Shire of York
PO Box 22
York 6302

10/10/14

Dear Mr Keeble

I am writing to you to ask that you put my following request to council at the meeting to be held on the 20th of October 2014.

- That council refund to me legal costs charged against my property of \$2638.51 and interest charges to the sum of \$375.93
When I was taken to court for alleged rates that had not been paid to the sum of \$ 2940.80 added to that amount was further legal charges
I had my deferment denied even though, I was entitled to it, enabling the shire to take me to court
I defended the action, but before the court date the Shire of York discontinued action.
The Shire of York Received notification that I was eligible for my deferment from the office of finance.
I have supplied the shire with relevant documentation requested to prove my eligibility under section 30 of the rates and rebates act.
- That council refund to me legal costs charged against my property totalling \$800.00, for a caveat that was never actioned, as the Shire of York agreed to remove the caveat clause in the caveat rendering the document ineffective.

I would like to thank you for your patience and understanding during this difficult time.

Yours Sincerely

Darlene Barratt
