Summary:

This report requests that Council directly appoint Authorised Officers under the provisions of the Building Act 2011 and Building Regulations 2011.

Existing Delegations De 4 and De 12 require review to reflect the changes required in Council Directly Appointing Authorised Officers under the Building Act 2011 and Building Regulations 2011.

Background:

To allow for the Shire of York Officers to undertake statutory duties and implement the *Building Act 2011* and the *Building Regulations 2011*, the local government needs to delegate Authorised Officers. Unfortunately the present delegation of Authorised Officers D.4 – Appointment of Authorised Officers, which enables the Chief Executive Officer to appoint officers, cannot be amended to enable the appointment of Authorised Officers under the *Building Act 2011*. The reason for this is Council must delegate to persons to carry out such duties directly.

Consultation:

Nil

Statutory Environment:

Under the provisions of the *Building Act 2011* a Local Government is a “Permit Authority” within its municipality. Local Governments need to appoint suitably qualified persons to administer the Building Act and Regulations. Section 96 of the Act states:

“A Local Government may by instrument in writing designate a person employed by the local government under the Local Government Act 1995 section 5.36, as an authorised person for the purposes of this Act in relation to buildings and incidental structures located, or proposed to be located, in the district of the local government.”

The permit authority (Shire of York) must give an identity card to each person designated by it as an authorised person in accordance with the provisions of section 97 of the Act.

Under the provisions of section 99 of the Building Act an authorised officer must act in accordance with the directions of the permit authority and subject to any limitations imposed by regulation or the permit authority.

The current delegations as indicated below require Delegation DE4 to be amended to include reference to direct delegation from Council to the Authorised Officer under the Building Act 2011 and associated Regulations and the deletion of references to the Local Government (Miscellaneous Provisions Act) 1995.

Delegation DE 12 is to be deleted as it refers to repealed legislation.

5.42. Delegation of Some Powers and Duties to CEO

The Council resolved that the following delegations be approved:

TO: Chief Executive Officer

DELEGATIONS: The power to appoint authorised officers to carry out the statutory duties of the local government.

GUIDELINES OR CONDITIONS:

The appointment of officers shall be limited to those carrying out the local government duties in respect to the following statutory provisions:

- Local Government Act 1995
- Local Government (Miscellaneous Provisions Act) 1995
- Litter Act

DE12 Issue of Notices

Legislation

Local Government Act 1995

5.42. Delegation of Some Powers and Duties to CEO

Local Government (Miscellaneous Provisions) Act 1960

374AAB Delegation of authority to approve plans of buildings or unauthorized building work

The Council resolved that the following delegations be approved:

TO: The Chief Executive Officer

DELEGATIONS: To issue notice under the following sections of the Local Government (Miscellaneous Provisions) Act.

Division 9	Notice of Required Alteration
Division 9a	Unlawful Works
Division 11	Dangerous Buildings

The Chief Executive Officer may sub delegate this approval to the appropriate officer eg: Manager Environmental Health and Building Services, Building Officer.

Officers Comment:

Delegations

The enforcement of the *Building Act 2011* requires Authorised Officers to be appointed directly (not by delegation from the CEO) to implement the provisions of the Act and Regulations. The current Delegation DE4 – Appointment of Authorised Officers, provides for delegation by the CEO to the Officers to issue building licenses and other statutory functions under the former building legislation. This needs to be updated, to give the appropriate powers for the appropriate Authorised Officers to carry out the duties of the new Act. Because the *Building Act and Regulations 2011* deals exclusively with building control activities the amended delegation does not need to specify specific sections /clauses (unlike the former Local Government Miscellaneous Provisions Act 1960).

Whilst the Act refers to delegation being to a person under Sections 96 and 127 of the Act, the provisions of the Interpretation Act 1984 make it clear this can also mean a “position” as well as an individual person. It is therefore appropriate to include the following positions in Council’s delegation: Manager Health Building, Senior Building Surveyor, Building Surveyor and Assistant Building Surveyor.

It is important to note that the exercise of this delegation is limited by the qualifications of the person holding any of the positions under the Building Regulations and any such person must also act under the directions of the Local Authority.

Under the Regulations there are three distinct levels of qualifications listed nominated as levels 1, 2 and 3. Each of these levels which are obtained through training and experience give differing levels of authority to act under the Act and Regulations. Level 1 is only limited by the authority to act given by any specific local authority. Level 2 adds a restriction on authority to act based on the size and number of storeys in a building. Level 3 limits the authority on officer to act based on further size and height restrictions and then further again limits this to only being able to deal with domestic structures.

Whilst this means a qualified Building Surveyor (depending on qualification level) can exercise a wide range of powers under the Act (such as the issue of Certificates of Design Compliance, Uncertified Building Permits, Occupancy Permits and the like) any other person delegated as an Authorized Officer would be very limited in how he or she could use the same legislation provisions. One example of an authority that an unqualified Authorized Officer could be given is the issuing of Building Permits for Certified applications. This can be carried out by a person considered "suitable" under the legislation.

As the new legislation has been enacted on 2 April 2012 it is important that the delegations are updated at this stage

Summary:

Council is to consider the tender recommendation for the replacement of Council's Volvo G710 motor grader

Background:

In line with Councils Plant Replacement program, documentation was drawn up for the replacement and trade-in of Councils Volvo G710 motor grader. Tenders were advertised on 30th March, 2012 and were open for four (4) weeks, closing on Tuesday 24th April, 2012 at 4:00 pm. Tenders were for the supply of replacement and trade-in of old only.

Seven tenders were received from five suppliers:

McIntosh & Sons

Hitachi Construction Machinery (Aust) Pty Ltd

Komatsu Australia Pty Ltd

WesTrac Pty Ltd

CJD Equipment

Appendix A summarises pricing and change-over for each tender.

Consultation:

Shire of York Construction Supervisor

Killarney Civil and Concreting Contractors

Statutory Environment:

Local Government Act 1995 (as amended) S3.57

Policy Implications:

Purchase in accordance with Local Government Tender Regulations. Tender 03-1112 was a public tender.

Financial Implications:

The 2011/12 budget has an allocation of \$340000.00 for expenditure on a replacement grader and estimated income of \$130000.00 for the trade-in of existing. This equates to a net change-over figure of \$210000.00.

CJD Equipment offer a Volvo G930 motor grader at the change-over price of \$205700.00 (incl GST) and is within budget estimates.

Strategic Implications:

Shire of York Strategic Community Plan
Governance: Strengthen Shire Leadership
Outcome – Sustainable resource management
Objective – Ensure resources are managed effectively.

Voting Requirements:

Absolute Majority Required: Yes

Site Inspection Undertaken: Not applicable

Triple bottom Line Assessment:**Economic Implications:**

Council maintains a Plant Replacement program to ensure that its mechanical resources are at peak effectiveness.

The recommended tender offers a 5yr/6000 hr warranty which will ensure that Council is protected over the life of the machine. CJD Equipment also offers full servicing and has previously given Council a high degree of customer satisfaction.

Social Implications:

Reliable, modern machinery ensure that the community is serviced to best practice standards.

Environmental Implications:

All tenders offered machinery that complies with the highest current emissions standards (Tier III).

Comment:

All tenders were assessed in accordance with Councils tender assessment policy.

The tender from McIntosh & Sons did not include a trade-in price. The machine offered by McIntosh & Sons is a LuiGong grader which is relatively new to the Australian civil field. Referees report that the LuiGong grader had some “teething problems” to begin with, mainly in poorly machined housings, but that the grader now works well. Although the purchase price of the LuiGong is lower than the recommended tender, it is recommended that Council does not consider this product at this stage but waits for further proving in field operation and reliability.

All other tenders complied with the tender requirements.

Council maintains a Plant Replacement program to ensure that its mechanical resources are at peak effectiveness.

The recommended tender offers a 2yr/2000 hr warranty, and a 4yr/4000 hr warranty on hydraulic pumps and engine, which will ensure that Council is protected over the life of the machine. All parts and filters are supplied by Coventrys and DCM Agencies maintains service agencies within WA.

Social Implications:

Reliable, modern machinery ensure that the community is serviced to best practice standards.

Environmental Implications:

All tenders offered machinery that complies with the highest current emissions standards (Tier III).

Comment:

All tenders were assessed in accordance with Councils tender assessment policy.

G.C.M Agencies have agencies in WA through ERS Equipment Sales. ERS Equipment Sales advise that both they and Coventrys hold spare parts and filters for the Multipac roller.

Referee reports (Shire of Kojonup) were contacted and have been very happy with both the Multipac roller and with the service back-up provided by G.C.M Agencies.

All other tenders complied with the tender requirements.
