Mr M Dacombe,
Acting Chief Executive Officer
Shire of York
1 Joaqina St
York

Dear Mr Dacombe,

Further to our recent conversation concerning the fund raiser for the Yarloop Fire Appeal, I now set down details of the request for assistance from the Shire of York.

I have attached details of the event which is proposed to be held in the York Town Hall on 20 February 2016 (subject to the date being available).

The group organising the event (Kind hearts for brave souls) are doing so on behalf of the community of York and currently have no financial resources other than their own personal contributions.

It is proposed that the money raised would be presented via the Shire of York to the Shire of Harvey CEO for allocation as necessary. As many tradespersons have offered their services freely, we had considered that the funds could be used to provide suitable useful materials from the local supplier.

The Community Resource Centre have agreed to sell tickets for the event and will waive commission fees subject to Committee approval.

We would be grateful if the Shire Council would consider free use of the Town Hall for the event by waiving the hire fees and associated costs.

We appreciate that the matter will require Council approval and look forward to your favourable response.

Many thanks for your kind assistance,

Yours sincerely,

Heather Saint

(on behalf of 'Kind hearts for brave souls')
