Dear Sir,

**APPLICATION TO EXTEND PLANNING APPROVAL – LOTS 4869, 5931, 9926 & 26934 GREAT SOUTHERN HWY, ST RONANS**

Application for amendment – Development Approval DP/14/00039 by Mr Robert Henry Chester, the registered proprietor of Lots 4869, 5931, 9926 and 26932 Great Southern Highway, St Ronans, being the development approval for a landfill, or 'Waste Disposal Facility'. AMI Enterprises Pty Ltd, which holds an option to purchase the Land from the Owner through an executed legal agreement and Alkina Holdings Pty Ltd, which is the wholly owned subsidiary of AMI Enterprises Pty Ltd, that will operate the development the subject of the Development Approval.

We wish to comment on the above landfill application extension under regulation 17(1) of the Planning and Development (Development Assessment Panels) Regulations 2011 (DAP Regulations), for amendment to Condition 9 of the Development Approval (Application).

The Development Approval was granted by the State Administrative Tribunal on the 8<sup>th</sup> March 2016. Condition 9 of the Development Approval states: The development approved is to be substantially commenced within two years after the date of the approval, and the approval will lapse if the development is not substantially commenced before the expiration of that period.

We the undersigned wish to state our disapproval of the proposal and the extension of a planning approval for the following reasons:

- We do not agree to the Application amending Condition 9, by –deleting: '*within two years after the date of the approval*'; and extend the period for substantial commencement by inserting 'by the 8<sup>th</sup> March 2020'.
- We believe Alkina Holdings has had sufficient time to have their landfill proposal approved and an extension should not be granted.
- Alkina Holdings are leasing Allawuna from AMI Enterprises Pty Ltd for a period of approximately 20 years. Alkina Holdings is a small company with few shareholders and we question their financial position to have a multimillion dollar contingency plan when contamination occurs to the environment or businesses in the area.
- The landfill possesses major risks to the environment that we believe are unacceptable.
- A landfill will contaminate the flora, fauna, reserves and National Parks, the land water and air surrounding the site.

We the undersigned support the York Community Submission and reject the Application to extend planning approval - Lots 4869, 5931, 9926 & 26934 Great Southern Highway, St Ronans by AMI Enterprises Pty Ltd and Alkina Holdings Pty Ltd.
