President's Introduction

The 2012/13 Municipal Fund Budget is a continuation of the sound financial planning and management required for the growth and development of York as a premium place to live, work and play.

2012/13 budget allocations again contain a balance of capital and operational expenditures to both maintain and expand assets.

Work within the York Townsite has a far greater priority and allocation this financial year to meet the backlog in required street improvements and to improve facilities for the community eg. footpaths and streetscapes.

A significant portion of the rate increase this year relates to charges for power and water and higher premiums to insure bridges and the increased replacement values for heritage buildings such as the York Town Hall. The increases on these areas equate to nearly half of the projected rate increase.

Special thanks are extended to the staff who have worked tirelessly to produce this balanced budget, as this document reflects highly on their financial management capacities and expertise.

Cr A S Boyle
Shire President

Chief Executive Officer's Summary

Council has prepared the Annual Budget for the 2012/13 financial year which seeks to balance the demand for services and infrastructure with the community's capacity to pay. Key budget information provided below is about the rates, operating result, service levels, cash and investments, capital works, financial position and key strategic activities of the Council.

1. Rates

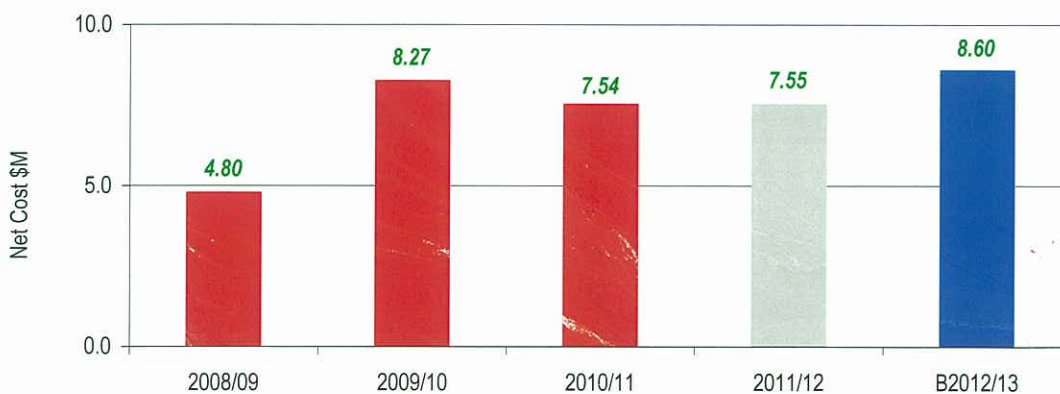

It is proposed that general rates increase by 7.2% for the 2012/13 year, raising total rates of \$3.724 million. The minimum rates are set at \$830.00 GRV pa and \$1030.00 UV pa and will yield \$792,090.00. (The rate increase for the 2011/12 year was 6.7%)

2. Operating result

The expected operating result for the 2012/13 year is expected to decrease to \$2.63 million. This \$0.36 million less the 2011/12 figures.

3. Services

The cost of services to be delivered to the community for the 2012/13 year is expected to be \$8.61 million, a significant increase when compared to the previous year.

4. Cash and investments

Cash and investments are expected to decrease by \$0.87 million during the year to \$2.07 million as at 30 June 2013. This is due mainly to the capital works program expected to be completed in 2012/13.

5. Capital works

The capital works program for the 2012/13 year is expected to be \$6.16 million. Of the \$6.16 million of capital funding required, \$1.719 million will come from Council operations (which includes \$1.389 million from the sale of property), \$3.75 million from external grants, and from reserves \$0.68 million. The capital expenditure program has been set and prioritised based on needs and sound business cases for each project. The increase in funding is mainly due to additional government grants.

6. Financial position

The net assets (net worth) is expected to decrease slightly in 2012-13.

7. Strategic objectives

The Annual Budget includes a range of activities and initiatives to be funded that will contribute to achieving the strategic objectives. The above graph shows the level of funding allocated in the budget to achieve the strategic objectives for the 2012/13 year.

The Annual Budget has been developed so that it is financially responsible. More detailed budget information is available throughout this document.

R P Hooper
Chief Executive Officer

Budget Processes

This section lists the budget processes to be undertaken in order to adopt the Annual Budget in accordance with the Local Government Act 1995 and its Regulations.

The preparation of the budget begins with Officers preparing the operating and capital components of the annual budget. A draft consolidated budget is then prepared and various iterations are considered by Council at informal briefings. A 'proposed' budget is prepared in accordance with the Act and submitted to Council for approval.

The budget is required to be adopted by 31 August in each year. The key dates for the budget process are summarised below:

- | | |
|--|--------|
| 1. Officers prepare operating and capital estimates for inclusion in the budget. | May-12 |
| 2. Council considers draft budget at informal briefings | Jun-12 |
| 3. Proposed budget submitted to Council for approval | Jul-12 |
| 4. Copy of adopted budget submitted to the Department | Aug-12 |

1. Linkage to the Council Plan

This section describes how the Annual Budget links to the achievements of the Long Term Financial Plan and Plan For The Future within an overall planning framework. This framework guides the Council in identifying community needs and aspirations over the long term (Strategic Plan), medium term (Corporate Business Plan) and short term (Annual Budget) and then holding itself accountable (Audited Statements).

1.1 Strategic planning framework

The new Integrated Planning and Reporting Framework for local governments is a significant initiative put in place by Government to strengthen the capacity for Councils to plan strategically for their communities. Council is working through the requirements.

The Strategic Plan was adopted by the Council in May 2012. The Plan for the Future summarises the financial and non-financial impacts of the objectives and strategies and determines the sustainability of these objectives and strategies. The Annual Budget is then framed, taking into account the activities and initiatives included in the Annual Budget which contribute to achieving the strategic objectives specified in the Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes. The planning will guide the preparation of the Plan for the Future and Annual Budget.

1.2 Our purpose

Our vision - Bringing People Together

Our Shire will be:

- A place to visit, work, play and rest;
- A place of vibrancy and energy, but one of tranquility and safety;
- A place of growth, where local businesses find opportunities and thrive;
- A place of history and cultural interests, where past history is valued, building a sense of permanency and pride; and
- A place of community, where lifestyle choices are important and where community matters

Our aim:

- To manage growth, economically and socially, in supporting a progressive vibrant community.

Our Goals

Social:

- Manage population growth, through planned provision of services and infrastructure.
- Strengthen community interactions and a sense of a united, cohesive and safe community.
- Build and strengthen community, culture, vibrancy and energy.

Environmental:

- Maintain and preserve the natural environment during growth, enhancing the 'rural' nature of York and ensuring a sustainable environment for the future.
- Support sustainable energy and renewable resource choices.

Economic:

- Build population base through economic prosperity.
- Value, protect and preserve our heritage and past.
- Grow the economic base and actively support local businesses and service provision.

Community Priorities Against Key Areas**Social: Building a Sense of Community**

- Our community will be inclusive and interactive, where people feel safe and are welcomed.
- Our community will value each other, building relationships and networks to interact, socialise and recreate.
- Our community will have access to service requirements.

Environment: Preserving and Sustaining our Natural Environment

- Our environment will be preserved for future generations, protecting viable rural land, whilst our town grows and develops.
- We will sustain and enhance our rural identity and natural aspects within our thriving natural environment, ensuring our natural environment is protected and enhanced.
- We will support sustainable energy and seek solutions for innovative use of water, energy and other resources.

Built Environment: Enhanced Lifestyle Choices

- Our built environment will sustain our growing needs, providing housing for all ages and employment.
- Our viable farming land will be protected.
- People will have choice in housing and be able to walk to shops and services within friendly village atmospheres.
- Our lifestyle choices will be supported with improved transport solutions.

- Our town centre will be vibrant where all community interact and build relationships.
- Our assets, facilities, roads and parks are well maintained and meet our requirements.

Economic Development: Maximise Development

- York will diversify economically through commercial growth, providing jobs and services to support our growing population.
- There will be employment and investment choices, providing a place for business access to rural and metropolitan opportunities.
- Visitors will be welcomed, with activities and places of significance to visit, providing a base to visit other regional and rural areas.

Governance: Strengthen Shire Leadership

- We will ensure our sustainability through our leadership, our regional and government partnerships and ensure we make informed resource decisions for our community good.

- We will engage and listen to our community, advocate on behalf of our community, be accountable and manage within our governance and legislative framework.

1.3 Strategic objectives

The Council delivers activities and initiatives under 11 programmes. Each contributes to the achievement of the Strategic Objectives. The following table lists the Strategic Objectives as described in the Annual Budget.

Strategic Objective	Description
1. Redevelopment of Forrest Oval - Completion of Stage 4	To provide modern facilities which cater for all persons and ages in the district.
2. Youth Centre	To provide a convenient facility which caters for young people in York.
3. Energy Efficiency Initiatives	To upgrade and replace airconditioning, LED lighting and hotwater systems within Council's buildings
4. Town Hall Upgrade	To upgrade the historical and heritage listed town hall.
5. Road Infrastructure	To upgrade the road infrastructure to ensure safety and sustain serviceability of roads, bridges footpaths, drainage street lighting and carparks.

2. Activities, Initiatives and Key Strategic Activities

This section provides a description of the activities to be funded in the Budget for the 2012/13 year and how these will contribute to achieving the strategic objectives specified in the Plan for the Future.

Activities		\$
		Expenditure/(Revenue)
General Purpose Funding	Details rates levied, interest on late payment of rates, general purpose grants and interest received on investments	209,400 <u>(4,695,487)</u> (4,486,087)
Governance	This service provides assistance to elected members and ratepayers on matters which do not concern specific council services.	1,000,231 <u>(194,400)</u> 805,831
Law Order, Public Safety	This service provides for the supervision of local laws, fire prevention and animal control.	538,826 <u>(405,220)</u> 133,606
Health	This service provides for food quality and pest control, support to medical services and administration of health scheme.	313,868 <u>(82,050)</u> 231,818
Education and Welfare	This service provides for maintenance of Pioneer Memorial Lodge (leased Aged Care facility); Centennial Units, which are a joint venture with Homeswest, providing self contained units to over 55's; and support to the Youth Advisory Committee and other youth based initiatives.	99,114 <u>(38,280)</u> 60,834
Housing	This service provides for the maintenance of staff housing and rental housing.	0 0 0
Community Amenities	This service provides the collection of rubbish, operations of waste disposal sites, administration of the Town Planning Scheme, maintenance of cemeteries, and protection of the environment.	1,120,493 <u>(678,135)</u> 442,358
Recreation and Culture	This service provides for the maintenance of halls, swimming pool, recreation grounds and various reserves. The operations of the library and museum.	2,715,683 <u>(2,268,163)</u> 447,520
Transport	This service provides for the maintenance of roads, bridges, footpaths, cleaning and lighting of streets, street trees and depot maintenance. Revenue associated with the construction of roads etc is also recorded in this programme.	1,799,717 <u>(1,641,765)</u> 157,952
Economic Services	This service provides for weed control, tourism and area promotion, implementation of building controls, swimming pool inspections and promotion of economic development initiatives.	654,583 <u>(247,187)</u> 407,396
Other Property and Services	This service provides for the undertaking of private works, allocations of oncosts and plant operation costs, recording of material and stock, salaries and wages paid and allocated to works.	154,752 <u>(144,679)</u> 10,073

Initiatives

- * Forrest Oval Redevelopment - Stage 4
- * Henrietta Street Drainage
- * Town Hall Lift
- * Youth Building
- * Contribution towards Community Resource Centre
- * Construction of Fire Sheds
- * Energy Efficiency Initiatives

3. Budget Influences

This section sets out the key budget influences arising from the internal and external environment within which the Council operates.

3.1 Snapshot of York Shire Council

York is a vibrant and diverse rural community with a population of approximately 3,800. Located in close proximity to Perth (95kms east), in the western central Wheatbelt region of Western Australia. The Shire of York is located in a quality agricultural region, and is a place of choice for residential and business development and for rural production.

Being the first inland town to be settled, there are significant heritage values associated with York which encourages tourism. Located on the banks of the famous Avon River, the town of York is an attractive place to visit and live in, and is one of the few rural communities in the State that is growing. All services and facilities expected of a progressive community are available, including high quality education and medical establishments.

3.2 External influences

In preparing the 2012/13 budget, a number of external influences have been taken into consideration, because they are likely to impact significantly on the services delivered by Council in the budget period. These include:

- Consumer Price Index (CPI) increases on goods and services of 3.0% per annum.
- Local Government Cost Index (LGCI) increases on goods and services of 3.5% per annum.
- Additional government grants from state and federal government.
- Increase in State Government utility charges such as water and electricity.
- Impact of the carbon tax on the cost of local government services and associated fees.

3.3 Internal influences

As well as external influences, there are also a number of internal influences which are expected to have a significant impact on the preparation of the 2012/13 Budget. These matters have arisen from events occurring in the 2011/12 year resulting in variances between the forecast actual and budgeted results for that year and matters expected to arise in the 2012/13 year. These matters and their financial impact are set out below:

- Budget surplus for the 2011/12 financial year ended 30 June 2012

3.4 Budget principles

In response to these influences, guidelines were prepared and distributed to all Council officers with budget responsibilities. The guidelines set out the key budget principles upon which the officers were to prepare their budgets. The principles included:

- Existing fees and charges to be increased in line with CPI or market levels
- Grants to be based on confirmed funding levels
- New revenue sources to be identified where possible
- Service levels to be maintained at 2011/12 levels
- Salaries and wages to be increased in line with Average Weekly Earnings
- New initiatives which are not cost neutral to be justified through a business case
- Operating revenues and expenses arising from completed 2011/12 capital projects to be included.

3.5 Legislative requirements

Under the Local Government Act 1995 (“the Act”), Council is required to prepare and adopt an annual budget for each financial year. The budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Local Government (Financial Management) Regulations 1996 (“the Regulations”) which support the Act.

The 2012/13 budget, which is included in this report, is for the year 1 July 2012 to 30 June 2013 and is prepared in accordance with the Act and Regulations. The budget includes statutory statements being a budget operating, budget statement of financial activity, budget statement of cash flows, budget rate setting statement, budget statement of rating information and notes forming part of the annual budget. These statements have been prepared for the year ended 30 June 2013 in accordance with Accounting Standards and other mandatory professional reporting requirements and in accordance with the Act and Regulations. It also includes detailed information about the rates and charges to be levied, the capital works program to be undertaken and other financial information, which Council requires in order to make an informed decision about the adoption of the budget.

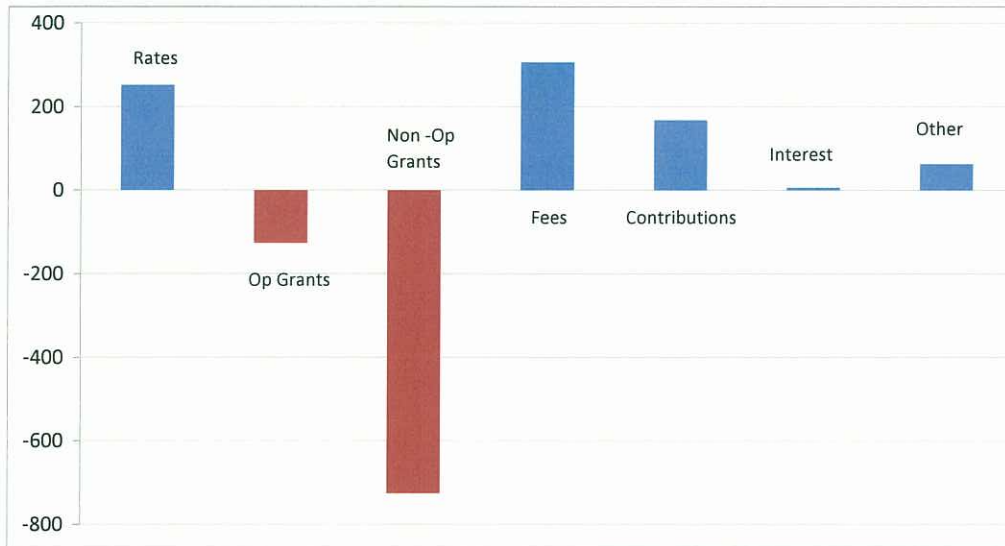

The budget includes consideration of a number of long term strategies to assist Council in considering the Budget in a proper financial management context. These include a Strategic Plan and a Plan for the Future, Rating Strategy and Other Long Term Strategies including borrowings, infrastructure.

4. Analysis of Operating Budget

This section analyses the expected revenues and expenses of the Council for the 2012/13 year.

4.1 Operating revenue

Revenue Types	Budget	Budget	Variance
	2011/12	2012/13	
	\$'000	\$'000	\$'000
Rates - General	3,512	3,764	252
Operating Grants and Subsidies	1,075	949	-126
Non-Operating Grants & Subsidies	4,481	3,756	-725
Fees and Charges	1,325	1,631	306
Contributions and Reimbursements	217	385	168
Interest Earned	204	210	6
Other revenue	113	176	63
Total operating revenue	10,927	10,871	-56
Net gain on sale of assets	537	892	355

4.2 Operating expenditure

Expenditure Types	Budget	Budget	Variance
	2011/12	2012/13	
	\$'000	\$'000	\$'000
Employee Costs	2,510	3,078	568
Materials and Contracts	2,773	2,951	178
Utilities	364	370	6
Depreciation	1,396	1,624	228
Interest Expenses	113	131	18
Insurance	275	260	-15
Other expenses	186	198	12
Total operating expenditure	7,617	8,612	995
Net Loss on sale of assets	0	48	

5. Analysis of Budgeted Cash Position

This section analyses the expected cash flows from the operating, investing and financing activities of Council for the 2012/13 year. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

The analysis is based on three main categories of cash flows:

- **Operating activities** - Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt
- **Investing activities** - Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment
- **Financing activities** - Refers to cash generated or used in the financing of Council functions and include borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principal component of loan repayments for the year.

5.1 Budgeted cash flow statement

	Budget 2011/12 \$'000	Budget 2012/13 \$'000	Variance \$'000
Cash flows from operating activities			
<i>Receipts</i>			
Rates - General	3,512	3,833	321
Operating Grants	1,080	1,322	242
Contributions and Reimbursements	212	366	154
Fees and Charges	1,375	1,687	312
GST	591	650	59
Interest Earned	204	210	6
Other revenue	113	175	62
	7,087	8,243	1,156
<i>Payments</i>			
Employee Costs	(2,498)	(3,078)	(580)
Materials and Contracts	(2,739)	(2,978)	(239)
Utilities	(364)	(370)	(6)
Insurance	(275)	(260)	15
Interest Expenses	(113)	(131)	(18)
GST	(591)	(650)	(59)
Other expenses	(186)	(198)	(12)
	(6,766)	(7,665)	(899)
Net cash provided by operating activities	321	578	257
Cash flows from investing activities			
Proceeds from sales of property, plant & equip	954	1,389	435
Repayment of loans and advances	0	0	60
Contributions of the Development of Assets	4,481	2,933	(1,548)
Payments for property, plant and equipment	(8,389)	(6,113)	2,276
Net cash used in investing activities	(2,954)	(1,791)	1,223
Cash flows from financing activities			
Finance costs	0		-
Proceeds from borrowings	1,275	0	(1,275)
Principal Repayments Received	9	10	1
Repayment of borrowings	(60)	-94	(34)
Net cash used in financing activities	1,224	-84	(1,308)
Net decrease in cash and cash equivalents	(1,409)	(1,297)	112
Cash and cash equivalents at the beg of the year	2,200	2,943	743
Cash and cash equivalents at end of the year	791	1,646	855

6. Analysis of Capital Budget

This section analyses the planned capital expenditure budget for the 2012/13 year and the sources of funding for the capital budget.

6.1 Capital works

Capital Works Areas	Budget	Budget	Variance
	2011/12 \$'000	2012/13 \$'000	\$'000
New works			
Land and Buildings	1,409	1,854	445
Infrastructure Roads	2,815	3,028	213
Infrastructure Recreation Facilities	2,918	0	-2918
Infrastructure Other	20	0	-20
Plant and Equipment	1,155	1,091	-64
Furniture and Equipment	72	140	68
Total new works	8,389	6,113	-2,276
Total capital works	8,389	6,113	-2,276
Represented by:			
Asset renewal	3,425	3,441	16
New assets	4,868	296	-4,572
Asset Upgrade	0	189	189
Asset expansion	96	2,187	2,091
Total capital works	8,389	6,113	-2,276

- Asset expansion

6.2 Funding sources

Sources of funding	Budget 2010/11 \$'000	Budget 2011/12 \$'000	Variance \$'000
New works			
<i>External</i>			
Grants - Capital	4,326	2,933	-1,393
Proceeds on sale of assets	955	1,389	434
	5,281	4,322	-959
<i>Internal</i>			
Reserve Funds	1,060	1,107	47
Loan Funds	1,275	0	-1,275
Own Resources	773	684	-89
	3,108	1,791	-1,317
Total new works	8,389	6,113	-2,276
Total funding sources	8,389	6,113	-2,276

Budgeted Total Funding Sources 2012/13

7. Rating Strategy

This section considers the Council's rating strategy including strategy development and assumptions underlying the current year rate increase and rating structure.

7.1 Strategy development

In developing the annual budget, rates and charges were identified as an important source of revenue, accounting for 32% of the total revenue received by Council annually.

However, it has also been necessary to balance the importance of rate revenue as a funding source with community sensitivity to increases. The following table shows rate increases over the last four years .

Year	UV	GRV	Rate Increases	
			Min UV	Min GRV
2007/08	0.94%	-2.00%	6.00%	5.38%
2008/09	19.70%	7.57%	3.14%	2.19%
2009/10	2.65%	0.00%	1.22%	1.43%
2010/11	3.49%	2.74%	20.48%	11.27%
2011/12	11.41%	9.58%	-3.53%	-1.96%
2012/13	7.55%	8.41%	0.00%	0.02%
Average increase	7.64%	3.58%	5.46%	3.66%

7.2 Current year rate increase

In order to maintain service levels and a strong capital expenditure program, general rates will increase by 7.2% in 2012/13 raising a total revenue of \$3.72 million.

Year	UV \$	GRV \$	Rate Levied		Total \$
			Min UV \$	Min GRV \$	
2007/08	986,053	1,014,257	162,975	500,050	2,663,335
2008/09	1,180,385	1,218,356	59,040	405,300	2,863,081
2009/10	1,211,656	1,211,722	155,210	432,390	3,010,978
2010/11	1,200,038	1,086,389	255,000	714,160	3,255,587
2011/12	1,337,539	1,190,115	246,170	699,840	3,473,664
2012/13	1,473,131	1,459,719	219,390	572,700	3,724,940
Average rates levied	1,183,134	1,144,168	175,679	550,348	3,053,329

7.3 Rating structure

Council has established a rating structure which is comprised of the following elements. These are:

- * Gross Rental Values
- * Unimproved Values
- * Minimum Rate

Striking a proper balance between these elements provides equity in the distribution of the rate burden across residents.

7.4 General revaluation of properties

During the 2011/12 year, a revaluation of unimproved valued properties within the municipality was carried out and will apply from 1 July 2012 for the 2012/13 year. The outcome of the general revaluation has been no significant changes in property valuations throughout the municipality. Overall, property valuations across the district have increased by 2.66%.

8. Other Strategies

This section sets out the strategies that have been taken into account when the Council formulates its annual budget.

8.1 Borrowings

Borrowings was identified as an important funding source for capital works programs. In the past, Council has borrowed to finance infrastructure projects. Borrowings totalling \$1.275 million have been included as a funding source for initiatives incorporated in the annual budget. This will result in an increase in debt servicing costs. Reserves will be used as an alternate funding source to support the capital works programs.

For the 2012/13 year, Council has decided to take out no new borrowings to fund the capital works program totalling \$6.160 million.

Year	New Borrowings \$'000	Principal Paid \$'000	Interest Paid \$'000	Balance 30 June \$'000
2008/09		8	5	58
2009/10		9	4	49
2010/11	1330	9	12	1,380
2011/12	935	60	113	2,255
2012/13	0	94	131	2,161

8.2 Infrastructure

The Council is in the process of preparing an Asset Management Plan, which sets out the capital expenditure requirements of the Council for the future by class of asset and will be a key input to the long term financial plan. It predicts infrastructure consumption, renewal needs and considers infrastructure needs to meet future community service expectations.

8.3 Forward Capital Works Plan

The Shire of York in 2010-11 prepared a Forward Capital Works Plan which details the Shire's investment in capital infrastructure for the next five years.

The Shire's objective in preparing the plan was to identify:

1. Key infrastructure projects that will benefit its community.
2. The cost of the projects in today's dollars and affordability.
3. Potential sources of revenue available to the Shire to fund the infrastructure projects; and
4. Whole of life costs for the term of the Plan, such as future operational and maintenance costs, to determine whether the Shire can afford to provide and operate the infrastructure projects.

The Forward Capital Works Plan has formed the basis of the Plan for the Future and the Annual Budget.

Statutory Annual Budget

The information in regard to the Annual Budget Statements comprises of:

- Budget Operating Statement
- Budget Statement of Financial Activity
- Budget Rate Setting Statement
- Budget Statement of Cashflow
- Budget Statement of Rating Information
- Notes to and Forming Part of the Annual Budget
- Schedule of Fees and Charges
- Budget Details

NOTE: (1) THE OBJECT AND REASON FOR GENERAL AND MINIMUM RATE

Council has imposed a general rate of 0.081500GRV and 0.005700UV and a minimum rate of \$830GRV and \$1030UV p.a., as Council perceives it to be a "reasonable" minimum level of rates which all ratepayers in its district should pay. The minimum rate reflects the basic cost incurred by the Council in servicing each lot or dwelling in its district.

(2) RATES LEVIED IF NO MINIMUM RATE OF \$830 and \$1030 PA WAS IMPOSED

Total GRV & U.V. Applicable to Properties that Minimum rate applies	X	General Rate in Dollar	=	Rates Levied on Properties that the Minimum Rate Applies

21,564,908 GRV	X	\$0,081500	=	\$ 1,757,540

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDING 30TH JUNE 2013

1 SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been adopted by Council in the preparation of the financial report are:

1.1 Basis of Preparation

The financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), other mandatory professional reporting requirements and the Local Government Act 1995 (as amended) and accompanying regulations (as amended).

The report has also been prepared on the accrual basis under the convention of historical cost accounting as modified by the accounting treatment relating to the revaluation of financial assets and liabilities at fair value through profit and loss and certain classes of non-current assets.

Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. The results of this experience and other factors combine to form the basis of making judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

1.2 The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements, but a separate statement of those monies appears as a Note on the financial report.

1.3 Goods and Services Tax

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables in the Balance Sheet are stated inclusive of applicable GST.

1.4 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities on the balance sheet.

1.5 Trade and Other Receivables

Trade receivables, which generally have 30–90 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for uncollectible amounts.

Collectability of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

1.6 Inventories

6.1 General

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of Business less the estimated costs of completion and the estimated costs necessary to make the sale.

Inventories held from trading are classified as current even if not expected to be realised in the next 12 months.

6.2 Land Held for Resale

Land purchased for development and/or resale is valued at the lower of cost and net realised value. Cost includes the cost of acquisition, development and interest incurred on the financing of that land during its development. Interest and holding charges incurred after development is complete are recognised as expenses.

Revenue arising from the sale of property is recognised in the Income Statement as at the time of signing a binding contract of sale.

Land held for resale is classified as current except where it is held as non-current based on Council's intention to release land for sale.

1.7 Fixed Assets

1.7.1 Initial Recognition

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed includes the cost of all materials, direct labour and variable and fixed overheads.

1.7.2 Revaluation

Certain asset classes may be re-valued on a regular basis such that the carrying values are not materially different from fair value. For infrastructure and other asset classes where no active market exists, fair value is determined to be the current replacement cost of an asset less, where applicable, accumulated depreciation calculated on a basis to reflect the already consumed or expired future economic benefits.

Those assets carried at a re-valued amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are to be re-valued with sufficient regularity to ensure the carrying amount does not differ significantly from that determined using fair value at reporting date.

The "Roman" Road Inventory System is the method used by Council to value its road network the class of asset is valued at replacement cost and depreciation and accumulated into account the condition of the roads. Physical inspections of the road network are continually undertaken. ...

1.7.3 Land under Roads

Land under roads acquired prior to 1st July 2008 is excluded from infrastructure in accordance with AAS 1051. Regulation 16 of the Local Government (Financial Management) Regulations provide that the Financial Report.

(a) is not to include as an asset -

(i) Crown land that is a public thoroughfare, the responsibility for managing which is vested in the local government; or

(ii) land that is not owned by the local government but which is under the Control or management of the local government (whether that land is Crown land or is owned by another person, or not); and

(b) is to include as an asset a structure or any other improvement placed by the local government on land referred to in paragraph (a).

1.8 Depreciation of Non-Current Assets

All non-current assets having a limited useful life are separately and systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation periods are:

Buildings	40 years
Furniture and Equipment	8 years
Plant and Equipment	8 years
Infrastructure	
Sealed Roads, Streets and Carparks	Condition Rated Annually
Unsealed Roads	Condition Rated Annually
Bridges, Drainage	1.30%
Concrete Footpaths, Cycleways, Walkways and Skate Park	50 Years
Brick Footpaths	25 Years
Effluent Systems	20 Years
Sewerage Parks	75 – 80 Years
Water Pipes and Hydrants	20 Years
Bus Shelters	20 Years
Parks Furniture and Equipment	5 – 20 Years

1.9 Investments and Other Financial Assets

1.9.1 Classification

Council classifies its investments in the following categories: financial assets at fair value through profit or loss, loans and receivables, held to maturity investments and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluates this designation at each reporting date.

(i) Financial assets at fair value through profit and loss

Financial assets at fair value through profit and loss are financial assets held for trading. A financial asset is classified in this category if required principally for the purpose of selling in the short term. Derivatives are classified as held for trading unless they are designated as hedges. Assets in this category are classified as current assets.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the balance sheet date which are classified as non-current assets. Loans and receivables are included in trade and other receivables in the balance sheet.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Council's management has the positive intention and ability to hold to maturity. If Council were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than 12 months from the reporting date, which are classified as current assets.

(iv) Available-for-sale financial assets

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date. Investments are designated as available-for-sale if they do not have fixed maturities and fixed or determinable payments and management intends to hold them for the medium to long term.

1.9.2 Recognition and de-recognition

Regular purchases and sales of financial assets are recognised on trade-date—the date on which Council commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement. Financial assets are de-recognised when the rights to receive cash flows from the financial assets have expired or have been transferred and Council has transferred substantially all the risks and rewards of ownership.

When securities classified as available-for-sale are sold, the accumulated fair value adjustments recognised in equity are included in the income statement as gains and losses from investment securities.

1.9.3 Subsequent measurement

Loans and receivables and held-to-maturity investments are carried at amortised cost using the effective interest method.

Available-for-sale financial assets and financial assets at fair value through profit and loss are subsequently carried at their value. Gains or losses arising from changes in the fair value of the financial assets at fair value through profit or loss category are presented in the income statement within other income or other expenses in the period in which they arise. Dividend income from financial assets at fair value through profit and loss is recognised in the income statement as part of revenue from continuing operations when Council's right to receive payments is established. Changes in the fair value of other monetary and non-monetary securities classified as available-for-sale are recognised in equity.

1.9.4 Impairment

Council assesses at each balance date whether there is objective evidence that a financial asset or group of financial assets is impaired. In the case of equity securities classified as available-for-sale, a

significant or prolonged decline in the fair value of a security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss-measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss – is removed from equity and recognised in the income statement. Impairment losses recognised in the income statement on equity instruments classified as available-for-sale are not reversed through the income statement.

1.10 Estimation of Fair Value

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

The fair value of financial instruments traded in active markets is based on quote market prices at the balance sheet date.

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. Council uses a variety of methods and makes assumptions that are based on market conditions existing at each balance date. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models making maximum use of market inputs and relying as little as possible on entity-specific inputs.

Quoted market prices or dealer quotes for similar instruments are used for long-term debt instruments held. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Council for similar financial instruments.

1.11 Impairment

In accordance with Australian Accounting Standards the Council's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an estimate of the recoverable amount of the asset is made in accordance with AASB 136 *'Impairment of Assets'* and appropriate adjustments made.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the Income Statement.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

1.12 Trade and Other Payables

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the Municipality prior to the end of the financial year that are unpaid and arise when the Municipality becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

1.13 Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees benefits to wages, salaries, annual leave and long service leave expected

to be settled within 12 months represents the amount the municipality has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Council expects to pay and includes related on-costs.

(ii) Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where Council does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

1.14 Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

1.14.1 Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

1.15 Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

1.16 Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the company, are classified as finance leases. Finance leases are capitalised recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual value. Leased assets are amortised over their estimated useful lives. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments under operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

1.17 Joint Venture

The municipality's interest in a joint venture has been recognised in the financial statements by including its share of any assets, liabilities, revenues and expenses of the joint venture within the relevant items reported in the Balance Sheet and income Statement. Information about the joint venture is set out in a note in the Financial Report.

1.18 Rates, Grants, Donations and other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

Where contributions recognised as revenues during the reporting period were obtain on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in a note in the financial report. That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operation of the current reporting period.

1.19 Superannuation

The Shire contributes to the Local Government Superannuation Scheme and the Occupational Superannuation Fund. Both funds are defined contribution schemes.

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

1.20 Rounding Off Figures

All figures shown in annual financial reports, other than a rate in the dollar, are rounded to the nearest dollar.

1.21 Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

1.22 Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non-current based on Council's intentions to release for sale.

2 OPERATING, REVENUES AND EXPENSES

The Operating Revenue and Expenses as reported in the Annual Budget includes:

Adopted Budget 2011/12		Actual 2011/12	Adopted Budget 2012/13
\$		\$	\$
	Charging as Expenses		
1,396,099	Depreciation on Non-Current Assets	1,468,045	1,624,293
	Crediting as Income

(101,680)	Plant and Equipment	(93,200)	20,657
0	Furniture and Equipment	0	0
(101,680)		(93,200)	844,578

3 DESCRIPTION OF FUNCTIONS/ACTIVITIES

The principal activities of Council for the Local Government of the Shire of York covers the provisions of law, order, public safety services, education services, health services, welfare services, housing services, community amenities, recreation and cultural services, transport services, economic services, and other property services as permitted under the Local Government Act or other written law.

GENERAL PURPOSE FUNDING

Rates, general purpose government grants and interest revenue.

GOVERNANCE

Members expenses and the costs associated with meetings of Council, policy determination and public ceremonies and presentations and Administration allocations.

LAW, ORDER AND PUBLIC SAFETY

Supervision of local laws, fire prevention including the provision of volunteer fire brigades, animal control and the support of local emergency and public safety organisations.

HEALTH

Food quality control, immunisation, environmental health and support to the medical practice and practitioners

EDUCATION & WELFARE

Building maintenance of Pioneer Memorial Lodge (leased Aged Care Facility) and Centennial Units which are a joint venture with Homeswest providing self contained units to over 55's.

HOUSING

Maintenance of staff and rental housing.

COMMUNITY AMENITIES

Rubbish collection services, management of waste facilities, noise control, administration of the Town Planning Scheme, maintenance of cemeteries and storm water drainage maintenance.

RECREATION AND CULTURE

Maintenance of halls, aquatic centre, recreation centre and various reserves. Operation of the library and support to and maintenance of the Residency Museum.

TRANSPORT

Construction and maintenance of roads, bridges, footpaths, drainage works, lighting and cleaning of streets and Depot maintenance

3 DESCRIPTION OF FUNCTIONS/ACTIVITIES (continued)

ECONOMIC SERVICES

Area promotion, support to tourism, building control, the community bus, the Business Enterprise Centre and Standpipes.

OTHER PROPERTY AND SERVICES

Private works carried out by Council, Public Works Overhead allocations, Plant Operation Cost allocations and Stock.

4 OPERATING REVENUES AND EXPENSES

Operating expenses and revenues classified according to nature and type.

Adopted Budget 2011/12		Actual 2011/12	Adopted Budget 2012/13

12 RATING INFORMATION

Statement of Rating Information for the year ending 30 June 2013.

In accordance with Financial Management Regulation 23 Council has imposed the following Rates:

General and Minimum Rate

Adopted Budget 2011/12		Adopted Budget 2012/13
0.075177	- General Rate	0.0815
Rate in \$	(The basis for the rate is Gross Rental Value)	Rate in \$
0.005300	- General Rate	0.005700
Rate in \$	(The basis for the rate is Unimproved Value)	Rate in \$
810	- Minimum Rate GRV	830
1030	- Minimum Rate UV	1030

The Objects and Reasons for General and Minimum Rate

Council has imposed a general rate of \$0.0815 GRV and \$0.005700 UV and a minimum rate of \$830 GRV p.a and \$1030 UV p.a., as Council perceives it to be a "reasonable" minimum level of rates which all ratepayers in its district should pay. The minimum rate reflects the basic cost incurred by the Council in servicing each lot or dwelling in its district.

For additional information on the rates levied refer to the "Statement of Rating Information".....

Specified Area Rates

No specified area rates will be levied during the year 2012/13.

13 SERVICE CHARGES

No specified area rates will be levied during the year 2012/13 as described in section 6.38(1) of the Local Government Act 1995 and Regulation 54 of the Local Government (Financial Management) Regulations.

14 INFORMATION ABOUT DISCOUNTS, INCENTIVES, CONCESSIONS AND WRITE OFFS

Pursuant to Sections 6.4 and 6.12 of the Local Government Act 1995, Council may, when adopting the Annual Budget, grant an incentive or discount for early payment of Rates and Charges.

1. Discount on Rates and Service Charges

No discount is offered to all who pay rates and charges within 35 days of the date of service (which appears on the rate notice) as Council has implemented an Incentive Scheme.

2. Community Groups

Council is offering subsidised hall and recreation centre hire to approved community groups. Council considers the support of these groups necessary for the overall benefit of the community. Approved groups will pay in accordance with Council's Policy.

3. Incentive Scheme (Rates)

An incentive scheme operates for early payment of rates. Each owner who pays their rates on or before the due and payable date has his/her name eligible to participate in the scheme. The winners are selected electronically at random via the Shires Rating system. The prizes are as follows:

Council, with the support of the following businesses, offers the following prizes to those property owners who pay their rates levy by the due date specified on the rates notice.

1st Prize	\$1000.00 bank account with the York and Districts Community Bank Branch of the Bendigo Bank provided by the Shire of York in conjunction with the Bank
2nd Prize	\$200 worth of unleaded fuel sponsored by Fuel Distributors WA
3rd Prize	Aspen Park 1 night accommodation in a family cabin up to the value of \$200
4th Prize	Four tickets to the Western Australian Symphony Orchestra for Rachmaninov & The Ring on Saturday, 1st December, 2012

15 INTEREST CHARGES FOR THE LATE PAYMENT OF RATES CHARGES

Pursuant to Section 6.51 of the Local Government Act and Financial Management Regulation 27(a) the Shire of York has imposed the following rate of interest applicable for the late payment of rates and rubbish charge to apply as follows:

(a) Where no election has been made to pay the rate and rubbish charge by instalments due

- (i) after it becomes due and payable;
 - or
 - (ii) 35 days after the date of issue of the rate notice
- which ever is the later.

(b) Where an election has been made to pay the rate & rubbish charge by instalments and an instalment remains unpaid after its due and payable.

The rate of interest to apply is 11% and the estimated revenue from the imposition of the interest amounts to \$16,000 for the 2012/13 financial year.

Pursuant to Section 6.45 of the Local Government Act and Financial Management Regulation 27(c) the due date of each instalment is as follows:

1st Instalment	11-Sep-12
2nd Instalment	13-Nov-12
3rd Instalment	15-Jan-13
4th Instalment	12-Mar-13

Charges on instalment plan is \$8.00 Administration Charge and rate of interest of 5.5%, the estimated revenue from the imposition amounts to \$16,000 in interest and \$16,000 in instalment charges for the 2012/13 financial year.

No interest is charged under Section 6.13 of the Local Government 1995 for the late payment of money other than rates.

16 FEES AND CHARGES INFORMATION

In accordance with Financial Management Regulation 25, the estimates of total revenue from Fees and Charges for each program is summarised as follows:

Subject to approved Policy by Council	-		-
a) Infrastructure			
i. Roads – 50% of cost of construction or upgrade of road for the length of the frontage(s) of the development to a standard determined by Council's Works Manager. Works may include drainage.			
ii. Footpath/multi-use paths – 50% of cost of construction or upgrade of footpath or other path for the length of the frontage(s) to a standard determined by Council's Works Manager.			
b) Open Space			
i. Contributions will be required for open space, which may include land for drainage, at a rate of 10% of the total land area subject to the subdivision application.			
ii. Contributions may be made by dedicating land or a cash-in-lieu payment at an equivalent land value. Council reserves the right to require a cash payment where the land is not part of an open space or drainage network.			
c) Community Infrastructure			
i. As per Developer Contribution Plan when adopted.			
Designated Developer Contribution Areas as per Schedule 14 of the York Town Planning Scheme No. 2 are as follows:
