

York Arts & Event Inc, presents 'Fervour on Mount Brown'

York Arts & Events, Inc. would like to program two long table dinners to be held at the top of Mount Brown on Friday 1 March and Saturday 2 March 2019.

Created by brother and sister Paul and Bree Iskov, Fervor is a travelling pop-up restaurant that offers a uniquely Australian dining experience with a focus on fresh, locally sourced produce and native ingredients sustainably foraged or supplied by specialist producers.

Fervor's dining tables have been set in stunning, intimate locations all over Western Australia – out in the bush under the stars, on secluded beaches and in shearing sheds. Fervor events have been held in Perth and regional WA, including at Lake, Jewel and Mammoth caves in Margaret River, Mukinbudin in the wheatbelt, Kalgoorlie, Denmark, The Pinnacles, Port Hedland, Karratha, Paraburdoo, Broome and Exmouth.

It's going to be incredible! By hosting a Friday night and Saturday night dinner we plan to offer an opportunity for locals and tourists to participate. Tickets will of course be limited to about 80 and highly desirable.

We seek Council approval to proceed with this event at this location. We recognise the environmental as well as cultural implications of using this location and we will seek appropriate guidance as we move this project forward.
