Chief Executive Officer's Summary

Council has prepared the Annual Budget for the 2015/16 financial year which seeks to balance the demand for services and infrastructure with the community's capacity to pay. Key budget information provided below is about the rates, operating result, service levels, cash and investments, capital works, financial position and key strategic activities of the Council.

1. Rates

It is proposed that general rates increase by 9.5% for the 2015/16 year, raising total rates of \$5.053 million. The minimum rates are set at \$1,080.00 GRV pa and \$1,480.00 UV pa and will yield \$995,720

2. Operating result

The expected operating result for the 2015/16 year will increase to \$1.2 million. This is \$1.0 million more than 2014/15 figures.

3. Services

The cost of services to be delivered to the community for the 2015/16 year is expected to be \$9.458 million, an increase of 3.01% when compared to the previous year.

4. Cash and investments

Cash and investments are expected to decrease by \$0.338 million during the year to \$2.055 million as at 30 June 2016.

5. Capital works

The capital works program for the 2015/16 year is expected to be \$5.243 million. Of the \$5.243 million of capital funding required, \$2.515 million will come from Council operations, \$1.560 million from external grants, \$0.625 million from borrowings and reserves \$0.543 million.

6. Major Projects

The Annual Budget includes a range of activities and initiatives to be funded that will contribute to achieving the strategic objectives. The above graph shows the level of funding allocated in the budget for major

The Annual Budget has been developed so that it is financially responsible. More detailed budget information is available throughout this document.

Mr Graeme Simpson
Acting Chief Executive Officer

Budget Processes

This section lists the budget processes to be undertaken in order to adopt the Annual Budget in accordance with the Local Government Act 1995 and its Regulations.

The preparation of the budget begins with Officers preparing the operating and capital components of the annual budget. A draft consolidated budget is then prepared and various iterations are considered by Council at informal briefings. A 'proposed' budget is prepared in accordance with the Act and submitted to Council for approval.

The budget is required to be adopted by 31 August in each year. The key dates for the budget process are summarised below:

- | | |
|---|-------------------|
| 1. Officers prepare operating and capital estimates for inclusion in the budget | April - June 2015 |
| 2. Council considers draft budget at informal briefings | May - June 2015 |
| 3. Proposed budget submitted to Council for approval | June 2015 |
| 4. Copy of adopted budget submitted to the Department | July 2015 |

1. Linkage to the Council Plan

This section describes how the Annual Budget links to the aspirations of the Strategic Community Plan and the initiatives detailed in the Corporate Business Plan which is supported by the Shire's Long Term Financial Plan, Asset Management Plans and Workforce Plan. This framework guides the Council in identifying community needs and aspirations over the long term (Strategic Plan), medium term (Corporate Business Plan) and short term (Annual Budget) and then holding itself accountable (Audited Statements).

1.1 Strategic planning framework

The new Integrated Planning and Reporting Framework for local governments is a significant initiative put in place by Government to strengthen the capacity for Councils to plan strategically for their communities.

The Strategic Plan was adopted by the Council in May 2012 and all the other Plans have been completed. The Annual Budget is framed by taking into account the activities and initiatives which contribute to achieving the strategic objectives specified in the Plan.

1.2 Our purpose

Our vision - Building on our history, to create our future

Our Shire will be:

- A place to visit, work, play and rest;
- A place of vibrancy and energy, but one of tranquillity and safety;
- A place of growth, where local businesses find opportunities and thrive;
- A place of history and cultural interests, where past history is valued, building a sense of permanency and pride; and
- A place of community, where lifestyle choices are important and where community matters.

Our aim:

- To manage growth, economically and socially, in supporting a progressive vibrant community.

Our Goals

Social:

- Manage population growth, through planned provision of services and infrastructure.
- Strengthen community interactions and a sense of a united, cohesive and safe community.
- Build and strengthen community, culture, vibrancy and energy.

Environmental:

- Maintain and preserve the natural environment during growth, enhancing the 'rural' nature of York and ensuring a sustainable environment for the future.
- Support sustainable energy and renewable resource choices.

Economic:

- Build population base through economic prosperity.
- Value, protect and preserve our heritage and past.
- Grow the economic base and actively support local businesses and service provision.

Community Priorities Against Key Areas**Social: Building a Sense of Community**

- Our community will be inclusive and interactive, where people feel safe and are welcomed.
- Our community will value each other, building relationships and networks to interact, socialise and recreate.
- Our community will have access to service requirements.

Environment: Preserving and Sustaining our Natural Environment

- Our environment will be preserved for future generations, protecting viable rural land, whilst our town grows and develops.
- We will sustain and enhance our rural identity and natural aspects within our thriving natural environment, ensuring our natural environment is protected and enhanced.
- We will support sustainable energy and seek solutions for innovative use of water, energy and other resources.

Built Environment: Enhanced Lifestyle Choices

- Our built environment will sustain our growing needs, providing housing for all ages and employment.
- Our viable farming land will be protected.
- People will have choice in housing and be able to walk to shops and services within friendly village atmospheres.
- Our lifestyle choices will be supported with improved transport solutions.
- Our town centre will be vibrant where all community interact and build relationships.
- Our assets, facilities, roads and parks are well maintained and meet our requirements.

Economic Development: Maximise Development

- York will diversify economically through commercial growth, providing jobs and services to support our growing population.
- There will be employment and investment choices, providing a place for business access to rural and metropolitan opportunities.
- Visitors will be welcomed, with activities and places of significance to visit, providing a base to visit other regional and rural areas.

Governance: Strengthen Shire Leadership

- We will ensure our sustainability through our leadership, our regional and government partnerships and ensure we make informed resource decisions for our community good.
- We will engage and listen to our community, advocate on behalf of our community, be accountable and manage within our governance and legislative framework.

2. Activities, Initiatives and Key Strategic Activities

This section provides a description of the activities to be funded in the Budget for the 2015/16 year and how these will contribute to achieving the strategic objectives specified in the Plan for the Future.

Activity	Description	Expenditure/(Revenue) \$
General Purpose Funding	Details rates levied, interest on late payment of rates, general purpose grants and interest received on investments	438,365 (6,774,003) (6,335,638)
Governance	This service provides assistance to elected members and ratepayers on matters which do not concern specific council services.	971,869 (15,383) 956,486
Law Order, Public Safety	This service provides for the supervision of local laws, fire prevention and animal control.	508,003 (226,628) 281,375
Health	This service provides for food quality and pest control, support to medical services and administration of environmental health.	327,871 (23,000) 304,871
Education and Welfare	This service provides for maintenance of Pioneer Memorial Lodge (leased Aged Care facility); Centennial Units, which are a joint venture with Homeswest, providing self contained units to over 55's; and support to the Early Childhood Hub and other youth based initiatives.	111,215 (33,008) 78,207
Community Amenities	This service provides the collection of rubbish, operations of waste disposal sites, administration of the Town Planning Scheme, maintenance of cemeteries, and protection of the environment.	1,244,635 (693,223) 551,412
Recreation and Culture	This service provides for the maintenance of halls, swimming pool, recreation grounds and various reserves. The operations of the library and museum.	2,829,800 (876,702) 1,953,098
Transport	This service provides for the maintenance of roads, bridges, footpaths, cleaning and lighting of streets, street trees and depot maintenance. Revenue associated with the construction of roads etc is also recorded in this programme.	2,386,538 (1,266,105) 1,120,433
Economic Services	This service provides for tourism and area promotion, implementation of building controls and promotion of economic development initiatives.	752,773 (126,689) 626,084
Other Property and Services	This service provides for the undertaking of private works, allocations of oncosts and plant operation costs, recording of material and stock, salaries and wages paid and allocated to works.	67,670 (98,300) (30,630)

Initiatives

- * Road Infrastructure
- * Purchase of Property - Lot 800, 801 South Street, York
- * Swimming Pool Upgrades
- * Housing Capital

3. Budget Influences

This section sets out the key budget influences arising from the internal and external environment within which the Council operates.

3.1 Snapshot of York Shire Council

York is a vibrant and diverse rural community with a population of approximately 3,800. Located in close proximity to Perth (95kms east), in the western central Wheatbelt region of Western Australia. The Shire of York is located in a productive agricultural region, and is a place of choice for residential and business development and for rural production.

Being the first inland town to be settled, there are significant heritage values associated with York which encourages tourism. Located on the banks of the famous Avon River, the town of York is an attractive place to visit and live in, and is one of the few rural communities in the State that is growing. All services and facilities expected of a progressive community are available, including high quality education and medical establishments.

3.2 External influences

In preparing the 2015/16 budget, a number of external influences have been taken into consideration, because they are likely to impact significantly on the services delivered by Council in the budget period. These include:

- Consumer Price Index (CPI) increases on goods and services of 2.5% per annum.
- Local Government Cost Index (LGCI) increases on goods and services of 2.9% per annum.
- Additional government grants from state and federal government.
- Increase in State Government utility charges such as water and electricity.
- Impact of the carbon tax on the cost of local government services and associated fees.

3.3 Internal influences

As well as external influences, there are also a number of internal influences which are expected to have a significant impact on the preparation of the 2015/16 Budget. These matters have arisen from events occurring in the 2014/15 year resulting in variances between the forecast actual and budgeted results for that year. These matters and their financial impact are set out below:

- Budget surplus for the 2014/15 financial year ended 30 June 2015

3.4 Budget principles

In response to these influences, guidelines were prepared and distributed to all Council officers with budget responsibilities. The guidelines set out the key budget principles upon which the officers were to prepare their budgets. The principles included:

- Existing fees and charges to be increased in line with CPI or market levels
- Grants to be based on confirmed funding levels
- New revenue sources to be identified where possible
- Service levels to be maintained at 2014/15 levels
- Salaries and wages to be increased in line with Average Weekly Earnings

- New initiatives which are not cost neutral to be justified through a business case
- Operating revenues and expenses arising from completed 2014/15 capital projects to be included.

3.5 Legislative requirements

Under the Local Government Act 1995 (“the Act”), Council is required to prepare and adopt an annual budget for each financial year. The budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Local Government (Financial Management) Regulations 1996 (“the Regulations”) which support the Act.

The 2015/16 budget, which is included in this report, is for the year 1 July 2015 to 30 June 2016 and is prepared in accordance with the Act and Regulations. The budget includes statutory statements being a budget operating, budget statement of financial activity, budget statement of cash flows, budget rate setting statement, budget statement of rating information and notes forming part of the annual budget. These statements have been prepared for the year ended 30 June 2016 in accordance with Accounting Standards and other mandatory professional reporting requirements and in accordance with the Act and Regulations. It also includes detailed information about the rates and charges to be levied, the capital works program to be undertaken and other financial information, which Council requires in order to make an informed decision about the adoption of the budget.

The budget includes consideration of a number of long term strategies to assist Council in considering the Budget in a proper financial management context. These include a Strategic Community Plan, Long Term Financial Plan, Asset Management Plans and Workforce Plan.

4. Analysis of Operating Budget

This section analyses the expected revenues and expenses of the Council for the 2015/16 year.

4.1 Operating revenue

Revenue Types	Budget 2014/15 \$'000	Budget 2015/16 \$'000	Variance \$'000
Rates - General	4,640	5,079	439
Operating Grants and Subsidies	1,682	1,687	5
Non-Operating Grants & Subsidies	1,484	1,433	-51
Fees and Charges	1,670	1,525	-145
Contributions and Reimbursements	249	103	-146
Interest Earned	181	167	-14
Other revenue	168	139	-29
Total operating revenue	10,074	10,133	59
Net gain on sale of assets	23	600	577

4.2 Operating expenditure

Expenditure Types	Budget 2014/15 \$'000	Budget 2015/16 \$'000	Variance \$'000
Employee Costs	3,852	3,926	74
Materials and Contracts	2,740	2,674	-66
Utilities	345	322	-23
Depreciation	1,720	1,972	252
Interest Expenses	139	144	5
Insurance	318	322	4
Other expenses	230	278	48
Total operating expenditure	9,344	9,638	294
Net Loss on sale of assets	9	53	44

5. Analysis of Budgeted Cash Position

This section analyses the expected cash flows from the operating, investing and financing activities of Council for the 2015/16 year. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

The analysis is based on three main categories of cash flows:

- **Operating activities** - Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt
- **Investing activities** - Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment
- **Financing activities** - Refers to cash generated or used in the financing of Council functions and include borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principal component of loan repayments for the year.

5.1 Budgeted cash flow statement

	Budget 2014/15 \$'000	Budget 2015/16 \$'000	Variance \$'000
Cash flows from operating activities			
<i>Receipts</i>			
Rates - General	5,140	5,479	339
Operating Grants	1,782	1,687	(95)
Contributions and Reimbursements	537	104	(433)
Fees and Charges	1,870	2,066	196
Interest Earned	181	167	(14)
Other revenue	168	139	(29)
	9,678	9,642	(36)
<i>Payments</i>			
Employee Costs	(3,852)	(3,973)	(121)
Materials and Contracts	(2,630)	(2,696)	(66)
Utilities	(345)	(322)	23
Insurance	(318)	(322)	(4)
Interest Expenses	(139)	(144)	(5)
Other expenses	(230)	(123)	107
	(7,514)	(7,580)	(66)
Net cash provided by operating activities	2,164	2,062	(102)
Cash flows from investing activities			
Proceeds from sales of property, plant & equip	297	941	644
Repayment of loans and advances	0	0	-
Contributions of the Development of Assets	1,484	1,432	(52)
Payments for property, plant and equipment	(4,619)	(5,243)	(624)
Net cash used in investing activities	(2,838)	(2,870)	-32
Cash flows from financing activities			
Finance costs			-
Proceeds from borrowings	600	625	25
Principal Repayments Received	12	6	(6)
Repayment of borrowings	(177)	(201)	(24)
Net cash used in financing activities	435	430	(5)
Net decrease in cash and cash equivalents	(239)	(378)	(139)
Cash and cash equivalents at the beg of the year	2,246	2,433	187
Cash and cash equivalents at end of the year	2,007	2,055	48

6. Analysis of Capital Budget

This section analyses the planned capital expenditure budget for the 2015/16 year and the sources of funding for the capital budget.

6.1 Capital works

Capital Works Areas	Budget 2014/15 \$'000	Budget 2015/16 \$'000	Variance \$'000
New works			
Land and Buildings	727	743	16
Infrastructure Roads	2,389	1,947	-442
Infrastructure Recreation Facilities	562	1,509	947
Infrastructure Other	73	75	2
Plant and Equipment	700	861	161
Furniture and Equipment	168	108	-60
Total capital works	4,619	5,243	624
Represented by:			
Asset renewal	1,788	1,675	-113
New assets	1,959	3,383	1,424
Asset Upgrade	872	185	-687
Asset expansion	0	0	0
Total capital works	4,619	5,243	624

6.2 Funding sources

Sources of funding	Budget 2014/15 \$'000	Budget 2015/16 \$'000	Variance \$'000
New works			
<i>External</i>			
Grants - Capital	1,484	1,578	94
Proceeds on sale of assets	297	941	644
	1,781	2,519	738
<i>Internal</i>			
Reserve Funds	340	542	202
Loan Funds	600	625	25
Own Resources	1,898	1,557	-341
	2,838	2,724	-114
Total new works	4,619	5,243	624
Total funding sources	4,619	5,243	624

7. Rating Strategy

This section considers the Council's rating strategy including strategy development and assumptions underlying the current year rate increase and rating structure.

7.1 Strategy development

In developing the annual budget, rates and charges were identified as an important source of revenue, accounting for 49.8% of the total revenue received by Council annually.

However, it has also been necessary to balance the importance of rate revenue as a funding source with community sensitivity to increases. The following table shows rate increases over the last six years.

Year	Rate Increases			
	UV	GRV	Min UV	Min GRV
2010/11	3.49%	2.74%	20.48%	11.27%
2011/12	11.41%	9.58%	-3.53%	-1.96%
2012/13	7.55%	8.41%	0.00%	0.02%
2013/14	5.70%	16.58%	0.00%	2.40%
2014/15	12.00%	12.50%	40.77%	23.53%
2015/16	13.95%	11.10%	2.07%	2.86%
Average increase	9.02%	10.15%	9.97%	6.35%

7.2 Current year rate increase

In order to maintain service levels and a capital expenditure program, general rates will increase by 9.50% in 2015/16 raising a total revenue of \$5.053 million.

Year	Rate Levied				
	UV	GRV	Min UV	Min GRV	Total
	\$	\$	\$	\$	\$
2010/11	1,200,038	1,086,389	255,000	714,160	3,255,587
2011/12	1,337,539	1,190,115	246,170	699,840	3,473,664
2012/13	1,473,131	1,459,719	219,390	572,700	3,724,940
2013/14	1,557,296	1,710,766	194,670	511,700	3,974,432
2014/15	1,601,875	1,758,344	435,000	820,050	4,615,269
2015/16	1,854,563	2,203,445	371,480	624,240	5,053,728
Average rates levied	1,504,074	1,568,130	286,952	657,115	4,016,270

7.3 Rating structure

Council has established a rating structure which is comprised of the following elements. These are:

- * Gross Rental Values
- * Unimproved Values
- * Minimum Rate

Striking a proper balance between these elements provides equity in the distribution of the rate burden across residents.

8. Other Strategies

This section sets out the strategies that have been taken into account when the Council formulates its annual budget.

8.1 Borrowings

Borrowings were identified as an important funding source for capital works programs. In the past, Council has borrowed to finance infrastructure projects. Borrowings have been included as a funding source and incorporated into the annual budget. Reserves will also be used as an alternate funding source to support the capital works programs.

For the 2015/16 year, Council has decided to borrow \$625,000 to fund the purchase of Lot 800, 801 South Street, York.

Year	New Borrowings \$'000	Principal Paid \$'000	Interest Paid \$'000	Balance 30 June \$'000
2009/10	0	9	4	49
2010/11	1330	9	12	1,380
2011/12	935	56	113	2,259
2012/13	0	94	131	2,165
2013/14	0	100	126	2,065
2014/15	339	106	0	2,298
2015/16	625	201	144	2,722

8.2 Infrastructure

The Council has prepared Asset Management Plans, which set out the capital expenditure requirements of the Council for the future by class of asset and will be a key input to the long term financial plan. It predicts infrastructure consumption, renewal needs and considers infrastructure needs to meet future community service expectations.

8.3 Long Term Financial Plan

The Long term Financial Plan is an important part of Council's integrated planning process. The LTFP will be aligned with Council's Strategic Community Plan and Corporate Business Plan and will form the basis for the preparation of annual budgets.

The LTFP has been reviewed and covers a 10 year planning period from 2015-16 to 2024-25 and costs the community's aspirations against the financial realities.

Notes:

All fair value adjustments relating to re-measurement of financial assets at fair value through profit or loss and (if any) changes on revaluation of non-current assets in accordance with the mandating of fair value measurement through Other Comprehensive Income, is impacted upon by external forces and is not able to be reliably estimated at the time of budget adoption.

Fair value adjustments relating to the re-measurement of financial assets at fair value through profit or loss will be assessed at the time they occur with compensating budget amendments made as necessary.

It is anticipated, in all instances, any changes upon revaluation of non-current assets will relate to non-cash transactions and as such, have no impact on this budget document.

This statement is to be read in conjunction with the accompanying notes.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this budget are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the budget has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 10 to this budget document.

(b) 2014/15 Actual Balances

Balances shown in this budget as 2014/15 Actual are as forecasted at the time of budget preparation and are subject to final adjustments.

(c) Rounding Off Figures

All figures shown in this budget, other than a rate in the dollar, are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a Gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

(f) Superannuation

The Council contributes to a number of Superannuation Funds on behalf of employees.

All funds to which the Council contributes are defined contribution plans.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in the statement of financial position.

(h) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(i) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(j) Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Mandatory Requirement to Revalue Non-Current Assets

Effective from 1 July 2012, the Local Government (Financial Management) Regulations were amended and the measurement of non-current assets at Fair Value became mandatory.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Fixed Assets (Continued)

The amendments allow for a phasing in of fair value in relation to fixed assets over three years as follows:

(a) for the financial year ending on 30 June 2013, the fair value of all of the assets of the local government that are plant and equipment; and

(b) for the financial year ending on 30 June 2014, the fair value of all of the assets of the local government -

(i) that are plant and equipment; and

(ii) that are -

(I) land and buildings; or

(II) infrastructure;

and

(c) for a financial year ending on or after 30 June 2015, the fair value of all of the assets of the local government.

Thereafter, in accordance with the regulations, each asset class must be revalued at least every 3 years.

In 2013, Council commenced the process of adopting Fair Value in accordance with the Regulations.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the budget as necessary.

Land Under Control

In accordance with Local Government (Financial Management) Regulation 16(a), the Council was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of state or regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Whilst they were initially recorded at cost (being fair value at the date of acquisition (deemed cost) as per AASB 116) they were revalued along with other items of Land and Buildings at 30 June 2015.

Initial Recognition and Measurement between Mandatory Revaluation Dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation of the next anniversary date in accordance with the mandatory measurement framework detailed above.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Fixed Assets (Continued)

Revaluation

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Transitional Arrangement

During the time it takes to transition the carrying value of non-current assets from the cost approach to the fair value approach, the Council may still be utilising both methods across differing asset classes.

Those assets carried at cost will be carried in accordance with the policy detailed in the ***Initial Recognition*** section as detailed above.

Those assets carried at fair value will be carried in accordance with the ***Revaluation*** Methodology section as detailed above.

Land Under Roads

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Fixed Assets (Continued)

Major depreciation periods used for each class of depreciable asset are:

Buildings	40 years
Furniture and Equipment	8 years
Plant and Equipment	8 years
Infrastructure	
Sealed Roads, Streets and Carparks	Condition Rated Annually
Unsealed Roads	Condition Rated Annually
Bridges, Drainage	1.30%
Concrete Footpaths, Cycleways, Walkways and	50 Years
Brick Footpaths	25 Years
Effluent Systems	20 Years
Sewerage Parks	75 – 80 Years
Water Pipes and Hydrants	20 Years
Bus Shelters	20 Years
Parks Furniture and Equipment	5 – 20 Years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

Capitalisation Threshold

Expenditure on items of equipment under \$1,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

(k) Fair Value of Assets and Liabilities

When performing a revaluation, the Council uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that Council would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Fair Value of Assets and Liabilities (Continued)

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset (i.e. the market with the greatest volume and level of activity for the asset or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (ie the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Fair Value Hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Council selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Council are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Fair Value of Assets and Liabilities (Continued)

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Council gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability and considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

As detailed above, the mandatory measurement framework imposed by the Local Government (Financial Management) Regulations requires, as a minimum, all assets carried at a revalued amount to be revalued at least every 3 years.

(l) Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Council becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Council commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or cost.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) Financial Instruments (Continued)

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets at fair value through profit and loss

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short term profit taking. Assets in this category are classified as current assets. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the Council's management has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available for sale financial assets are classified as non-current.

(v) Financial liabilities

Non-derivative financial liabilities (excl. financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in the profit or loss.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(l) Financial Instruments (Continued)

Impairment

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

Derecognition

Financial assets are derecognised where the contractual rights for receipt of cash flows expire or the asset is transferred to another party, whereby the Council no longer has any significant continual involvement in the risks and benefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(m) Impairment of Assets

In accordance with Australian Accounting Standards the Council's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116) whereby any impairment loss of a revaluation decrease in accordance with that other standard.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(m) Impairment of Assets (Continued)

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting this budget, it is not possible to estimate the amount of impairment losses (if any) as at 30 June 2015.

In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget document.

(n) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

(o) Employee Benefits

Short-Term Employee Benefits

Provision is made for the Council's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Council's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Council's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Other Long-Term Employee Benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations or service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Council's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Council does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDED 30TH JUNE 2016

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

(q) Provisions

Provisions are recognised when the Council has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(r) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where the Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Council's intentions to release for sale.

(s) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current budget year.

(t) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this budget document relate to the original budget estimate for the relevant item of disclosure.

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDING 30TH JUNE 2016

2 REVENUES AND EXPENSES

The Net Result as reported in the Annual Budget includes:

Adopted Budget 2014/15		Actual 2014/15	Adopted Budget 2015/16

	Crediting as Income		
	Profit/(Loss) on Sale of Non-Current Assets		
	Land		600,000
	Buildings		
14,480	Plant and Equipment	(2,598)	(52,900)
	Furniture and Equipment		
14,480		(2,598)	547,100

3 DESCRIPTION OF FUNCTIONS/ACTIVITIES

The principal activities of Council for the Local Government of the Shire of York covers the provisions of law, order, public safety services, education services, health services, welfare services, community amenities, recreation and cultural services, transport services, economic services, and other property services as permitted under the Local Government Act or other written law.

GENERAL PURPOSE FUNDING

Rates, general purpose government grants and interest revenue.

GOVERNANCE

Members expenses and the costs associated with meetings of Council, policy determination and public ceremonies and presentations and Administration allocations.

LAW, ORDER AND PUBLIC SAFETY

Supervision of local laws, fire prevention including the provision of volunteer fire brigades, animal control and the support of local emergency and public safety organisations.

HEALTH

Food quality control, immunisation, environmental health and support to the medical practice and practitioners

EDUCATION & WELFARE

Building maintenance of Pioneer Memorial Lodge (leased Aged Care Facility) and Centennial Units which are a joint venture with Homeswest providing self contained units to over 55's. Support to the Early Childhood Hub.

COMMUNITY AMENITIES

Rubbish collection services, management of waste facilities, noise control, administration of the Town Planning Scheme, maintenance of cemeteries and storm water drainage maintenance.

RECREATION AND CULTURE

Maintenance of halls, aquatic centre, recreation centre and various reserves. Operation of the library and support to and maintenance of the Residency Museum.

TRANSPORT

Construction and maintenance of roads, bridges, footpaths, drainage works, lighting and cleaning of streets and depot maintenance.

ECONOMIC SERVICES

Area promotion, support to tourism, building control, the community bus and standpipes.

OTHER PROPERTY AND SERVICES

Private works carried out by Council, Public Works Overhead allocations, Plant Operation Cost allocations and Stock.

Rate in \$	(The basis for the rate is Unimproved Value)	Rate in \$
\$1,050	- Minimum Rate GRV	\$1,080
\$1,450	- Minimum Rate UV	\$1,480

The Objects and Reasons for General and Minimum Rate

Council has imposed a general rate of \$0.113892 GRV and \$0.008657 UV and a minimum rate of \$1,080 GRV p.a and \$1,450 UV p.a., as Council perceives it to be a "reasonable" minimum level of rates which all ratepayers in its district should pay. The minimum rate reflects the basic cost incurred by the Council in servicing each lot or dwelling in its d

Specified Area Rates

No specified area rates will be levied during the year 2015/16.

13 SERVICE CHARGES

No service charges will be levied during the year 2015/16.

14 INFORMATION ABOUT DISCOUNTS, INCENTIVES, CONCESSIONS AND WRITE OFFS

Pursuant to Sections 6.4 and 6.12 of the Local Government Act 1995, Council may, when adopting the Annual Budget, grant an incentive or discount for early payment of Rates and Charges.

1. Discount on Rates and Service Charges

No discount is offered to all who pay rates and charges within 35 days of the date of service (which appears on the rate notice) as Council has implemented an Incentive Scheme.

2. Community Groups

Council is offering subsidised hall and recreation centre hire to approved community groups. Council considers the support of these groups necessary for the overall benefit of the community. Approved groups will pay in accordance with Council's Policy.

3. Incentive Scheme (Rates)

An incentive scheme operates for early payment of rates. Each owner who pays their rates on or before the due and payable date has his/her name is eligible to participate in the scheme. The winners are selected electronically at random via the Shires Rating system. The prizes are as follows:

Council, with the support of the following businesses, offers the following prizes to those property owners who pay their rates levy by the due date specified on the rates notice.

1st Prize	A \$1,000 bank account provided by the Shire of York in conjunction with the York & Districts Community Bank Branch of Bendigo Bank
2nd Prize	Four tickets to see the West Australian Symphony Orchestra perform Beethoven & Mahler on Saturday, 21st November, 2015
3rd Prize	A 2 night weekend stay at the Perth Ambassador Hotel in a Premium Deluxe Room including full buffet breakfast for 2 people each morning
4th Prize	\$200 of unleaded petrol donated by Fuel Distributors of WA Pty Ltd

SHIRE OF YORK
NOTES TO AND FORMING PART OF THE ANNUAL BUDGET
FOR THE YEAR ENDING 30TH JUNE 2016

15 INTEREST CHARGES FOR THE LATE PAYMENT OF RATES CHARGES

Pursuant to Section 6.51 of the Local Government Act and Financial Management Regulation 27(a) the Shire of York has imposed the following rate of interest applicable for the late payment of rates and rubbish charge to apply as follows:

(a) Where no election has been made to pay the rate and rubbish charge by instalments due

- (i) after it becomes due and payable;
- or
- (ii) 35 days after the date of issue of the rate notice

which ever is the later.

(b) Where an election has been made to pay the rate & rubbish charge by instalments and an instalment remains unpaid after its due and payable.

The rate of interest to apply is 11% and the estimated revenue from the imposition of the interest amounts to \$65,000 for the 2015/16 financial year.

Pursuant to Section 6.45 of the Local Government Act and Financial Management Regulation 27(c) the due date of each instalment is as follows:

1st Instalment	18 August 2015
2nd Instalment	20 October 2015
3rd Instalment	22 December 2015
4th Instalment	23 February 2016

Charges on instalment plans include a \$10.00 Administration Charge and a rate of interest of 5.5%. The estimated revenue from the imposition amounts to \$17,000 in interest and \$17,000 in instalment charges for the 2015/16 financial year.

No interest is charged under Section 6.13 of the Local Government 1995 for the late payment of money other than rates.

16 FEES AND CHARGES INFORMATION

In accordance with Financial Management Regulation 25, the estimates of total revenue from Fees and Charges for each program is summarised as follows:

Subject to approved Policy by Council

a) Infrastructure

i. Roads – 50% of cost of construction or upgrade of road for the length of the frontage(s) of the development to a standard determined by Council's Works Manager. Works may include drainage.

ii. Footpath/multi-use paths – 50% of cost of construction or upgrade of footpath or other path for the length of the frontage(s) to a standard determined by Council's Works Manager.

b) Open Space

i. Contributions will be required for open space, which may include land for drainage, at a rate of 10% of the total land area subject to the subdivision application.

ii. Contributions may be made by dedicating land or a cash-in-lieu payment at an equivalent land value. Council reserves the right to require a cash payment where the land is not part of an open space or drainage network.

c) Community Infrastructure

i. As per Developer Contribution Plan when adopted.

Designated Developer Contribution Areas as per Schedule 14 of the York Town Planning Scheme No. 2 are as follows:

- DCA-A – Daliak Precinct
- DCA-B – Equine Precinct
- DCA-C – North West Residential Precinct
- DCA-D – Avon River Precinct
- DCA-E – York Estate Precinct
- DCA-F – Crawford Court Precinct
- DCA-G – Mt Hardey Precinct
- DCA-H – Mt Matilda Precinct
- DCA-I – Balladong Residential and Heritage Precinct
