Hi

The existing sheds onsite are being used for storage and restoration of our personnel vintage cars , motorbikes and tractors. As we value our projects , some of them have great family sentimental value , so we would like to keep our investments undercover for many years , out of the weather and securely locked up out of harms way. We take great pride in keeping our property neat and tidy and do not wish to have old cars, trucks and tractors visible from the road .

WE ARE NOT CODUCTING THESE ACTIVITY'S AS A BUSINESS

WE ARE NOT LIVING IN THESE SHEDS

These restoration projects are for personnel use
We only wish to have more storage for our current projects

Regards
Murray Colvin
