccurate financial records, which have the potential of materially misstating the financial statements.

Recommendation

Reconciliations are prepared and reviewed in a timely manner.

Management comment

Creditors Ledger for 22.23FY was not closed off until 25 July 2023 due to many 22.23 invoices not received until this date. Aged Creditors Trial Balance report was processed 3 August 2023 however there was an unknown imbalance from the aged creditors to general ledger of -\$8.33. A support request was submitted 1 September 2023 to IT Vision to review and the issue was not resolved until 20 September 2023. The final general ledger report which balanced to the aged creditors and was submitted to EMCCS for final review and signature on 30 October 2023 once all year end processed were finalised.

Generally, as part of the EOM process, this report will be completed on the first day of the new month for the previous month by the Accounts Payable Officer. It is then reviewed by the Finance Manager with final review and authorised by the Executive.

4. Depreciation of assets

Finding

During our testing of depreciation, we noted that the depreciation rates being applied do not appear to be related to the useful lives determined upon revaluation of assets. This has caused differences in the depreciation expense for the year ended 30 June 2023. While we understand road infrastructure assets caused a significant portion of the difference in depreciation due to the above, has now been adjusted for, this exercise has not been extended to other asset classes.

Rating: Significant

Implication

Where assets are not depreciating in line with their useful lives, there is a risk that the depreciation expense and value of Property, Plant and Equipment and Infrastructure may be materially misstated. Further where depreciation applied does not reflect an assets use, this can cause difficulties in asset management planning.

Recommendation

The Shire review the depreciation rates applied to all assets to ensure that they are the correct rates in-line with revaluation reports or where appropriate, updated useful life estimations.

Management comment

The depreciation calculations are undertaken in accordance with Australian Accounting Standards. Errors that resulted in a misstatement of the depreciation have been found and corrected.

5. Conflict of interest declarations not completed timely

Finding

During our testing of a tender process, we noted that the conflict of interest declaration completed by a panel member was completed 14 days after their review of the tenders.

Rating: Significant

Implication

Where tenders are assessed prior to completion of conflict of interest declarations there is a risk that conflicts are not known or considered prior to assessment of tenders. This disrupts the transparent and independent nature the tender process tries to achieve. Further, if the tender process has been compromised the Shire may be required to recommence a tender process impacting resources.

Recommendation

Checks are performed prior to tender evaluations being completed to ensure that all required conflict of interest declarations have been completed.

Management comment

This was one instance and therefore the Shire disputes this finding as significant. Education and training of all staff involved in the tender and quoting process is ongoing and does not have a completion date.

Responsible person: EMIDS
Completion date: Ongoing

Auditors' response

Risk attached to this finding has been rated as high. Sample selected involved a conflict of interest declaration that was not completed timely by a key member of management who can override controls. The risk is exacerbated with rotations of persons in key positions.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2023****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****6. Audit readiness and quality of financials and supporting documentation****Finding**

We encountered numerous difficulties during the year end audit process. These resulted in significant adjustments to the original signed financial statements provided to the auditors on 13 October 2023. This has impacted the Shire's ability to meet their reporting requirements and be audit ready. To assist in meeting the Shire's reporting obligations, the Shire has engaged a contractor to assist in the preparation of the financial statements, key reconciliations and provide support to the Shire's finance manager.

This also resulted in significant delays in the provision of audit information. The first version of the financial statements that agreed to the underlying trial balance was only provided on 30 November 2023.

Further, there were several documents which were not received with sufficient time to facilitate audit processes. Audit instilled a deadline of 29 November for outstanding items, where these queries were unable to be resolved an assessment was made on the ability to conclude on whether sufficient audit evidence was available and where appropriate, adjustments to the financial statements have been considered.

Rating: Significant

Implication

As a result of the matters highlighted above, the financial statements approved to release by the Shire to the auditors were incorrect and did not agree to the underlying financial records. Significant additional time and effort has been committed by the audit team to try and progress this audit to a point.

Further, without timely consideration of the Shire's ability to fulfill its reporting responsibilities these may not be met.

Additionally, a delay in receiving appropriate documents and evidence can create inefficiencies and productivity of the audit. In the absence of sufficient appropriate audit evidence, we may not be able to comfortably conclude on such transactions and balances.

Recommendation

We recommend the Shire review its key accounting function set up to ensure that it is fit for purpose and able to meet the required deliverables. The Shire must ensure all information to support the preparation of the financial report are complete, accurate and available for the audit team to inspect.

Further, to ensure that the Shire is suitably audit ready at the commence of each phase of the audit it is preferable that the Shire utilise the varying Better Practice Guides the OAG has developed and ensure all requested information is available.

SHIRE OF YORK

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2023

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

Management comment

The Shire can demonstrate that it commenced collecting the information requested in the PBS in April of 2023. Prior to onsite testing the majority of the PBS requirements had been collected and transmitted. There were numerous instances where audit documents were transmitted, only to be subsequently re-requested by the audit team. This pattern persisted even after the audit recommenced in January 2024, with information submitted being immediately demanded again by the OAG. It is worth noting that OAG officers frequently failed to provide adequate time for thorough responses from Shire of York staff, this will be thoroughly discussed at the Exit Interview.

Responsible person: EMCCS
Completion date: Completed

Auditors' response

We acknowledge there were few instances of duplicated requests which were experienced due to Mimecast downloads not being originally received. Additional pressure and delays have been experienced by Shire staff and the audit team with not all PBC items being provided by due dates or at the commencement of the final audit. Additionally, where the financial statements are not complete and supported there is increased enquiries to validate the Shire's financial statements. We encourage the Shire to follow "Audit Readiness – Better Practice Guide" and implement quality assurance procedures as part of preparing for next year's financial statement audit. We note that the Shire engaged their contractor to address the Shire's own resource constraints.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2023****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****7. Network user access and Altus user privileges****Finding
2023**

We found the Shire's network access management process is not fully effective. Testing identified four employees who were terminated prior to 30 June 2023 whose user accounts were not made inactive by 30 June 2023. Termination dates ranged from 16/08/2022 to 7/06/2023. For one of these accounts the last login date was after their termination date, this account does not appear to have access to Synergy or Altus Procurement. Further we found three accounts on the enabled users listing that did not appear to be employees or were not clearly identified as IT or Accounting service provider accounts, it is unclear if these accounts are appropriate.

From our review of the Altus Procurement user access and privileges listing we found that user privileges are not being appropriately restricted and controlled. Specifically, our testing identified four employees from diverse business areas that have been assigned super user privileges. From these accounts, it is possible to create, add and modify individual supplier accounts.

We were unable to perform a review of the Altus Payroll user access as the user listings for Altus Payroll were not provided to us in a timely manner allowing us to audit them.

2022

We found the Shire's network access management process is not fully effective. Testing identified one employee whose employment ceased on the 15 March 2022, however their network account remained active until 29 September 2022. We acknowledge that the Shire had lodged a ticket with Focus Network (IT service and management provider) to have the employee's account deactivated, however the ticket had not been processed by the service provider.

Additional audit testing confirmed the employee did not access the network from the date of their termination until the date their account was deactivated.

Altus Payroll and Procurement User Privileges:

From our review of the Altus Payroll and Procurement user access and privileges listing we found that user privileges are not being appropriately restricted and controlled. Specifically, our testing identified:

- Four employees from diverse business areas that have been assigned significant payroll privileges. From these accounts, it is possible to:
 - o add employees, view and edit employee details (including names, date of birth, contact details, super and tax details),
 - o edit employee entitlements and
 - o manage pay runs, among other privileges.
- Three employees from diverse business areas that can override the required number of quotes imposed by the system and prescribed by the Shire's Procurement Policy.
- Four employees from diverse business areas that have been assigned super user privileges. From these accounts, it is possible to create, add and modify individual supplier accounts.

In addition, the Shire does not perform regular reviews of user access and privileges to validate the appropriateness of these.

ATTACHMENT

SHIRE OF YORK

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2023

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

Rating: Significant

Implication

Without an effective user access management process in place, there is an increased risk that these accounts could be used to gain unauthorised access to the network or systems. Such access could involve access to or making copies of confidential documents or amendment or deletion of Shire records.

Where user privileges are assigned inappropriately, or they are no longer required to meet business requirements, there is an increased risk of unauthorised access and inappropriate changes being made within systems that may go undetected. This can result in deviations from internal policies and management directives as well as the occurrence of errors and/or fraudulent activities. This risk is increased where regular review of the appropriateness and validity of user access and privileges is not performed.

Recommendation

The Shire should implement a user access and privileges monitoring process to ensure only current and valid users are able to access the Shire's network and systems. This process should be extended to include validation of all privileges assigned to each user that are consistent with the positions' roles and responsibilities. Where user accounts and/or privileges are no longer required, they should be immediately removed or updated.

Management comment

The Shire remains comfortable with the level of access provided. Regular audits are now conducted and the exit process updated to ensure removal of users from all systems.

The fortnightly payroll audit shows additions and subtractions of staff within the Definitiv system. This system generated report is reviewed by Finance Officer – Creditors, Finance Manager and EMCCS.

A policy position that assigns user access by position remains to be developed.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

8. Fortnightly payroll reconciliations

Finding

As part of our testing of design and implementation of payroll controls we were unable to be provided any fortnightly payroll reconciliations completed during the 2023 financial year. The Shire informed us that they were completed for the first half of the financial year however were unable to be located due to staff changes and reconciliations were not performed for the second half of the financial year due to new staff.

Rating: Significant

Implication

Where payroll reconciliations are not completed, there is a risk the General Ledger is inaccurate and not a complete representation of payroll related payments. Inadequate independent review of the payroll reconciliations increases the risk of errors, omissions or fraud going undetected.

Recommendation

The Shire should ensure that fortnightly payroll reconciliations are adequately performed, and evidence of independent review is retained. Further the Shire should ensure that documentation is stored in locations that are known and accessible to relevant staff.

Management comment

This process is now in place and with regular reconciliations being conducted. These are prepared by the Finance Officer – Payroll and reviewed by the Finance Manager. A further review is conducted by the EMCCS. This can be tested in the 2023/24 Interim Audit.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

9. Untimely preparation and review of the property, plant and equipment reconciliation

Finding

During the audit visit, we noted that Property, Plant and Equipment (PPE) was only reconciled as at 30 June 2023. This reconciliation was completed and reviewed in October 2023, almost four months after the end of the financial year

This finding was first raised in 2021/22.

Rating: Significant

Implication

PPE account reconciliations not prepared and reviewed in a timely manner increase the risk of unreconciled items and errors being undetected and/or not promptly corrected.

Recommendation

We recommend the Shire prepare and review its PPE account reconciliations in a timely manner.

Management comment

Persistent delays in finalising the Annual Financial Report have once more hindered the timely completion of procedures for the 22/23 Financial Year. This ongoing delay prevents the initiation of new fiscal year asset transactions and disposals until the previous year's financials have been officially adopted.

Auditor's response

This comment should not be tied to the audit. If the amendments to the FAR or GL are required as a result of the audit, then these are performed at the times as required. The 2021-22 audit opinion issued on 6 April 2023 - not relevant to the FY2022-2023.

10. Management oversight of capital projects

Finding

Prior to this financial year, the Audit and Risk Committee (ARC) were provided a mid-year budget review which contained a detailed project-level breakdown of all capital projects, showing the budgeted expenditure, actual expenditure and variances. The ARC are no longer provided this detailed breakdown, they are only given financial statement-level breakdowns. Without the regular and detailed review of these projects, there is a lack of management oversight of capital projects.

Rating: Significant

Implication

Without oversight of capital projects, there is an increased risk that projects are not managed effectively which can lead to project failure and financial loss.

Recommendation

The Shire should ensure there is regular oversight of capital projects by the ARC or other members of management.

Management comment

Formerly the Shire adopted its budget at GL level and Council were presented with all material movements by GL at mid-year review. The Shire has adapted its reporting to Council in accordance with the Regulation's requirement of Nature mid-year reporting also reflects this change. Progress against capital project expenditure continues to be provided to Council via monthly financial reporting. The Shire has recently implemented the Government Frameworks Integrated Planning and Reporting System - Cascade which will provide reporting against all capital and CBP projects for Council.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

11. Asset revaluations

Finding

Management undertook a revaluation of land, buildings, and infrastructure – other structures assets as at 30 June 2023. Infrastructure assets are revalued at least every five years in accordance with the Local Government (Financial Management) Regulations 1996. The last revaluation was performed in 2018.

During our review of the revaluation and reconciliations undertaken by the Shire, the following matters were noted:

- The revaluation journals included commentary mentioning that five assets which had a total written down value of \$476,853 as at 30 June 2023 have been transferred from Buildings to Infrastructure – other structures and three assets which had a total written down value of \$122,838 as at 30 June 2023 from Infrastructure – other structures to Infrastructure – drainage. No amounts have been disclosed in the financials as 'Transfers' for these asset categories.
- Assets with a purchase price of greater than \$5,000 but as the written down value is less than \$5,000 management has revalued them down to \$0. This is incorrect application of *Local Government (Financial Management) Regulations 1996 section 17A (5.)* We noted this as part of our review of the revaluation journal, we are unsure how widespread its application to all fixed assets is.
- Executive Management have conducted their own valuation of some of the infrastructure assets. No information to demonstrate the process conducted, inputs applied or conditions assessed has been provided. The reported 2022-23 carrying value of these assets is \$1,357,051. As such we are unable to conclude on these assets. For the category of these assets, being Infrastructure – Parks & Reserves based on the sector generally we have seen an average increase of 19.2%.
- For assets transferred between categories, rather than showing them as transfers in the financial statements, the assets have been revalued to nil in their previous category and revalued upwards from nil to their new value in the new asset category. This has misrepresented the gains and losses for categories of assets which have asset transfers.
- There is a difference in the split and combination of assets between the revaluation and the fixed asset register. As there has been no reconciliation between these two reports showing which assets are split and combined amongst the reports, we are unable to conclude on the completeness and accuracy of the asset valuations and we are unable to conclude if items have been missed.

Further, a complete and accurate reconciliation from the asset register to the general ledger and financial statements has not been provided. It should include additions, disposals, transfers, revaluations and depreciation. The latest version of the reconciliation report had numerous unexplained inconsistencies. We noted the following anomalies with it:

- We were advised through our inquires of the revaluation journal that assets had been transferred between infrastructure categories and property plant and equipment – there is no disclosure of these.
- Whilst the total written down value balances agree to the financials, it is unclear why as the revaluation, depreciation and transfer details are in many instances different or not available. A reconciliation needs to clearly explain the reason for variances and include an appropriate level of detail to enable verification of notes 8a and 9a in the financial report.

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2023

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

Rating: Significant**Implication**

Without appropriate checks and reconciliations to demonstrate and verify the completeness of the revaluation process and the asset register, there is an increased risk of material misstatement in financial reports. Further, where clear documentation is unable to be provided to support movements between balances or amounts are unreconciled there is a risk that assets may be duplicated or mistakenly removed from the asset register.

Incorrect application of legislative and accounting standard requirements increases the risk of a material misstatement within the financial report.

Recommendation

Management should ensure robust procedures are in place to ensure the accuracy and completeness of the fixed assets reported in the financial statements and captured through the revaluation process. Further, management should ensure documentation relating to these reconciliations is readily available.

Management should thoroughly review and analyse the balances above, errors should be corrected.

Management comment

Assets subject to revaluation have been examined and all variances accounted for. This is now resolved.

This has highlighted the need for a thorough review of all asset classes with regard to the capturing of asset information, naming and classification. Guidance will be sought, and staff trained on the capitalisation of assets to ensure that sufficient data is captured in the finance system to ensure assets are able to be revalued.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

12. Monitoring of grants income and expenses

Finding

We noted that the Shire has not implemented a standard process to monitor grant income and expenses in the 2022-23 financial year. There is no ongoing review to track grant income and expenditure other than the mid-year Budget Review and quarterly Finance and Costing review.

This issue was raised in the 2019-20 financial year and was subsequently resolved the following year in 2020-21. The grant register was then appropriately being maintained by the Finance Department with follow up from responsible officers on progress sought on a monthly basis.

However, since 2021-22 financial year, the grant register was not maintained, and we were unable to verify that regular updates were being made.

Rating: Significant

Implication

Without regular monitoring of a grant register, the Shire is exposed to an increased risk of non-compliance with agreements, unrecorded transactions in the general ledger, and undisclosed commitments in the financial statements.

In addition current practice may result in non-compliance with AASB 15 or 1058 as no assessment has been made to determine the appropriate recognition of revenue of each grant, being either on receipt or over time. Incorrect revenue recognition may cause inaccuracies in the annual financial statements and the Shire's monthly financial information meaning financial decision making may be ill-informed.

Recommendation

The Shire should review its current practice and implement a standard process to ensure its grant register is appropriately maintained to address the risks noted above.

The Shire should retrospectively complete a detailed revenue recognition assessment of its grant revenue streams. This is to conclude if a particular grant revenue stream or transaction arises from an enforceable contract with a customer and has sufficiently specific performance obligations. The assessment will trigger the revenue recognition requirements under AASB 15, or if it falls outside this scope, under AASB 1058, so that revenue is not misstated for the 2023-24 financial year.

Management comment

Historically an excel workbook has been used for the Grants Register where every Responsible Officer is required to add any new grants and update any other relevant information. Senior Finance Officer would update income and expenditure monthly and email register to all staff each month for review and update.

This register has been superseded by the Government Frameworks IPR software which will be implemented in 2024. Progress can be tested during Interim and Final Audits for 2023/24.

Responsible person: Finance Manager
Completion date: December 2024

Auditor's response

Given the completion date is December 2024, the Shire should consider putting processes in place to ensure their grant revenue at 30 June 2024 is correctly stated. We encourage to revisit interim measures to ensure they comply with the accounting standards.

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2023

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

13. Fair value of other infrastructure – Frequency of valuations

Finding

From the asset category Infrastructure – Parks and Reserves reported in Note 9(a), we noted a number of assets with a carrying value of \$1,357,051, as at 30 June 2023, have not been revalued with sufficient regularity, as required by Regulation 17A(4A)(b) of the Local Government (Financial Management) Regulations 1996, since 2017-18.

Further, on review of the asset category of Infrastructure – Other Structures reported in Note 9(a) of the financial report at the carrying value of \$4,845,335, it is unclear if all the assets have been appropriately revalued and recorded in the asset register. On review of management comments we noted the following:

- Some assets noted as recategorised, on review of the asset details and revaluations we were unable to verify that these assets have been recategorised.
- Management comments for several assets include comments to the effect that no valuation was provided due to incorrect asset class or further investigation required with clarity required for what infrastructure exists in this asset and assets details unknown, new detailed asset added to register.

Rating: Significant

Implication

Without a robust assessment of fair value of the Shire's Other infrastructure assets, there is a risk that the carrying value of these assets is not reflected at fair in compliance with *AASB 13 Fair Value Measurement*, as well as Regulation 17(A) of the Regulations.

Further, where it is unclear if the asset listings are complete or correct, we are unable to form an opinion as to the value of these balances.

Recommendation

The Shire should perform a review of their asset register to ensure it is complete and sufficiently detailed to enable assets to be readily identified. Further, where items have not been revalued in the previous five years, a valuation of these other infrastructure assets is performed in accordance with *AASB 13 Fair Value Measurements* and assumptions and methodologies applied meet the expectations of the Shire. Fair Value movements should be understood and be able to be explained in accordance with the Shire's understanding of its operations. The Shire needs to ensure valuations are conducted every five years in accordance with Regulation 17(A) of the Regulations.

Management comment

This has been resolved.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

14. Transfer between reserves

Finding

We noted that the trial balance indicates that there was a \$100,000 transfer from Recreation Reserve to Swimming Pool Reserve. This transfer was budgeted to take place in 2022 however this was completed in 2023, it is missing from the financial statements.

Rating: Moderate

Implication

Inconsistency between the trial balance and financial statements is misstatement of the financial statements and can lead to the financial statements being materially misstated.

Recommendation

Financial statements should be adjusted to reflect the transfer.

Management comment

Advice was sought on the treatment of this item from DGLSC. Their advice is as follows:

With the Swimming Pool Reserve, as the \$100,000 transfer was not undertaken in 2021-22 and there is no council resolution in 2022-23 to authorise a \$100,000 transfer from the Recreation Reserve, I don't believe there is any authority to make the transfer. Note: (1) As the 2022-23 Budget showed the Swimming Pool as having an opening balance of \$100,000, there was no authority in the budget document to transfer \$100,000 from the Recreation Reserve. (2) To rectify this, I would suggest putting an item in the Budget Review that is due to Council by 31 March 2024, to transfer \$100,000 from the Recreation Reserve to the Swimming Pool Reserve as previously flagged by Council, and then do a local public notice. The alternative is to wait for the 2024-25 Budget.

The Shire proposes to seek approval for the transfer in the 2023/24 FY via mid-year review and to undertake the required public notice.

15. Untimely approval of purchase orders

Finding

Our testing identified four instances where the purchase orders were raised and approved after the receipt of invoices.

This finding was first raised in 2021-22.

Rating: Moderate

Implication

Purchases made without authorised purchase orders may increase the risk of unauthorised expenditure occurring and going undetected. Further it is more difficult for the Shire to track whether expenditure incurred is in line with budgets or expectations and is dependent on the receipt of a tax invoice.

Recommendation

Purchase orders are an important control in the procurement process as they ensure purchases are appropriate, necessary and comply with procurement policies prior to the receipt of goods or services.

The Shire should ensure that purchase orders are raised and approved prior to the ordering of goods and or services.

Management comment

As noted in previous responses, management resolves this via education and training at induction and its annual procurement refresher. Non-compliance is tracked by the Finance team and provided to supervisors to action via the appropriate HR processes.

16. Plant recovery cost base rate and indirect/overhead cost allocation rate

Finding

From our testing we noted the following rates used by the Shire to capitalise costs to infrastructure projects have not been reviewed in recent years. We understand the last review was performed in 2006.

- Plant recovery cost base rates used for capitalising plant costs to projects.
- The rate used for indirect and overhead cost allocation to projects by the Shire which has been determined as 140%.

From our testing we deemed the impact to be immaterial.

This is the fourth year we are raising this finding.

Rating: Moderate

Implication

The use of outdated base rate for plant recovery cost and the application of indirect/overhead cost recovery rate increases the risk of the project/fixed assets costs being misstated.

Recommendation

The Shire should review the base rate for plant recovery costs and the indirect/overhead cost recovery rate to determine their currency and accuracy.

Management comment

This work has not been completed but assistance in ensuring a robust process has been sought via the contract with Moore Australia.

Responsible person: Finance Manager
Completion date: December 2024

Auditor's response

This finding has been raised for four years, the rate was last reviewed in 2006. We note the completion date is after the conclusion of the 30 June 2024 financial year. There is greater risk that these rates are no longer fit for purpose.

17. Leave balances excluded from provisions

Finding

During our testing of leave balances, we noted the following discrepancies:

- Four employees which were terminated after 30 June 2023 had their leave balances excluded from the provision calculations for annual and long service leave
- We noted there were many casual employees with no long service leave balance
- We noted one employee who transferred to the Shire in October 2022 which has not had their transferred leave balances recognised at 30 June 2023 or to date based on enquiry with shire staff
- One casual employee had been incorrectly set up in the system and was accruing annual leave which they were not entitled to.

Rating: Moderate

Implication

Where leave balances are being excluded or not recording correctly, there is a risk that provisions balances are misstated.

Recommendation

Leave provisions are reviewed against employee listings to ensure all employees accruing leave, should be and any employee with nil leave balances are appropriate.

Management comment

Delays in processing this information occurred due to lack of information/training from the Shire's payroll system support provider. This information was received in late November 2023 and will be processed prior to end June 2024. The incorrectly accruing leave has been corrected.

The Shire is unable to find any casual employees without long service leave policies in place and thus disputes this element of the finding. The Shire believes there is no requirement to consider casual staff LSL in leave provisions as the likelihood of a casual staff member meeting the minimum employment timeframes for LSL eligibility is zero.

Responsible person: Finance Manager
Completion date: June 2024

Auditor's response

The listing of casual employees which were not included as part of Long Service Leave (LSL) calculations had been provided to the Shire on 20 November 2023. We were provided a response that some of the employees were not considered to be entitled to LSL due to their type of work and 'period between service is greater than two weeks', this is not an indicator of a break in service under the LSL act. Without considering long service leave entitlements due to casual employees the shire may not be meeting their legal obligations.

18. Works in Progress for capital projects

Finding

We noted that the Shire does not maintain a Works in Progress (WIP) balance for capital projects. Capital invoices are capitalised to their corresponding assets as they are incurred, irrespective of the asset's readiness or availability for use.

In addition, the Shire was unable to provide clear evidence of reconciliation of the movements during the year on an individual project basis.

Rating: Moderate

Implication

Incorrect capitalisation could result in asset, depreciation and expense accounts being misstated.

Recommendation

The Shire should ensure that only valid items are capitalised and develop a policy and procedure providing guidance on the accounting treatment for costs relating to capital projects.

Rating: Minor

Implication

Use of asset addition forms allows the asset team to clearly communicate specific information such as useful lives and date assets were received to the finance team for input into the accounting records.

Recommendation

The Shire should implement the use of asset addition forms.

20. Assets with no depreciation

Finding

From our review of the financial asset register, we identified the following:

- Six assets on the assets register for which there was no depreciation for the year. The expected depreciation at 30 June 2023 is \$43,853. The Shire has not adjusted for this error.

This finding was first raised in 2021/22.

Rating: Moderate

Implication

When assets are not assigned a depreciation rate, or when assets are not being depreciated this can lead to an understatement in depreciation expense and an overstatement in the net book value of assets being reported in the financial statements. This can also result in assets not reflecting their accurate future service potential.

Recommendation

The Shire should ensure that depreciation rates are assigned for asset additions on acquisition and that depreciation charge is consistently and accurately generated by the asset module. Furthermore, the Shire should review the depreciation rate of all assets to ensure they are aligned with the remaining economic benefits and future service potential of these assets.

Finding

During our testing of purchasing cards, we noted one instance where on termination of an employee, the card was not cancelled timely. The employee was terminated on 12 May 2023 however the card was not destroyed until the 30 August 2023.

Rating: Minor**Implication**

Untimely cancellation of purchasing cards poses a risk that terminated staff can inappropriately use shire purchasing cards for unapproved purchases.

Recommendation

The Shire should ensure that credit cards are cancelled in a timely manner to mitigate the potential credit card fraud.

Management comment

Although the card should have been destroyed, it was securely stored in the Shire safe and remained unused during the transition period between the departure of the outgoing EMIDS and the eventual destruction of the card. While an acting EMIDS was appointed the Shire operated only with the EMCCS card. We noted that current Management Guidelines General Journals procedure is still not updated. The document came into force in June 2016, and it has not been reviewed since then. It references to positions that no longer exist within the Shire and may no longer reflect processes implemented by the Shire.

Rating: Minor**Implication**

Where journal procedures are not regularly updated, there is a risk that they are no longer effective and do not reflect current requirements, internal practice or expectations.

Recommendation

The Shire should ensure that the Management Guidelines General Journals procedure is updated.

Management comment*Noted.***Responsible person:** Finance Manager/EMCCS**Completion date:** December 2024**Auditor's response**

Given the issues that the Shire faced with journals in the FY 21-22 year, Shire should be comfortable to not have up to date guidelines for journals until December 2024. This again means the issue won't be addressed for FY 23-24, effectively taking two years to ensure appropriate guidelines are in place. Controls around journals are key (fraud risk) and one way to ensure these are understood and followed is by having up to date guidelines clearly outlining the Shire's expectations.

Finding

The Shire's current Asset Management Plan (AMP) was prepared in 2019. As a result, the Long-Term Financial Plan (LTFP) is also not sufficiently updated.

This finding was first raised in 2020/21

Long term financial decisions made by the council may not be based on updated financial information.

Management comment

This assertion is inaccurate. The Shire finalised the update of its transport asset management plans in 2023, which played a pivotal role in shaping the 2022/23 Annual Financial Statement. It's crucial to note that the majority of the Shire's asset value is encompassed within these plans. Presently, efforts are underway to finalise the minor asset classes, including Land, Building, and Infrastructure Other.

Additionally, Moore Australia is currently in the process of updating the Long-Term Financial Plan. This update will incorporate insights from the Workforce Plan and the ongoing development of Asset Management Plans.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****Key to ratings**

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.

Moderate - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.

Minor - Those findings that are not of primary concern but still warrant action being taken.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****1. Untimely preparation and review of bank reconciliation****Finding**

Bank reconciliations are an essential control in managing the accuracy and completeness of the Shire's accounting records and financial statements. Bank reconciliations are also a key aspect of internal controls over cash resources.

During the final audit visit, we noted that the Municipal bank, Reserve bank and Trust bank reconciliations were not prepared and reviewed in a timely manner. Bank reconciliations for all bank accounts for the period July 2023 – March 2024 were not prepared until January 2024 and not reviewed until November 2024.

For the period April 2024 – June 2024, we were unable to obtain bank reconciliations (except for the Trust bank account reconciliation for the month of April 2024). It was also noted that the bank reconciliations are prepared as a whole, without reconciling them individually.

This finding was reported in 2023.

Rating: Significant (2023: Significant)

Implication

The timely preparation and independent review of monthly bank reconciliations is a key control for ensuring financial transactions are valid, complete and accurately reflected in the financial records and bank accounts. This absence of this key financial control may increase the risk of fraudulent transactions, errors or omission going undetected, resulting in misstatements within the Shire's financial statements.

Recommendation

We recommend management review its bank reconciliation processes to ensure the monthly bank reconciliations are appropriately prepared and reviewed in a timely manner. The bank reconciliation process should include ensuring supporting documentation to the reconciliation is readily available to allow the Shire to perform an effective review. The Shire should ensure an adequate level of training is provided to staff performing the reconciliation. The reviewer should also ensure that reconciling items are accurate and supported and evidence of independent review is maintained.

Management comment

Significant progress has been made against this item, but works are yet to be completed. Finalisation of the outstanding bank reconciliations is on track for December 2024.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****2. Lack of segregation of duties with purchasing****Finding**

During the final audit, we identified four out of 28 samples with insufficient segregation of duties from the ordering of goods and services to invoice processing and payment. Our testing identified the following:

- three out of 28 samples where the Executive Manager Infrastructure and Development Service (EMIDS) approved both the purchase order and the invoice for payment.
- one out of 28 samples where the Executive Manager of Corporate and Community Services (EMCCS) approved both the purchase order and the invoice for payment.

This finding was first raised in 2021/22.

Rating: Significant (2023: Significant)

Implication

In the absence of sufficient and appropriate segregation of duties there is an increased risk of erroneous or fraudulent payments. Further there is a heightened risk of the Shire ordering and committing to unauthorised goods or services.

Where purchases are centralised to the individual business units, this may hamper the effectiveness of the delegated financial authority control mechanism as well as the efficiency of business operations.

Recommendation

The Shire should review its underlying policies, procedures, systems and controls around ordering, receipting and approving payment of goods and services. Policies and procedures implemented should ensure sufficient and appropriate segregation of duties is achieved and these should be communicated to all staff.

The Shire should also review its delegated financial authority to ensure it remains appropriate to meet the Shire's risk assessment and procurement requirements.

As part of ensuring segregation of duties, where purchases are initiated in business units that are not their own, relevant managers should undertake checks and make enquiries as necessary to verify and authorise each transaction.

Management comment

This was considered as part of the Audit Reg 17 and FMR Reg 5 Review in 2023. The recommendations regarding segregation of duties were received by Council at its December 2023 OCM and the corresponding updates to Policy F2 - Procurement adopted. The residual risk after the implementation of these recommendations was presented to the Audit and Risk Committee (ARC) at its June 2024 meeting. ARC considered this item and recommended to Council that appropriate adjustments had been taken to segregate purchasing duties noting that this would not always be possible. At its June 2024 Ordinary Meeting, Council agreed with the recommendation and voted to accept the residual risk.

3. Fortnightly payroll reconciliations

Finding

As part of our testing of design and implementation of payroll controls we noted payroll reconciliation was not performed for the period July 2023 – November 2023. The Shire informed that due to staff changes, reconciliations were performed only from December 2023.

Rating: Significant (2023: Significant)

Implication

Where payroll reconciliations are not completed, there is a risk the General Ledger is inaccurate and not a complete representation of payroll related payments. Inadequate independent review of the payroll reconciliations increases the risk of errors, omissions or fraud going undetected.

Recommendation

We recommend management to ensure that fortnightly payroll reconciliations are adequately performed, and evidence of independent review is retained.

PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

4. Unrecorded liabilities

Finding

During our testing of subsequent payments, we noted batch payments totalling \$738k made in July 2024 were incorrectly recognised in June 2024 and was not identified until audit testing. As both cash and cash equivalents and trade and other payables were materially understated at 30 June 2024, an audit adjustment was posted to the financial statements.

Rating: Significant

Implication

If subsequent payments are not reviewed for additional liabilities at balance date, there is a risk of liabilities and other areas of the financial report being incomplete and materially misstated.

Recommendation

We recommend that management puts in place a process to ensure that year-end invoices are captured appropriately in the correct period.

Management comment

Noted. A process will be developed to prevent recurrence of this incorrect posting.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****5. Untimely approval of purchase orders****Finding**

The Shire's procurement process requires purchase orders to be raised before a purchase is made. Based on our testing of expenditure transactions, we identified three out of 28 purchase orders sampled that were raised after the respective invoices were received.

This finding was first raised in 2021-22.

Rating: Moderate (2023 : Moderate)

Implication

Purchases made without authorised purchase orders may increase the risk of unauthorised expenditure occurring and going undetected. Further it is more difficult for the Shire to track whether expenditure incurred is in line with budgets or expectations and is dependent on the receipt of a tax invoice.

Recommendation

Purchase orders are an important control in the procurement process as they ensure purchases are appropriate, necessary and comply with procurement policies prior to the receipt of goods or services.

We recommend management to ensure that purchase orders are raised and approved prior to the ordering of goods and or services.

Management comment

At its June 2024 meeting the Audit and Risk Committee (ARC) considered this item and recommended to Council that appropriate controls were in place and that the treatment for non-compliance would be education and training followed by a HR process where applicable. At its June 2024 Ordinary Meeting Council agreed with the recommendation of the ARC and voted to accept the residual risk.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

6. Lack of control on tracking usage of inventory

Finding

During the final audit, we identified that although the value of inventory is immaterial, the inventory valuation report was completed on 8 July 2024 and since movement of fuel in and out is not tracked, it is not possible to assess if quantity and valuation of inventory at year-end is appropriately stated.

Rating: Moderate

Implication

There is an increased risk of inappropriate usage of inventory in the absence of controls around inventory. There is a further risk that inventory may not be fairly stated at year-end.

Recommendation

We recommend management puts in place a more stringent tracking mechanism for usage of inventory in order to mitigate any inappropriate usage and / or incorrect recognition of inventory balance.

Management comment

Agreed. This was identified as a weakness particularly in relation to fuel supplies where the largest variance has been recorded. The installation of a new fuel tank will require the immediate recording of information and should prevent recurrence.

7. Inappropriate user access in Synergy

Finding

From our review of the Synergy user access list, we found that the Financial Manager has super user access which is deemed inappropriate.

Rating: Moderate

Implication

Access privileges for users beyond those necessary to perform their assigned duties might result in the recording of unauthorised, non-existent or inaccurate transactions, improper changes to data, or destruction of data.

Recommendation

Super user access should be limited to privileged users (ideally in the IT service providers/IT departments).

Management comment

At its June 2024 meeting the Audit and Risk Committee (ARC) considered this item and recommended to Council that appropriate access was in place. At its June 2024 Ordinary Meeting, Council agreed with the recommendation of the ARC and voted to accept the residual risk.

Noting the recommendation of the auditors, the Shire will trial a restricted access for the Finance Manager for a period of six months from January 2025 assessing the impact upon financial operations. Should this be successful the restricted access will be put in place permanently.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2024****FINDINGS IDENTIFIED DURING THE FINAL AUDIT****8. Assets with zero or low carrying values in fixed assets register****Finding**

During our testing of property, plant and equipment, we noted a number of old assets within furniture and equipment (acquired in the 1990s) with zero or low carrying values included in the Fixed Asset Register (FAR).

Rating: Moderate

Implication

The accumulation of numerous low value assets in the FAR can impact the efficiency of asset management and may lead to potential inaccuracies in financial reporting. Also, the FAR might be carrying assets which no longer physically exist at the Shire.

Recommendation

It is recommended for the Management to periodically review the FAR along with physical existence of assets to ensure the FAR carries only those assets which are in use by the Shire.

Management comment

For surety we will complete a review of all older assets with a low carrying value and remove any found to no longer be in use. Asset addition and disposal processes are already in use by the Shire however, we acknowledge there may be items that were disposed of prior to the commencement of these processes which warrant investigation and appropriate treatment.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

9. Untimely review of the credit card policy

Finding

During the audit, it was noted that the Shire's corporate credit card policy has not been reviewed by management since August 2022.

Rating: Minor

Implication

Untimely review and update of the credit card policy poses a risk that the control procedure is implemented is outdated or inappropriate.

Recommendation

We recommend management to review the credit card policy on an annual basis and update the procedure in line with Shire's internal control.

Management comment

The review period of all policies was considered as the Shire moved to its Integrated Planning and Reporting software. It was identified that a two-year review of Policy F6 – Corporate Credit Card Policy was sufficient, thus Policy F6 was not due for review within the reporting period. The current policy has been reviewed by the Executive Leadership Team and there are no circumstances that require amendments. Officers will present this to Council for noting in December 2024.

10. Former employee listed as authorised signatory in AMP bank confirmation

Finding

Upon review of the AMP bank confirmation as at 30 June 2024, it was identified that a former employee who was terminated on 12 May 2024 was still listed as an authorised signatory with the bank.

Rating: Minor

Implication

There is the risk that the parties no longer associated with the Shire have access to the Shire's bank accounts and may result in unauthorised access or processing of unauthorised payments.

Recommendation

It is recommended management removes terminated employees as authorised bank signatories.

Management comment

Noted. We have instructed the bank to remove the terminated employee. We note that our new Finance Manager was not added as an authorised signatory as per our May 2024 instruction and are seeking correction to this also.

We noted that current Management Guidelines General Journals procedure is still not updated. The document came into force in June 2016, and it has not been reviewed since then. It references to positions that no longer exist within the Shire and may no longer reflect processes implemented by the Shire.

Rating: Minor (2023: Minor)

Implication

Where journal procedures are not regularly updated, there is a risk that they are no longer effective and do not reflect current requirements, internal practice or expectations.

Recommendation

The Shire should ensure that the Management Guidelines General Journals procedure is updated.

Untimely preparation and review of bank reconciliations	Significant	Yes	The timely preparation and independent review of monthly bank reconciliations is a key control for ensuring financial transactions are valid, complete and accurately reflected in the financial records and bank accounts. This absence of this key financial control may increase the risk of fraudulent transactions, errors or omission going undetected, resulting in misstatements within the Shire's financial statements	Consequence: Moderate Likelihood: Possible Risk Rating: High	We recommend that the Shire review its bank reconciliation processes to ensure the monthly bank reconciliations are appropriately prepared and reviewed in a timely manner. The bank reconciliation process should include ensuring supporting documentation to the reconciliation is readily available to allow the Shire to perform an effective review. The Shire should ensure an adequate level of training is provided to staff performing the reconciliation. The reviewer should also ensure that reconciling items are accurate and supported and evidence of independent review is maintained.	Agreed bank reconciliations were not conducted in a timely fashion in the 2022/23 Financial Year due to lack of staff. The financial services contract established with Moore Australia in 2023/24 has allowed for the review of the bank reconciliation process and training of finance team members. This has now been completed, and Trust accounts are up to date. The remainder of Municipal reconciliations will be completed in March 2024. This process will now be undertaken weekly for Municipal reconciliations and monthly for Trust due to the lower activity. This can be tested in the 2023/24 Interim Audit. Audit readiness and quality of financials and supporting documentation	Significant	No	As a result of the matters highlighted above, the financial statements approved to release by the Shire to the auditors were incorrect and did not agree to the underlying financial records. Significant additional time and effort has been committed by the audit team to try and progress this audit to a point. Further, without timely consideration of the Shire's ability to fulfil its reporting responsibilities these may not be met. Additionally, a delay in receiving appropriate documents and evidence can create inefficiencies and productivity of the audit. In the absence of sufficient appropriate audit evidence, we may not be able to comfortably conclude on such transactions and balances.	Consequenc e: Major Likelihood: Unlikely Risk Rating: High	We recommend the Shire review its key accounting function set up to ensure that it is fit for purpose and able to meet the required deliverables. The Shire must ensure all information to support the preparation of the financial report are complete, accurate and available for the audit team to inspect. Further, to ensure that the Shire is suitably audit ready at the commencement of each phase of the audit it is preferable that the Shire utilise the varying Better Practice Guides the OAG has developed and ensure all requested information is available.	The Shire can demonstrate that it commenced collecting the information requested in the PBS in April of 2023. Prior to onsite testing the majority of the PBS requirements had been collected and transmitted. There were numerous instances where audit documents were transmitted, only to be subsequently re-requested by the audit team. This pattern persisted even after the audit recommenced in January 2024, with information submitted being immediately demanded again by the OAG. It is worth noting that OAG officers frequently failed to provide adequate time for thorough responses from Shire of York staff, this will be thoroughly discussed at the Exit Interview. Untimely preparation and review of the property, plant and equipment reconciliation	Significant	Yes	PPE account reconciliations not prepared and reviewed in a timely manner increase the risk of unreconciled items and errors being undetected and/or not promptly corrected.	Consequence: Major Likelihood: Possible Risk Rating: Extreme	We recommend the Shire prepare and review its Property, Plant & Equipment account reconciliations in a timely manner.	Persistent delays in finalising the Annual Financial Report have once more hindered the timely completion of procedures for the 22/23 Financial Year. This ongoing delay prevents the initiation of new fiscal year asset transactions and disposals until the previous year's financials have been officially adopted. Asset revaluations	Significant	No	Without appropriate checks and reconciliations to demonstrate and verify the completeness of the revaluation process and the asset register, there is an increased risk of material misstatement in financial reports. Further, where clear documentation is unable to be provided to support movements between balances or amounts are unreconciled there is a risk that assets may be duplicated or mistakenly removed from the asset register. Incorrect application of legislative and accounting standard requirements increases the risk of a material misstatement within the financial report.	Consequence: Major Likelihood: Possible Risk Rating: Extreme	Management should ensure robust procedures are in place to ensure the accuracy and completeness of the fixed assets reported in the financial statements and captured through the revaluation process. Further, management should ensure documentation relating to these reconciliations is readily available. Management should thoroughly review and analyse the balances above, errors should be corrected.	Assets subject to revaluation have been examined and all variances accounted for. This is now resolved. This has highlighted the need for a thorough review of all asset classes with regard to the capturing of asset information, naming and classification. Assets with no depreciation	Moderate	Yes	When assets are not assigned a depreciation rate, or when assets are not being depreciated this can lead to an understatement in depreciation expense and an overstatement in the net book value of assets being reported in the financial statements. This can also result in assets not reflecting their accurate future service potential.	Consequence: Minor Likelihood: Possible Risk Rating: High	The Shire should ensure that depreciation rates are assigned for asset additions on acquisition and that depreciation charge is consistently and accurately generated by the asset module. Lack of segregation of duties with purchasing	Significant	Yes	In the absence of sufficient and appropriate segregation of duties there is an increased risk of erroneous or fraudulent payments. Further there is a heightened risk of the Shire ordering and committing to unauthorised goods or services. Where purchases are centralised to the individual business units, this may hamper the effectiveness of the delegated financial authority control mechanism as well as the efficiency of business operations	Consequence: Moderate Likelihood: Possible Risk Rating: High	The Shire should review its underlying policies, procedures, systems and controls around ordering, receipting and approving payment of goods and services. Policies and procedures implemented should ensure sufficient and appropriate segregation of duties is achieved and these should be communicated to all staff. The Shire should also review its delegated financial authority to ensure it remains appropriate to meet the Shire's risk assessment and procurement requirements. As part of ensuring segregation of duties, where purchases are initiated in business units that are not their own, relevant managers should undertake checks and make enquiries as necessary to verify and authorise each transaction.	This was considered as part of the Audit Reg 17 and FMR Reg 5 Review in 2023. The recommendations regarding segregation of duties were received by Council at its December 2023 OCM and the corresponding updates to Policy F2 - Procurement adopted. The residual risk after the implementation of these recommendations was presented to the Audit and Risk Committee (ARC) at its June 2024 meeting. Untimely review of the credit card policy	Minor	No	Untimely review and update of the credit card policy poses a risk that the control procedure is implemented is outdated or inappropriate.	Consequence: Moderate Likelihood: Possible Risk Rating: High	We recommend management to review the credit card policy on an annual basis and update the procedure in line with Shire's internal control.	The review period of all policies was considered as the Shire moved to its Integrated Planning and Reporting software. It was identified that a two year review of Policy F6 – Corporate Credit Card Policy was sufficient, thus Policy F6 was not due for review within the reporting period. ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2025****FINDINGS IDENTIFIED DURING THE INTERIM AUDIT****Key to ratings**

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.

Moderate - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.

Minor - Those findings that are not of primary concern but still warrant action being taken.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2025****FINDINGS IDENTIFIED DURING THE INTERIM AUDIT****1. Untimely preparation and review of bank reconciliation****Finding**

During the interim audit visit, we noted that the Municipal bank, Reserve bank and Trust bank reconciliations were not prepared, reviewed and approved on a monthly basis. The bank reconciliations requested were not available to the auditors during the interim audit visit and were only provided subsequent to the interim audit visit. It was also noted that the bank reconciliations are prepared for all the bank accounts as a whole rather than on an individual bank account basis.

Bank reconciliations are an essential control in managing the accuracy and completeness of the Shire's accounting records and financial statements. Bank reconciliations are also a key aspect of internal controls over cash resources.

This finding was first reported in 2021.

Rating: Significant (2024: Significant)**Implication**

The timely preparation and independent review of monthly bank reconciliations is a key control for ensuring financial transactions are valid, complete and accurately reflected in the financial records and bank accounts. This absence of this key financial control may increase the risk of fraudulent transactions, errors or omissions going undetected resulting in misstatements within the Shire's financial statements.

Recommendation

We acknowledge that management has taken measures to improve the process by hiring a separate employee for the bank reconciliation preparation. We recommend that management should ensure monthly bank reconciliations are prepared in a timely manner and are subject to a timely independent review after completion. This process should be formally documented with evidence of both preparation and review to strengthen financial oversight, enhance the accuracy of financial records, and reduce the risk of undetected errors, omissions, or fraudulent transactions.

Management Comment

The Shire of York acknowledges that monthly bank reconciliations have not been completed consistently over several years. Resourcing issues, staff turnover and the maturity of new staff has impacted the resolution of this issue.

Additional resourcing has been directed towards resolving the outstanding issues and while bank reconciliations are not fully up to date, significant progress has been made towards resolving historical and current unreconciled items. As at 27 June, reconciliations have been completed up to April 2025 and actions are progressing on the remaining items. The intent is that all treatments will conclude for the 2024/25 financial year and a new process will be implemented early in the 25/26 financial year. Investigations into appropriate software to assist with bank reconciliations are currently underway. A documented procedure will be drafted to ensure future consistency and accuracy.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2025****FINDINGS IDENTIFIED DURING THE INTERIM AUDIT****2. Untimely recording of depreciation in the general ledger and delays in preparation of PPE and Infrastructure general ledger reconciliations****Finding**

During the interim audit visit, we noted that depreciation related to PPE was not recorded timely in the general ledger for the period ended 31 March 2025. It was also noted that there were delays in preparing the PPE and Infrastructure general ledger reconciliations.

Rating: Significant**Implication**

Untimely recording of depreciation and delays in preparing PPE and Infrastructure general ledger reconciliations can lead to significant accounting and governance issues. These include misstated financial statements due to overstated asset values and understated expenses and non-compliance with accounting standards.

From a governance perspective, such delays signal weak internal controls, increase the risk of fraud or asset misappropriation, and undermine the transparency and accountability of the Shire.

Recommendation

Management should implement a structured asset management process that includes timely depreciation recording in the general ledger, preparation of PPE and Infrastructure general ledger reconciliations (at least monthly) and clear assignment of responsibilities with documented timelines.

Management Comment

A lack of maturity in the finance team resulted in the under application and reporting of depreciation as part of the monthly financial reporting process. This understanding has now been corrected and a documented procedure has been developed.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2025****FINDINGS IDENTIFIED DURING THE INTERIM AUDIT****3. Lack of documented evidence of approval of credit card purchases****Finding**

During the interim audit visit, we noted that in 1 out of the 3 samples tested for credit card purchases had no documented evidence of the purchase request form being authorised by the Chief Executive Officer (CEO) as required by the established approval procedures.

Rating: Moderate**Implication**

There is an increased risk of material misstatements due to erroneous or fraudulent payments if the Shire's credit card policy and approval procedures are not adhered to.

Recommendation

Management should enforce strict adherence to its credit card usage policies by ensuring that all purchase requests are formally authorised by the designated approving officer before purchases are made. A control mechanism should be implemented to verify that all required approvals are documented and retained as part of the transaction records.

Management Comment

The sample documentation pertains to a purchase in the first quarter of 2024/25. During this period creditors staff had less than six months experience and did not receive sufficient training in internal controls. Training and mentoring have been provided to enhance staff knowledge.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2025****FINDINGS IDENTIFIED DURING THE INTERIM AUDIT****4. Lack of documented evidence for approval of new creditors created in the Supplier (Creditor) Masterfile****Finding**

During the interim audit visit, we noted that 5 out of the 17 samples tested for new creditors created did not contain evidence of signature or authorisation by the Senior Finance Officer on the new creditor request forms as required by the established approval process.

Rating: Moderate**Implication**

The absence of Senior Finance Officer authorisation on new creditor request forms indicates non-compliance with established supplier onboarding controls. There is an increased risk of material misstatement due to fraud or error through duplicate or fraudulent vendors being added to the system and unauthorized transactions.

Recommendation

Management should enforce the requirement for Senior Finance Officer authorisation on all new creditor request forms before creating new creditors in the Supplier Masterfile.

Management Comment

There is an inconsistency in the use of templates, and a lack of clear instructions. Inexperienced staff were not trained in the required processes, resulting in noncompliance. Action is necessary to implement consistent templates and develop a documented process.

Responsible Person: Manager Finance

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2025****FINDINGS IDENTIFIED DURING THE INTERIM AUDIT****5. Lack of sufficient access restrictions in the Supplier (Creditor) Masterfile****Finding**

During the interim audit visit, we noted that 3 out of 11 samples tested for changes made to the Supplier Masterfile were modified by individuals other than a designated Finance Officer.

Rating: Moderate**Implication**

Allowing individuals other than the authorised Finance Officer to make changes to the Supplier Masterfile compromises the effectiveness of internal controls over supplier data management. This increases the risk of unauthorised, inaccurate, or fraudulent modifications, which can lead to payment errors, potential financial loss, and difficulties in tracing accountability.

Recommendation

Management should enforce the process that only a designated Finance Officer is authorised to make changes to the Supplier Masterfile. Access controls should be reviewed and restricted accordingly within the financial system to prevent unauthorised modifications.

Management Comment

This is a system issue which will be common to many local governments.

The Synergysoft names and address register links to a number of other modules within the system. A customer must request in writing a change to their name and address details, and this is then entered into the names and address register. A prompt appears asking whether this change is required to all modules, and the inputting officer can select which modules that the change is affected in. This includes the Supplier Masterfile if the customer has a reference there.

With the current process, changes can still only be made to ABN numbers and payment details by the finance officer so there is limited fraud risk. The only risk of fraudulent payments would be via payments made by cheque. Only a handful of these are issued per year and require two party sign off.

Staff could be requested to uncheck the option to update the Supplier Masterfile, and the written request could then be sent on to the creditors officer for a secondary process. The double handling is undesirable and could result in the update not being made in this module. There is a reputational risk involved in this as the customer expects that all aspects of their dealings with the Shire are updated with their single request.

We are unable to give a clear management response for this item as this issue needs further investigation and discussion with other local governments before a plan can be put in place.

6. Insufficient evidence of approval for changes to the Supplier (Creditor) Masterfile

Finding

During the interim audit visit, we noted that for 10 out of 11 samples tested for changes made to existing supplier records, there was no evidence of approval for such change by a senior officer.

Rating: Moderate

Implication

Given that individuals other than a senior officer having access to change the details of Supplier Masterfile, absence of an approval process for such changes creates an increased risk of material misstatement due to fraud or error.

Recommendation

Management should enforce an approval process by ensuring that all changes to existing supplier records receive prior authorisation from a designated authorised senior officer. Formal approval should be documented and retained as part of the transaction records.

During the interim audit visit, we noted that 1 out of 17 samples tested for new creditors created did not contain complete creditor details in the new creditor request form and there was no evidence that Australian Business Number (ABN) verification was performed prior to adding the supplier to the system as required by procurement policy.

Rating: Minor**Implication**

Incomplete creditor details and the absence of an ABN verification increase the risk of inaccurate or fraudulent vendor records being created which will lead to material misstatements in the financial records.

Recommendation

Management should ensure all new creditor request forms are fully completed and ABN check is completed before setting up new creditors in the Supplier Masterfile.

Management Comment

There is an inconsistency in the use of templates, and a lack of clear instructions. Inexperienced staff were not trained in the required processes, leading to a failure of internal controls. Staff are now trained in the required process.

ATTACHMENT**SHIRE OF YORK****PERIOD OF AUDIT: YEAR ENDING 30 JUNE 2025****FINDINGS IDENTIFIED DURING THE INTERIM AUDIT****8. Lack of documented evidence for approval for pay run reports****Finding**

During the interim audit visit, we noted that for 1 out of 5 samples tested for existing employees' pay runs, the pay run report was not authorised by the Executive Manager of Corporate and Community Services (EMCCS) as required by the established approval process.

Rating: Minor**Implication**

This increases the risk of material misstatement due to fraud or error through unauthorised or erroneous payments.

Recommendation

Management should enforce the requirement for the EMCCS to review and authorise all pay run reports prior to processing. This approval should be formally documented and retained as part of the payroll records.

Management Comment

The report provided is a draft report and is a working document reviewed jointly by the payroll officer and another senior finance officer to identify errors before running the control reports. Several iterations of this report can occur each payroll. There are fifteen (15) payroll reports in total, while often reviewed and signed by the EMCCS only seven (7) form part of the control process. This finding has highlighted the need to formally document this process.

During interim audit visit, we noted that the Daily Banking Summary and Receipt Reconciliation is not reviewed and approved by a Senior Authorised Officer. The Shire has no policy or procedure currently which requires such approval.

Rating: Business Improvement Opportunity**Implication**

This increases the risk of material misstatement due to fraud or error through unauthorised or erroneous transactions.

Recommendation

We recommend that a formal review process is implemented whereby the Daily Banking Summary and Receipt Reconciliation is reviewed and approved by a Senior Authorised Officer (preferably from Finance Department) to strengthen internal controls and enhance accuracy and accountability in cash handling and recording.

Management Comment

Agreed. A process will be implemented for this.

PURPOSE OF REPORT

This report provides the Audit, Risk and Improvement Committee (ARIC) with an update regarding progress on the Shire's Risk Plan.

BACKGROUND

The Shire of York's Risk Assessment and Management Policy, in conjunction with the Risk Management Framework, sets out the Shire's approach to the identification, assessment, management and monitoring of risks.

The Shire's Risk Management Objectives are:

1. Optimise the achievement of our vision, experiences, strategies, goals and objectives.
2. Provide transparent and formal oversight of the risk and control environment to enable effective decision making.
3. Enhance risk versus return within our risk appetite.
4. Embed appropriate and effective controls to mitigate risk.
5. Achieve effective corporate governance and adherence to relevant statutory, regulatory and compliance obligations.
6. Enhance organisational resilience.
7. Identify and provide for the continuity of critical operations.

It is essential to monitor and review the management of risks as changing circumstances may result in some risks increasing or decreasing in significance. By regularly reviewing the effectiveness and efficiency of controls and appropriateness of treatment/action options selected, it can be determined if the organisation's resources are being put to the best use possible.

Each Risk on the Strategic Risk Register has a set of key Controls which, in turn have Risk Actions. Each Risk, Action and Control has an Officer allocated to it and an expected timeline for completion. Officers are required to report on progress at least monthly.

COMMENTS AND DETAILS

At its previous meetings the ARIC considered proposed reporting methods for progress updates against the Strategic Risk Register.

The ARIC approved the use of the following tools generated from Government Frameworks' Strategic Planning and Reporting software, Cascade:

1. Strategic Risk Register Dashboard
2. Strategic Risk Register Snapshot
3. Strategic Risk Register Snapshot (Detailed)

The Dashboard provides a visual overview of progress against each of the eight (8) Strategic Risks as well as an indication of how the risks are spread across the organisation.

The Snapshots provide more detail, including risk assessments and with Officer comments in relation to progress of each Risk Control and Action.

The Snapshots and the Dashboard are live tools within Cascade and Officers can drill down on specific items using the charts and tables.

OPTIONS

The ARIC has the following options:

Option 1: The ARIC could recommend to Council that it notes the reporting progress made to date and requests the Chief Executive Officer to report on progress against the Strategic Risks at its December 2025 Ordinary Meeting.

Option 2: The ARIC could recommend to Council that it notes the progress made to date, requests further development of the reporting tools and requests the Chief Executive Officer to present the final reporting tools for approval and report on progress against the Strategic Risks at its December 2025 Ordinary Meeting.

Option 1 is the recommended option.

Q&A

16:30pm Closing remarks and Sundowner
Location: Upstairs - State Reception Centre

The Welcome to Country delivered by Joe Collard was most informative dissertation on Aboriginal customs and culture.

During WALGA President's Welcome, Karen Chappell AM JP stressed the importance Local Governments play in maintaining the majority of the road network in the State, advising that all freight and passenger traffic starts and ends on a local road. Main Roads are working on widening the edges of the roads under their control to improve safety but this requires the motorists to stay in their lane.

Many local roads were built in the 1950s and weren't built to carry the loads that the B-Doubles expect them to carry. In most cases this is due to insufficient Sub base being laid when the road was first built. Asset management is critical to ensure that the products produced in the rural areas are safely transported to their destination.

The Hon Jessica Stojkovski, the Minister assisting the Minister for Transport advised that the 2025-26 State Budget contained funds for Rural Local Roads, as well as funds to assist persons to access a flat fee ride on the busses in the Metropolitan area and reduce the incidence of vehicle crashes.

The next speaker was the Director General of the Department of Transport and Major Infrastructure, Peter Woronzow, who advised that the Department was investigating returning some of the rail network to Government control, with the view to reducing the volume of heavy vehicles on the road network and hence the damage to the roads. He also mentioned work being done on ANZAC Highway, the road from Leonora to Alice [Springs, creating an alternate route for vehicles crossing Australia. He stressed the need to improve road safety, saying that 122 deaths on all roads was an important driver to paying attention to improving the road network and eliminate many factors causing crashes.

Peter also spoke of the Aboriginal Employment Program aiming to create jobs for Aboriginals.

The Director also mentioned the plans to move the Freight Terminal from Fremantle to Kwinana.

Michael Caitzbiano, CEO of National Transport Research Organisation (NTRO) spoke on the advances being made in collecting data on road conditions even to assessing the quality of the sub base and rutting and surface cracking being carried out from a vehicle travelling at 80 kmph. While smaller less sophisticated vehicles were available to determine the quality of a gravel road, it was going to show that the old concept of resealing a road after 7 years and reconstructing the road after 20 years may not be how the life of a road was to be determined, the life may be increased if the sub base is found to be strong enough not to have to reconstruct for a longer period. With one pass cameras can determine if a tree or other feature on the side of the road should be removed to increase road safety.

Assessing Local Government roads only costs \$40 - \$60 per lane kilometre to assess a local road and is a great tool to improve road management assessments. This process has been used by the Shire of York.

After morning tea Paul Durbin spoke on the vision of having zero fatalities by 2050 however with the incidence of serious crashes resulting in death it is not likely to be achieved. He stressed that the many low traffic volume local roads do not justify being built to the standards that reduce the opportunity for death and serious crashes to occur.

As part of the process of dealing with Black Spots time should be spent identifying situations where a crash could occur and take steps to rectify that potential black spot. While the Engineer has many tools to rectify a black spot it is important that the Community also see that there is a problem and the solution is acceptable.

These tools include speed zoning, creating culs de sacs, LATMs requiring drivers to rise up over a hump or chicanes to cause the driver to slow to pass through the traffic management device.

The session before lunch took the form of an expert panel who looked at Current and Future Funding. While road safety is important it is difficult to expect funding to build roads with all the features that can be deployed to create a safe road.

Following lunch Maurice Cammack from Main Roads spoke about the distribution of funds from the State Government to Local Government via the Regional Road Groups and the importance of having correct information on the state of the road network. Funding is granted requiring one third coming from the Local Government and two thirds from the State Government.

Direct grants are allocated based on the Asset Preservation Model and Local Governments are required to carry out Annual Level 1 bridge inspections in order that a case can be prepared to obtain funds for the replacement of the bridge.

The challenge is getting the maximum value from the dollars received.

Dr Chris Berry spoke on the method of distribution, 11% based on population, 15% based on road lengths with the objective of maintaining the assets. Federal Assistance Grants (FAGS) again are based on asset preservation.

Session 2 post lunch concerned the decarbonisation of the transport industry.

Susie Page spoke on the ability of heavy vehicles being able to run on batteries drawing power from the South West Intergrated System.

Mark Bondietti briefed the audience on the Local Government Transport and Roads Research and innovation program calling for Councils to provide information on projects which can be shared with other Councils that assist with sustainability such as using crushed rock and spray seals and crushed recycled concrete from demolished buildings or reclaimed asphalt, in the metropolitan area where such material is available.

Trevor Distin from COLAS who supply spray seals for roads discussed the availability of crumbed rubber additives to spray seals to achieve a more sustainable material to produce a longer lasting road surface. He warned that adding materials to asphalt can reduce the products serviceability.

Martin Glover then spoke on the trials undertaken by the City of Gosnells on constructing roads with crushed recycled concrete. Relying on this does require a supply of material sufficient to complete the job.

Care should be taken to determine whether the finished road is to be a flexible pavement or a rigid pavement road. The Design standards need to be checked as well.

The last session before the close of the Forum was on Asset Management.

Josh Kirk spoke on the resources available to enable the Shire to capture data on the road and then determine which require attention. He advised that the scope of the survey will determine what resources will be required whether a visual survey is acceptable or if a sophisticated machine would be more beneficial. RACAS is one such device. This will enable various conditions to be assessed and graded. Data recorded includes road structure, surface, drainage, quality of the seal and subgrade strength. From this the life of the asset can be determined and forward works programmed.

Doug Bartlett, the Principal Professional with NTRO introduced the thought that with the improved technology available today improved asset management and regular collections of data on a road will enable a clearer picture to be gained of the life of the asset.

David Gangell discussed the updating of the Road Condition Assessment Manual acknowledging conditions vary across the State. Version 2 of the manual is being worked on to make it more readable and thus a valuable tool to ensure a wider field of conditions are captured.

Mashallah Love from the Shire of Swan concluded the session with her perspective on asset management from the position of an officer in a local government, covering all the assets requiring attention not only roads but including buildings parks footpaths and verges of roads and then developing budgets to maintain these.

Over all attending the Forum was a beneficial exercise and it gave me a deeper insight into what is required to preserve and maintain our assets, especially roads and the tools available to record these assets.

NATURE OF COUNCIL'S ROLE IN THE MATTER

Legislative

PURPOSE OF REPORT

This report presents the statement of financial activity, creditors payment listing and purchasing card transactions to Council for noting.

BACKGROUND

Local governments are required to prepare general purpose financial reports in accordance with the *Local Government Act 1995*, the *Local Government (Financial Management) Regulations 1996* and the *Australian Accounting Standards*.

A statement of financial activity and any accompanying documents are to be presented to the Council at an ordinary meeting of the Council within two months after the end of the month to which the statement relates. The Statement of Financial Activity summarises the Shire's operating activities and non-operating activities. In accordance with Regulation 13 of the *Local Government (Financial Management) Regulations 1996*, a list of accounts paid is to be presented to Council and be recorded in the minutes of the meeting at which the list was presented.

COMMENTS AND DETAILS

This report is presented for Council's consideration and provides information for the period ending 31 July 2025 and includes the following:

1. Monthly Statements
2. List of Creditor Payments
3. Business Card Summary
4. List of Purchasing Card Transactions

The following information provides balances for key financial areas for the Shire of York's financial position as at 31 July 2025. The opening figures for this month's report have been updated to reflect the annual financial report.

To finalise the financial position to 30 June 2025, there is still work required on long service and annual leave entitlements, reconciling stock and the asset register. Most other annual accrual adjustments have been finalised.

List of Payments for July 2025

A list of accounts paid from the Municipal Fund and Trust Fund under the Chief Executive Officer's delegated authority for the month of July 2025 is presented to Council for noting.

Outstanding Rates and Services

The total outstanding rates balance as at 31 July 2025 was \$2,065,245 compared to \$1,807,671 as at 31 July 2024. Total outstanding rates are trending 17% higher than last year with delayed collection activity for two (2) years having a significant effect. Collection activity commenced late 2024/25 has already seen an increase in payments.

An appropriately qualified and experienced debt collection contractor has been employed to assist in resolving both younger and older outstanding debts. Officers continue to administer payment arrangements outside of the ordinary payment options in line with the current Policy F1 - Revenue Collection.

**Minor differences in percentage calculations are due to rounding errors as percentages are displayed as whole numbers.*

Outstanding Sundry Debtors

The figure for total outstanding sundry debtors as at 31 July 2025 was \$132,462 compared to \$685,691 as at 31 July 2024. Sundry debtors aged debts are mostly made up of three (3) debtors who are being followed up for payment. Funds of \$60,500 were received in August which settles one of those major balances. Aged debts are made up of a number of small debts with no single-issue dominating.

Local Procurement

To support the local economy, Council commits to spending locally where possible and reasonably practicable. For the month of July 2025, Officers report the following in relation to local procurement, noting that 10% of payments were made to local businesses by the end of July with the year-to-date (YTD) figure currently standing at 10%. This percentage is lower than earlier in the year due to the payment of major roads contracts to non-local suppliers.

TOTAL PROCUREMENT - JULY 2025

TOTAL PROCUREMENT - YEAR TO DATE 2025/26

The above figures provide an indication of the levels of local procurement as a percentage of reportable payments. It is important to note that in the development of the above tables, several exclusions apply and are not included in the reportable totals. These include, but are not limited to, payments made for the following:

1. Superannuation
2. Goods and Services Tax
3. Department of Fire and Emergency Services
4. Local Government Insurance Services
5. WA Local Government Association
6. WA Treasury Corporation
7. Office of the Auditor General
8. Utilities (Synergy, Telstra, Water Corporation)

Legal and Statutory

Section 6.10 of the *Local Government Act 1995* is applicable and states:

“6.10. Financial management regulations

Regulations may provide for —

- (a) the security and banking of money received by a local government; and*
- (b) the keeping of financial records by a local government; and*
- (c) the management by a local government of its assets, liabilities and revenue; and*
- (d) the general management of, and the authorisation of payments out of —*
 - (i) the municipal fund; and*
 - (ii) the trust fund,**of a local government.”*

Regulations 13, 13A, 34 and 35 of the *Local Government (Financial Management) Regulations 1996* are applicable and state:

“13. Payments from municipal fund or trust fund by CEO, CEO’s duties as to etc.

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —*
 - (a) the payee’s name; and*
 - (b) the amount of the payment; and*
 - (c) the date of the payment; and*
 - (d) sufficient information to identify the transaction.*
- (2) A list of accounts for approval to be paid is to be prepared each month showing —*
 - (a) for each account which requires council authorisation in that month —*
 - (i) the payee’s name; and*
 - (ii) the amount of the payment; and*
 - (iii) sufficient information to identify the transaction;**and*
 - (b) the date of the meeting of the council to which the list is to be presented.*
- (3) A list prepared under subregulation (1) or (2) is to be —*
 - (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and*
 - (b) recorded in the minutes of that meeting.*

13A. Payments by employees via purchasing cards

- (1) *If a local government has authorised an employee to use a credit, debit or other purchasing card, a list of payments made using the card must be prepared each month showing the following for each payment made since the last such list was prepared —*
 - (a) *the payee's name;*
 - (b) *the amount of the payment;*
 - (c) *the date of the payment;*
 - (d) *sufficient information to identify the payment.*
- (2) *A list prepared under subregulation (1) must be —*
 - (a) *presented to the council at the next ordinary meeting of the council after the list is prepared; and*
 - (b) *recorded in the minutes of that meeting.*

34. Financial activity statement required each month (Act s. 6.4)

- (1A) *In this regulation —*

committed assets means revenue unspent but set aside under the annual budget for a specific purpose.

- (1) *A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for the previous month (the **relevant month**) in the following detail —*
 - (a) *annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
 - (b) *budget estimates to the end of the relevant month; and*
 - (c) *actual amounts of expenditure, revenue and income to the end of the relevant month; and*
 - (d) *material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
 - (e) *the net current assets at the end of the relevant month and a note containing a summary explaining the composition of the net current assets.*
- (1B) *The detail included under subregulation (1)(e) must be structured in the same way as the detail included in the annual budget under regulation 31(1) and (3)(a).*
- (1C) *Any information relating to exclusions from the calculation of a budget deficiency that is included as part of the budget estimates referred to in subregulation (1)(a) or (b) must be structured in the same way as the corresponding information included in the annual budget.*
- (2) *Each statement of financial activity is to be accompanied by documents containing —*
 - [(a) deleted]*
 - (b) *an explanation of each of the material variances referred to in subregulation (1)(d); and*
 - (c) *such other supporting information as is considered relevant by the local government.*
- (3) *The information in a statement of financial activity must be shown according to nature classification.*
- (4) *A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be —*
 - (a) *presented at an ordinary meeting of the council within 2 months after the end of the relevant month; and*
 - (b) *recorded in the minutes of the meeting at which it is presented.*

- (5) *Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.*

35. Financial position statement required each month

- (1) *A local government must prepare each month a statement of financial position showing the financial position of the local government as at the last day of the previous month (the previous month) and —*
- (a) *the financial position of the local government as at the last day of the previous financial year; or*
 - (b) *if the previous month is June, the financial position of the local government as at the last day of the financial year before the previous financial year.*
- (2) *A statement of financial position must be —*
- (a) *presented at an ordinary meeting of the council within 2 months after the end of the previous month; and*
 - (b) *recorded in the minutes of the meeting at which it is presented.”*

Risk Related

It is a requirement of the *Local Government (Financial Management) Regulations 1996* that local governments prepare a Statement of Financial Activity within two (2) months after the end of the reporting period. This report mitigates the risk of non-compliance with the Regulations.

**SHIRE OF YORK
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 JULY 2025**

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 09 September 2025

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICIES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Measurement of employee benefits

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the local governments' operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment).

The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Contract assets

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

All debenture repayments were financed by general purpose revenue.

KEY INFORMATION

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

Policy F4 - Investment requires Council to review the performance of its investments monthly. In accordance with the Policy, a report of investments is presented to Council to provide a summary of investments held by the Shire of York.

COMMENTS AND DETAILS

The Shire of York Investment Portfolio includes the following items that highlight Council's investment portfolio performance:

1. Council's Investments
2. Application of Investment Funds
3. Investment Performance

There was one (1) maturing reserve investment (AMP TD 052068921) in July 2025, that was reinvested for a further three (3) months.

When the municipal AMP Business Saver at Call was cashed in and transferred to the Municipal account there was \$50.38 interest remaining in the account. This is now reflected on the investment portfolio.

When the municipal AMP Notice Account was cashed in and transferred to the Municipal account there was \$987.08 interest remaining in the account. This is now reflected on the investment portfolio.

2025/26 Year to Date (YTD) Municipal interest totalling \$3.59 has been received and receipted or reinvested as of 31 July 2025. Reserves interest of \$6,592.51 was received on the most recent term deposit maturity and has been reinvested.

Further details of the Shire's current term deposits and bank balances are presented in Appendix 1.

NATURE OF COUNCIL'S ROLE IN THE MATTER

Legislative

PURPOSE OF REPORT

This report presents the statement of financial activity, creditors payment listing and purchasing card transactions to Council for noting.

BACKGROUND

Local governments are required to prepare general purpose financial reports in accordance with the *Local Government Act 1995*, the *Local Government (Financial Management) Regulations 1996* and the *Australian Accounting Standards*.

A statement of financial activity and any accompanying documents are to be presented to the Council at an ordinary meeting of the Council within two months after the end of the month to which the statement relates. The Statement of Financial Activity summarises the Shire's operating activities and non-operating activities. In accordance with Regulation 13 of the *Local Government (Financial Management) Regulations 1996*, a list of accounts paid is to be presented to Council and be recorded in the minutes of the meeting at which the list was presented.

COMMENTS AND DETAILS

This report is presented for Council's consideration and provides information for the period ending 31 August 2025 and includes the following:

1. Monthly Statements
2. List of Creditor Payments
3. Business Card Summary
4. List of Purchasing Card Transactions

The following information provides balances for key financial areas for the Shire of York's financial position as at 31 August 2025. The opening figures for this month's report have been updated to reflect the annual financial report.

To finalise the financial position to 30 June 2025, there is still work required on long service and annual leave entitlements, reconciling stock and the asset register. Most other annual accrual adjustments have been finalised.

List of Payments for August 2025

A list of accounts paid from the Municipal Fund and Trust Fund under the Chief Executive Officer's delegated authority for the month of August 2025 is presented to Council for noting.

Outstanding Rates and Services

The total outstanding rates balance as at 31 August 2025 was \$11,723,086 compared to \$9,946,499 as at 31 August 2024. Total outstanding rates are trending 18% higher than last year with delayed collection activity for two (2) years having a significant effect. Collection activity commenced late 2024/25 has already seen an increase in payments.

An appropriately qualified and experienced debt collection contractor has been employed to assist in resolving both younger and older outstanding debts. Officers continue to administer payment arrangements outside of the ordinary payment options in line with the current Policy F1 - Revenue Collection.

**Minor differences in percentage calculations are due to rounding errors as percentages are displayed as whole numbers.*

Outstanding Sundry Debtors

The figure for total outstanding sundry debtors as at 31 August 2025 was \$20,101 compared to \$671,711 as at 31 August 2024. Aged sundry debtors less than 60 days is mainly one (1) debtor who is being followed up for payment. Aged debts are made up of a number of small debts with no single-issue dominating.

Local Procurement

To support the local economy, Council commits to spending locally where possible and reasonably practicable. For the month of August 2025, Officers report the following in relation to local procurement, noting that 11% of payments were made to local businesses by the end of August with the year-to-date (YTD) figure currently standing at 10%. This percentage is lower than earlier in the year due to the payment of major roads contracts to non-local suppliers.

TOTAL PROCUREMENT - AUGUST 2025

TOTAL PROCUREMENT - YEAR TO DATE 2025/26

The above figures provide an indication of the levels of local procurement as a percentage of reportable payments. It is important to note that in the development of the above tables, several exclusions apply and are not included in the reportable totals. These include, but are not limited to, payments made for the following:

1. Superannuation
2. Goods and Services Tax
3. Department of Fire and Emergency Services
4. Local Government Insurance Services
5. WA Local Government Association
6. WA Treasury Corporation
7. Office of the Auditor General
8. Utilities (Synergy, Telstra, Water Corporation)
9. Placement of Shire term deposits

 - (b) the date of the meeting of the council to which the list is to be presented.*
- (3) A list prepared under subregulation (1) or (2) is to be —*
 - (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and*
 - (b) recorded in the minutes of that meeting.*

13A. Payments by employees via purchasing cards

- (1) *If a local government has authorised an employee to use a credit, debit or other purchasing card, a list of payments made using the card must be prepared each month showing the following for each payment made since the last such list was prepared —*
 - (a) *the payee's name;*
 - (b) *the amount of the payment;*
 - (c) *the date of the payment;*
 - (d) *sufficient information to identify the payment.*
- (2) *A list prepared under subregulation (1) must be —*
 - (a) *presented to the council at the next ordinary meeting of the council after the list is prepared; and*
 - (b) *recorded in the minutes of that meeting.*

34. Financial activity statement required each month (Act s. 6.4)

- (1A) *In this regulation —*

committed assets means revenue unspent but set aside under the annual budget for a specific purpose.

- (1) *A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for the previous month (the **relevant month**) in the following detail —*
 - (a) *annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
 - (b) *budget estimates to the end of the relevant month; and*
 - (c) *actual amounts of expenditure, revenue and income to the end of the relevant month; and*
 - (d) *material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
 - (e) *the net current assets at the end of the relevant month and a note containing a summary explaining the composition of the net current assets.*
- (1B) *The detail included under subregulation (1)(e) must be structured in the same way as the detail included in the annual budget under regulation 31(1) and (3)(a).*
- (1C) *Any information relating to exclusions from the calculation of a budget deficiency that is included as part of the budget estimates referred to in subregulation (1)(a) or (b) must be structured in the same way as the corresponding information included in the annual budget.*
- (2) *Each statement of financial activity is to be accompanied by documents containing —*
 - [(a) deleted]*
 - (b) *an explanation of each of the material variances referred to in subregulation (1)(d); and*
 - (c) *such other supporting information as is considered relevant by the local government.*
- (3) *The information in a statement of financial activity must be shown according to nature classification.*
- (4) *A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be —*
 - (a) *presented at an ordinary meeting of the council within 2 months after the end of the relevant month; and*
 - (b) *recorded in the minutes of the meeting at which it is presented.*

- (5) *Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.*

35. Financial position statement required each month

- (1) *A local government must prepare each month a statement of financial position showing the financial position of the local government as at the last day of the previous month (the **previous month**) and —*
- (a) *the financial position of the local government as at the last day of the previous financial year; or*
 - (b) *if the previous month is June, the financial position of the local government as at the last day of the financial year before the previous financial year.*
- (2) *A statement of financial position must be —*
- (a) *presented at an ordinary meeting of the council within 2 months after the end of the previous month; and*
 - (b) *recorded in the minutes of the meeting at which it is presented.”*

Risk Related

It is a requirement of the *Local Government (Financial Management) Regulations 1996* that local governments prepare a Statement of Financial Activity within two (2) months after the end of the reporting period. This report mitigates the risk of non-compliance with the Regulations.

SHIRE OF YORK
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 AUGUST 2025

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 10 September 2025

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICIES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Measurement of employee benefits

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the local governments' operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Total receivables general outstanding						(323,719)

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment).

The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Contract assets

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

All debenture repayments were financed by general purpose revenue.

KEY INFORMATION

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

13 MEETING CLOSED TO THE PUBLIC**13.1 MATTERS FOR WHICH THE MEETING MAY BE CLOSED****RECOMMENDATION**

That Council considers the confidential report(s) listed below in a meeting closed to the public in accordance with Section 5.23(2) of the *Local Government Act 1995*:

SY121-09/25 - Confidential - Outstanding Rates and Charges - Payment Agreements

This matter is considered to be confidential under Section 5.23(2)b and c of the *Local Government Act 1995*, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with the personal affairs of any person and a contract entered into, or which may be entered into, by the local government and which relates to a matter to be discussed at the meeting.

Council did not go behind closed doors.
