Message from the Shire President

Wheatbelt Regional University Centre

In September 2022 Council was requested to consider providing financial support for the establishment of a Regional University Centre (RUC) in York, in conjunction with Regional Development Australia – Wheatbelt and the Community Resource Centre (CRC). The RUC program overcomes barriers of cost of living, travel costs and living away from family and community networks during tertiary study hence the establishment of a RUC in York is an important initiative and can be considered a great boost for our community.

In light of that, Council resolved to support the program through funding the rental cost of the space used within the CRC to host the RUC over a period of three years and is looking forward to the successful implementation of the program and the benefits it will provide our local students.

CBD Revitalisation

President

Shire

Message

In response to the objective set in the Strategic Community Plan, Officers identified a number of upgrades that were required to the infrastructure of the York Central Business District (CBD). To compliment and inform the physical aspects of the project the Shire wanted to capture the vision of the community for the CBD to ensure the upgrades are human centered and contribute to the shared sense of place.

Town Team Movement worked closely with the community and the Shire through a number of engagement opportunities in the first half of the financial year, with the CBD Revitalisation Report and Implementation Toolkit presented to Council's December 2022 Ordinary Meeting.

We look forward to implementing some of the 'quick wins' that can be delivered ahead of the larger project to improve community and visitor amenity for our town, and I would like to thank the many community members who contributed for their input into this important project.

66

As residents, we know how lucky we are to live in York, and it's the plans and actions we put in place today that will help our Shire thrive well into the future.

Councillor Representation & Elections

Stephen Muhleisen resigned from the office of Councillor in February 2023, leaving an additional vacancy which the Electoral Commissioner approved to be filled at the next local government ordinary elections to be held in October 2023. This will mean there are four vacancies to fill. I would like to thank Stephen for his service to the community during his time on Council and wish him all the best.

Regional Movers Index

The Shire of York was thrilled to be one of thirteen regional local government areas across Australia to record a jump in net internal migration levels of more than 100% in 2022, with York coming in as one of the top five highest growth regional areas. Other towns included Port Pirie (South Australia), Gladstone (Queensland), Murray Bridge (South Australia) and Glen Innes (New South Wales), which along with York all recorded a jump of more than 200%!

Net internal migration is a key driver of change in a region's total population. It calculates the number of people from outside of the region (but still within Australia) moving in, less the number of local people leaving that region for another (within Australia).

Despite the incorrect results recorded by the latest Census, we are well aware that building and development approvals have increased significantly, and property sales have been strong with many new people and families moving to our wonderful part of WA, and we welcome them here.

Minor Review - Strategic Community Plan & Corporate Business Plan

In June 2020 the Shire of York endorsed its Strategic Community Plan 2020-2030 (SCP). The SCP was informed through extensive community engagement and set out the community's vision of the future and the key strategies we will focus on to achieve those aspirations.

Three years on, the Shire is undertaking a minor review of the SCP and Corporate Business Plan (CBP) to find out whether we are still on the right track. Consultation began in June 2023 with an online and hard copy survey as well as several community workshops being conducted into the new financial year.

Great Southern Landfill (Allawuna Farm)

On 22 May 2023 the Environmental Protection Authority (EPA) recommended the Great Southern Landfill (Allawuna Farm) proposal for a landfill site be implemented, subject to a number of conditions. The Allawuna landfill proposal has previously been identified as a key area of concern to the community.

At its May 2023 Ordinary Council meeting, Council directed the CEO to prepare and lodge an appeal to the Appeals Convenor WA on the outcome of the EPA report. It is understood a significant number of community members also submitted appeals. Appeals closed on 12 June 2023 and we eagerly await the Minister's announcement following consideration of the appeals received.

In Closing

My sincere thanks to all my fellow Councillors for their service and dedication to the community, and to the hard-working staff of the Administration for their tireless efforts during 2022/23. This year has had a sense of purpose and optimism as we press on with projects, plan for our future and foster our wonderful community spirit. I am pleased to lead this Council towards achieving our community's goals and aspirations so York remains a wonderful place to live, work and visit.

Message from the CEO

York Residency Museum Celebrates 50 Years

Following its recent multi award-winning restoration project, on 27 August 2023 the much-loved York Residency Museum celebrated 50 years young. The event was marked with a free community event at the Museum featuring a Welcome to Country by Dr Marion Kickett, a stilt walking Gumnut Blossom, jazz diva's Ali Bodycoat and Libby Hammer, free cupcakes from the Duchess of York, lunch hampers to enjoy from Bellisimo and a children's concert and activities.

It was a special day for York residents who have supported and enjoyed our museum over the years and provided a fabulous opportunity to recognise the loyal volunteers who assist with the museum's displays, events and daily operations.

It was wonderful to see many locals come and celebrate the Residency Museum and share in its fascinating stories and history of the region.

MoU with York & District Co-operative Ltd

Ш

from the

Message

In December 2022 Council provided support for the development of a Memorandum of Understanding (MoU) with the York and District Co-Operative Ltd (Co-op) for the use of 142 Avon Terrace, York located on the corner of Avon Terrace and Macartney Street. The Co-op have indicated its intent to develop the site.

The area of Macartney Street between Avon Terrace and Lowe Street was identified in the CBD Revitalisation Plan Report by Town Team as a Quick Win Project. It highlighted the area could be used as a prototype to reclaim open public space. As an identified area of opportunity, there is the potential for collaboration between the Shire and Co-op to provide outcomes which realise value to the community in activating these spaces.

The MoU was endorsed by Council at its March 2023 Ordinary Meeting. The Shire is continuing to work with the Co-op to develop a concept plan including infrastructure on the site, including parking, public open spaces and infrastructure. Further community consultation on the project will also be undertaken to inform the final design.

As a highly visible area within the CBD, the increased activation of the space could provide long term benefits to our community and visitors.

66

The end of the financial year allows the opportunity to reflect. It presents us with a chance to track progress made and acknowledge those who have contributed to each achievement.

Recruitment for an Executive Manager

Following the resignation of Sinead McGuire in January 2023, a recruitment process commenced for a new Executive Manager Infrastructure & Development Services. The position is one of two senior executive positions reporting directly to the Chief Executive Officer. A key focus of the position is the strategic and operational planning and delivery of the Shire's infrastructure assets as well as the provision of planning and building services.

Council accepted my recommendation on the successful applicant, with Mr Lindon Mellor commencing in July 2023.

I would like to take this opportunity to thank Sinead for all her efforts and dedication to the role during her time in York and wish her all the very best for her future career.

Reconciliation Action Plan

Following on from work commenced in 2021, at its February 2023 Ordinary Meeting Council endorsed its 'Reflect' Reconciliation Action Plan (RAP) following extensive consultation with the local Ballardong Noongar community and via the RAP Working Group.

The 'Reflect' RAP provides a structure, objectives and timelines for actions to further the reconciliation process through the establishment of an Aboriginal Advisory Group. Implementation of the Plan will provide for greater inclusivity within the organisation, with flow on effects into the community as a whole. The key theme and aspiration for the Shire to be a leader in cultural heritage and environment is reflected throughout the Plan.

The Shire will continue to deliver on the outcomes within the Plan and work with the community and stakeholders to ensure the Plan is successful.

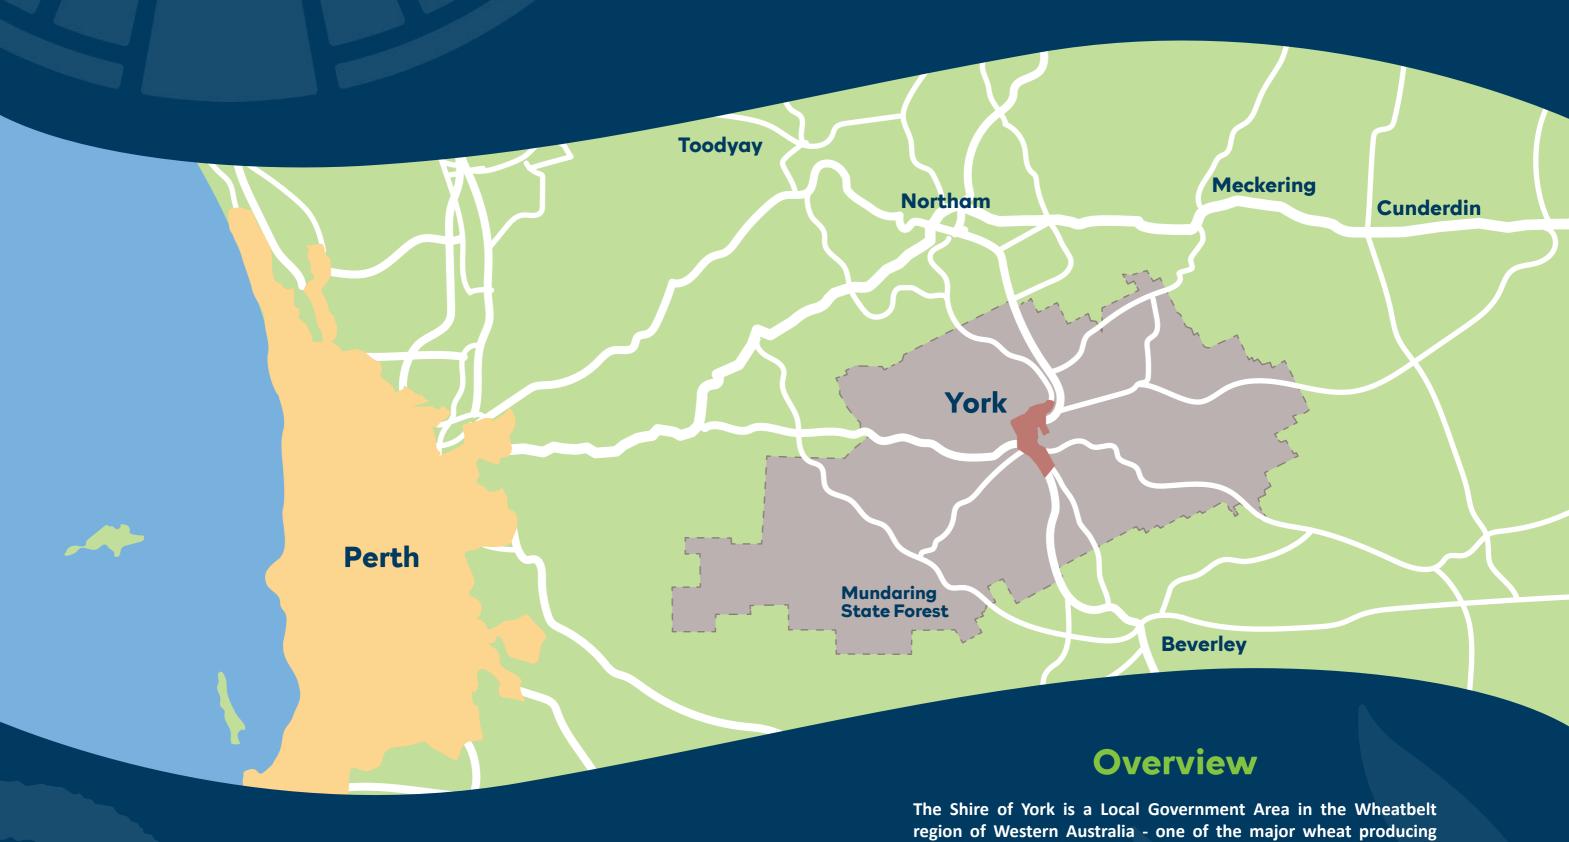

In Closing

There are a number of key projects and priority areas to deliver on in the future, with Staff working hard to provide a liveable, clean and future focused Shire for our community to enjoy all year round. I sign off this message by thanking our Councillors and Staff for their continued dedication and commitment to serving our community. I am delighted to lead a team committed to actively listening to and collaborating with our community to create an exciting future for the Shire of York.

Chris Linnell

CHRIS LINNELL SHIRE OF YORK CEO

8 | Shire of York Annual Report 2022- 2023 | 9

Community Profile

The Shire of York is a Local Government Area in the Wheatbelt region of Western Australia - one of the major wheat producing areas in Australia. The Shire of York covers an area of 2,131km², and is bounded by the Shires of Northam and Cunderdin to the north and northeast respectively, Quairading to the east, Beverley to the south, and Mundaring and Kalamunda to the west. The climate is Mediterranean with warm to hot, dry summers and mild wet winters.

Register of Complaints about Conduct of Members

Section 5.121 of the *Local Government Act 1995* requires the complaints officer of the local government to maintain a register of complaints which records all complaints that result in a finding under Section 5.110(2)(a) that a minor breach has occurred.

One complaint was received on 24 June 2022 which was considered by Council at its August 2022 Ordinary Meeting (Council Resolution 240822). The investigation identified that the alleged breach of Clause 8(2)(b) and Clause 9(d) of Policy E1 - Code of Conduct: Council Members, Committee Members & Candidates did occur.

Councillor Demographics

Regulation 19B(2)(h) of the *Local Government* (Administration) Regulations 1996 requires a local government to include in its Annual Report the age of Councillors (if available).

Age Range 30 June 2023	Elected Members
Between 18 years and 24 years	0
Between 25 years and 34 years	0
Between 35 years and 44 years	2
Between 45 years and 54 years	0
Between 55 years and 64 years	0
Over 64 years	5

Councillor & Committee Meeting Attendance

For 2022/23 the number of Council and Committee meetings held and the numbers of those meetings attended by each Councillor is as follows:

Councillor	Ordinary (11)	Special (3)	Annual Electors (1)	Audit & Risk Committee (6)
Cr Denese Smythe	11	3	1	6
Cr Denis Warnick	11	2	1	6
Cr Ashley Garratt	11	3	1	0
Cr Pam Heaton**	10	3	1	3
Cr Stephen Muhleisen*	1	1	0	0
Cr Kevin Trent	11	3	1	6
Cr Peter Wright	10	3	1	0

^{*}Councillor Muhleisen was granted Leave of Absence from 22 August 2022 to 21 December 2022 and resigned from office effective 12 February 2023.

^{**}In accordance with Council resolution 030422, Cr Heaton was appointed to the Audit & Risk Committee in April 2022 until such time as a second external member was appointed by Council, which occurred at Council's December 2022 Ordinary Meeting.

Our Vision

Diverse Heritage

Vibrant Community

Prosperous Future

We Aspire to Be:

Strong Leadership and Governance

To have effective and responsive leadership and governance, where a sense of collective purpose and shared direction combine to work together

HIGHLIGHTS

Governance

Strong Leadership &

- Purchase of Cascade/Government Frameworks as the Shire's new Enterprise Resource Planning Platform to streamline tracking and reporting on achievement towards the Strategic Community Plan and Corporate Business Plan
- Provision of \$9,856 in funding towards the Wheatbelt Regional University Centre
- Development of a Memorandum of Understanding with the York & District Co-operative Ltd in relation to the shared use of land at the corner of Avon Terrace and Macartney Street
- Appointment of external representatives to the Audit & Risk Committee to ensure greater governance and oversight
- Completion of the MARKYT Community Survey and Scorecard

PRIORITIES

Continuous improvement of community engagement

Continuous improvement of governance

Community Engagement

The Shire of York commenced a minor review of its Strategic Community Plan (SCP) and Corporate Business Plan (CBP) in June 2023, engaging INK Strategy to facilitate engagement and consultation with Council and the community. As the SCP and CBP were adopted at the beginning of the COVID-19

pandemic, it is likely actions and priorities have changed since then. The minor review is intended to remove any actions which have been completed or are no longer relevant and include new focus areas the community identifies as a priority and would like to see future action on. Council will consider the review outcomes in the 2023/24 financial year.

HR

Employees in three positions were entitled to an annual cash salary of \$130,000 or more with one position in the \$140,000 to \$150,000 band, one in the \$150,000 - \$160,000 band and one in the \$180,000 - \$190,000 band

The CEO's total remuneration was \$266,907, with a cash salary within the range of \$180,000 - \$190,000 as listed above

Staff undertook the following professional development opportunities during 2022/23:

Basic Worksite Traffic Management	Records & Document Management Basics
 Professional Certificate in Asset Management Planning 	 Freedom of Information Fundamentals Series - Online

The Shire of York conducts the operations of a local government with the following community vision:

A vibrant and inviting agriculture, heritage and tourist town and a Shire community that is focussed on and works collaboratively to improve and promote the town and the Shire of York as a destination and wonderful place to live.

Principal place of business: 1 Joaquina Street York WA 6302

SHIRE OF YORK FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2023

Local Government Act 1995 Local Government (Financial Management) Regulations 1996

STATEMENT BY CEO

The accompanying financial report of the Shire of York has been prepared in compliance with the provisions of the *Local Government Act 1995* from proper accounts and records to present fairly the financial transactions for the reporting period ended 30 June 2023 and the financial position as at 30 June 2023.

At the date of signing this statement the particulars included in the financial report are not misleading or inaccurate.

Signed on the fifteenth (15th)

day of March

2024

A/Chief Executive Officer

Alina Behan

Name of A/Chief Executive Officer

Note 27	Reserve accounts	36
Note 28	Trust Funds	38

1. BASIS OF PREPARATION

The financial report of the Shire of York which is a Class 3 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

Local Government Act 1995 requirements
Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996 prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-forprofit entities) and interpretations of the Australian Accounting Standards Board except for disclosure requirements of:

- AASB 7 Financial Instruments Disclosures
- AASB 16 Leases paragraph 58
- AASB 101 Presentation of Financial Statements paragraph 61
- AASB 107 Statement of Cash Flows paragraphs 43 and 45
 AASB 116 Property, Plant and Equipment paragraph 79
- AASB 137 Provisions, Contingent Liabilities and Contingent Assets paragraph 85
- AASB 140 Investment Property paragraph 75(f)
 AASB 1052 Disaggregated Disclosures paragraph 11
- AASB 1054 Australian Additional Disclosures paragraph 16

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 Leases which would have required the Shire to measure any vested improvements at zero cost

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report,

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 28 of the financial report.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses,

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- · impairment of financial assets
- · estimation of fair values of land and buildings, and infrastructure.
- · estimation of fair value of provisions

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the

- AASB 2020-3 Amendments to Australian Accounting Standards -
- Annual Improvements 2018-2020 and Other Amendments

 AASB 2020-6 Amendments to Australian Accounting Standards Classification of Liabilities as Current or Non-current -Deferral of Effective Date
- AASB 2021-7a Amendments to Australian Accounting Standards
 Effective Date of Amendments to AASB 10 and AASB 128 and
- Editorial Corrections [general editorials]
- AASB 2022-3 Amendments to Australian Accounting Standards
- Illustrative Examples for Not-for-Profit Entitles accompanying AASB 15 Revenue from Contracts with Customers
- These amendments have no material impact on the current annual financial report

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years

- AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards -
- Classification of Liabilities as Current or Non-current AASB 2021-2 Amendments to Australian Accounting Standards -Disclosure of Accounting Policies or Definition of Accounting
- This standard will result in a terminology change for significant accounting policies
- AASB 2021-7c Amendments to Australian Accounting Standards Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128] amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards - Non-current Liabilities with Covenants
- AASB 2022-7 Editorial Corrections to Australian Accounting
- Standards and Repeal of Superseded and Redundant Standards AASB 2022-10 Amendments to Australian Accounting Standards - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

The amendment may result in changes to the fair value of non-financial assets. The impact is yet to be quantified. Except as described above these amendments are not expected to have any material impact on the financial report on initial application.

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/ Warranties	Timing of revenue recognition
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting		Output method based on project milestones and/or completion date matched to performance obligations
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management.	Single point in time	Full payment prior to issue	None	On payment of the licence, registration or approval
Fees and charges - facility entry fees	Permission to use facilities	Single point in time	Full payment prior to issue	None	On entry to facility

Consideration from contracts with customers is included in the transaction price.

Revenue Recognition

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2023

17	3,444,007	3,598,803
	7,390,886	8,003,482

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

4. OTHER FINANCIAL ASSETS

Non-current assets

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss

Units in Local Government House Trust - opening balance Movement attributable to fair value increment Units in Local Government House Trust - closing balance

2023	2022
\$	\$
81,490	73,807
81,490	73,807
73,807	73,807
7,683	0
81,490	73,807

Loans receivable from clubs/institutions have the same terms and conditions as the related borrowing disclosed in Note 26(a) as self supporting loans. Fair value of financial assets at fair value through profit or loss is determined from the net asset value of the units held in the Trust at balance date as compiled by WALGA.

SIGNIFICANT ACCOUNTING POLICIES

Financial assets at fair value through profit or loss

The Shire has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has elected to recognise as fair value gains and losses through profit or loss.

5. TRADE AND OTHER RECEIVABLES	Note	2023	2022

Total trade and other receivables from contracts with customers		247,523	304,162	78,171

SIGNIFICANT ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations as part of the ordinary course of business,

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers including grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

6. INVENTORIES

	46,329	34,223
The following movements in inventories occurred during the year:		
Balance at beginning of year	34,223	34,901
Inventories expensed during the year	(142,063)	(70,058)
Additions to inventory	154,169	69,380
Balance at end of year	46,329	34,223

SIGNIFICANT ACCOUNTING POLICIES

General
Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

7. ASSETS CLASSIFIED AS HELD FOR SALE

	Note 2023 2022	
	\$ \$	
Non-current assets held for sale		
Non-current assets held for sale	8 510,625	0
Impairment loss	2 (237,898)	0
	272.727	0

Land classified as held for sale

During the year council elected to dispose of St Patrick's Convent School - Lots 800-801, 25-27 South Street York. The land and building is to be disposed of by contract of sale, and was transferred to Non-current assets held for sale at the book value of \$510,625. As agreed sale value is \$272,727, an impairment loss was recognised at the 30 June 2023, of \$237,898.

SIGNIFICANT ACCOUNTING POLICIES Non-current assets held for sale

Assets are classified as held for sale where the carrying amount will be recovered through a sale rather than continuing use and the asset is available for immediate sale with a sale being highly probable.

Non-current assets held for sale (Continued)

Non-current assets classified as held for sale are valued at the lower of the carrying amount and fair value less costs to sell.

8. PROPERTY, PLANT AND EQUIPMENT

(a) Movements in Balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

8. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value					
Land and buildings					
Land	2	Market approach using recent observable market data for similar assets	Independent	June 2023	Price per square metre
Buildings	3	Cost approach using depreciated replacement cost	Independent	June 2023	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

9. INFRASTRUCTURE (Continued)

(b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value	nieraichy	valuation recinique	Dasis of Valuation	Valuation	niputs oseu
Infrastructure - roads	3	Cost approach using depreciated replacement cost	Management valuation	June 2022	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure - drainage	3	Cost approach using depreciated replacement cost	Management valuation	June 2022	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure - bridges	3	Cost approach using depreciated replacement cost	Management valuation	June 2022	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure - footpaths	3	Cost approach using depreciated replacement cost	Management valuation	June 2022	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure - other structures	3	Cost approach using depreciated replacement cost	Management valuation	June 2023	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

10. FIXED ASSETS

(a) Depreciation

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	40 to 100 years
Furniture and equipment	8 to 10 years
Plant and equipment	5 to 15 years
Intangible assets	5 years
Infrastructure roads	
- formation	not depreciated
- sealed pavement	5 to 55 years
- unsealed pavement	1 to 20 years
- subgrade	200 years
Infrastructure drainage	1 to 190 years
Infrastructure bridges	4 to 32 years
Infrastructure footpaths	1 to 34 years
Infrastructure other	6 to 100 years
Infrastructure parks and reserves	
Right-of-use assets - buildings	40 to 100 years

Revision of useful lives of plant and equipment

Following the revaluation of assets on the 30 June 2022, the Shire revised the remaining useful life of infrastructure road road components from 100 years to those listed above.

The impact of this is an increase in depreciation of \$2,873,468. The Shire believes these rates are appropriate.

10. FIXED ASSETS (Continued)

SIGNIFICANT ACCOUNTING POLICIES Fixed assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value (as indicated), less any accumulated depreciation and impairment losses.

Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with Financial Management Regulation 17A. Where acquired at no cost, the asset is initially recognised at fair value. Assets held at cost are depreciated and assessed for indicators of impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair. They are subject to subsequent revaluation at the next revaluation date consistent with Financial Management Regulation 17A(4).

Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

At the end of each period, the carrying amount for each asset class is reviewed and, where appropriate, the fair value is updated to reflect current market conditions consistent with Financial Management Regulation 17A(2) which requires land, buildings infrastructure, investment properties and vested improvements to be shown at fair value.

Revaluation (continued)

For property, plant and equipment and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss. Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairment

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Comprehensive Income in the period in which they arise.

11. LEASES

Right-of-Use Assets

Movement in the balance of each class of right-of-use asset between the beginning and the end of the current financial year.	Right-of-use assets - buildings	Right-of-use assets Total

Total amount recognised in the statement of comprehensive income	(28,058)	(28,047)

SIGNIFICANT ACCOUNTING POLICIES

Leases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the

397,968	397,492
9,436	11,396
1,056,957	1,370,032

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

13. OTHER LIABILITIES

Current

Capital grant/contributions liabilities

The Shire expects to satisfy the performance obligations, from contracts with customers unsatisfied at the end of the reporting period, within the next 12 months.

Reconciliation of changes in capital grant/contribution liabilities

	858,734	1,013,530

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

SIGNIFICANT ACCOUNTING POLICIES

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

14. BORROWINGS

	2023	2022		
	Note Current Non-current Total	Current	Non-current	Total
Secured	\$ \$ \$	\$	\$	\$

Secured liabilities and assets pledged as security

Debentures are secured by a floating charge over the assets of the Shire of York.

The Shire of York has complied with the financial covenants of its borrowing facilities during the 2023 and 2022 years.

SIGNIFICANT ACCOUNTING POLICIES Borrowing costs

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

Risk

Details of individual borrowings required by regulations are provided at Note 26(a).

15. EMPLOYEE RELATED PROVISIONS

Employee Related Provisions

	2023	2022
Current provisions	\$	\$
Employee benefit provisions	202 100	440.070

	146,813	98,316
Total non-current employee related provisions	146,813	98,316
Total employee related provisions	892,141	922,181

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period.

Expected reimbursements of employee related provisions from other WA local governments included within other receivables

5 37,410 46,839

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

17. RESTRICTIONS OVER FINANCIAL ASSETS

	Note	2023 Actual	2022 Actual
The following classes of financial assets have restrictions imposed by regulations or other externally imposed requirements which limit or direct the purpose for which the resources may be used:		\$	\$
- Cash and cash equivalents	3	3,444,007	3,598,803
		3,444,007	3,598,803
The restricted financial assets are a result of the following specific purposes to which the assets may be used:			
Restricted reserve accounts	27	2,585,273	2,585,273
Capital grant liabilities	13	858,734	1,013,530
Total restricted financial assets		3,444,007	3,598,803
18. UNDRAWN BORROWING FACILITIES AND CREDIT STANDBY ARRANGEMENTS			
Bank overdraft limit		200,000	200,000
Credit card limit		10,000	10,000
Credit card balance at balance date	\$	(1,818)	(1,654)
Total amount of credit unused		208,182	208,346
Loan facilities			
Loan facilities - current		207,801	197,908
Loan facilities - non-current		967,207	1,175,008
Total facilities in use at balance date		1,175,008	1,372,916
Unused loan facilities at balance date		0	0

19. CONTINGENT LIABILITIES

The Shire of York has identified the following sites in relation to land owned, vested or leased that is known to be or suspected of being contaminated. At the date of this report the value and timing of remediation has not been ascertained.

- 4, 5, 6, 36 and 38 Avon Terrace, York 6302 comprising of lots 2, 3, 4, 5 and 6 Avon Terrace.
- 15 Redmile Road, York 6302 comprising of lot 13 Redmile Road.

All other council member's meeting attendance fees		63,311	68,488	67,662
All other council member's ICT expenses		8,076	10,100	8,592
All other council member's annual allowance for ICT expenses		0	0	323
All other council member's travel and accommodation expenses		250	0	0
·		71,637	78,588	76,577
	21(b)	131,382	138,877	135,714

(b) Key Management Personnel (KMP) Compensation

The total of compensation paid to KMP of the	2023 Note Actual	2022 Actual
Shire during the year are as follows:	\$	\$
Short-term employee benefits	644,978	625,632
Post-employment benefits	59,946	59,564
Employee - other long-term benefits	60,047	11,668
Employee - termination benefits	2,297	0
Council member costs	21(a) 131,382	135,714
	898,650	832,578

Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

Post-employment benefits

These amounts are the current-year's cost of the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

Termination benefits

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

21. RELATED PARTY TRANSACTIONS

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guarantees exist in relation to related parties at year end.

In addition to KMP compensation above the following transactions	2023	2022
occurred with related parties:	Actual	Actual
	\$	\$
Sale of goods and services	0	0
Purchase of goods and services	0	0

Related Parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel and are detailed in Notes 21(a) and 21(b)

ii. Other Related Parties

Outside of normal citizen type transactions with the Shire, there were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

ili. Entities subject to significant influence by the Shire

There were no such entities requiring disclosure during the current or previous year.

22. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

There were no events that occurred at the end of the reporting period.

23. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented

e) Budget comparative figures Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution

g) Fair value of assets and liabilities

air value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date;

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use

h) Interest revenue Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 Fair Value Measurement requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3

Measurements based on unobservable inputs for the asset or liability

The fair values of assets and liabilities that are not traded in an active market are datermined using one or more valuation techniques. These valuation techniques maximise to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data; the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset,

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 Property, Plant and Equipment) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

27. RESERVE ACCOUNTS

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

	Name of reserve account	Purpose of the reserve account
	Restricted by council	
(a)	Leave reserve	To fund annual and long service leave requirements.
(b)	Plant reserve	To be used to fund plant purchases or major capital repairs.
(c)	Land & Infrastructure reserve	For the purpose of funding the purchase of land and or buildings or the construction of buildings.
(d)	Avon river maintenance reserve	To maintain and protect the Avon River and its environs.
(e)	Industrial land reserve	For the continued development and expansion of an industrial subdivision within the Shire.
(f)	Refuse site reserve	To be used for ongoing maintenance and development of Council's waste management facilities.
(g)	Centennial garden reserve	To be used for further expansion and capital repairs of the existing units.
(h)	Forrest Oval Lights reserve	To provide for the replacement and upgrading of the oval lights.
(i)	Bowls Synthetic surface reserve	To provide for the future replacement of bowls synthetic surface.
(j)	Pioneer Memorial Lodge reserve	To finance capital improvements and extensions to the seniors village (funded by the operational surplus of the Lodge).
(k)	Carparking reserve	To fund the management and control of parking facilities in accordance with Councils Parking Plan.
(1)	Building reserve	For the construction and major capital improvements to all Council buildings.
(m)	Disaster reserve	A contingency reserve to help fund recovery from any natural disaster.
(n)	Tennis Synthetic surface reserve	To provide for the future replacement of tennis synthetic surface.
(o)	Tied grant funds reserve	To segregate grant funds provided for specific projects until those projects are carried out.
(p)	RSL Memorial reserve	To provide for the upgrading of the RSL Memorial.
(q)	Greenhills Townsite development reserve	To provide funds to enhance the amenity and economic potential of the Greenhills Townsite with such funds to be expended in.
(r)	Roads reserve	To provide for future road resealing requirements.
(\$)	Swimming Pool reserve	To provide for the maintenance and upgrade of the swimming pool.
(t)	Recreation reserve	To be used to fund capital improvements and ongoing development of recreational facilities, including sporting facilities, halls and trails.
(u)	Bridge reserve	To provide for the maintenance of bridges.

INDEPENDENT AUDITOR'S REPORT 2023 Shire of York

To the Council of the Shire of York

Opinion

I have audited the financial report of the Shire of York (Shire) which comprises:

- the Statement of Financial Position as at 30 June 2023, and the Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and Statement of Financial Activity for the year then ended
- Notes comprising a summary of significant accounting policies and other explanatory information.

In my opinion, the financial report is:

- based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2023 and its financial position at the end of that period
- in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2023, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to

the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements,* the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of York for the year ended 30 June 2023 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.

Grant Robinson Assistant Auditor General Financial Audit Delegate of the Auditor General for Western Australia Perth, Western Australia 15 March 2024
