

Shire of York

## **KIDSPORT 2013**

Great take up of this sport and recreation initiative in 2013 with 111 registrations lodged and \$10,719 being paid for club memberships, equipment and clothing purchases.

York had the third highest take-up of the 40 participating Local Governments in the Wheatbelt behind Narrogin and Northam.

It is fantastic to see this level of support for children to become involved in sport and recreation through the funding and support provided by the Department of Sport & Recreation.

Processes for 2014 will be in place and advertised in the near future.

Further information may be obtained from Anneke or Gail at the Shire Office.
